OPEN NATIONAL INVITATION TO TENDER

**N°12/ONIT/MINMAP/RDNW/DDB/BDTB/2018 OF 22ND MAY 2018 FOR THE
CONSTRUCTION OF A BLOCK OF TWO (02) CLASSROOMS AT CNFZVH-JAKIRI IN
BUI DIVISION, NORTH WEST REGION.
(EMERGENCY PROCEDURE)**

1. Subject of the invitation to tender:

Within the framework of the 2018 Public Investment Budget (PIB), the Divisional Delegate for Public Contracts Bui "Contracting Authority" hereby Re-launches by emergency procedure an open National Invitation to tender for the construction of a block of two (02) classrooms at CNFZVH-JAKIRI in Bui Division. This invitation to tender follows:

Lot N°	Project	Locality	Amount for bid bond	Project Amount	Budget Heads	Duration in months
01	Construction of a block of Two (02) classrooms at CNFZVH-Jakiri	CNFZVH-JAKIRI - Jakiri Sub Division	400 000	20 000 000	52 31 411 05 591626 2222 959	03

2. Nature of services

Work to be done consists of constructing a block of two (02) classrooms at CNFZVH-Jakiri in Bui Division. The works include the following:

- Lot 100: Preparatory works and studies
- Lot 200: Earth Works
- Lot 300: Foundation
- Lot 400: Block work in elevation
- Lot 500: Carpentry works
- Lot 600: Metallic works
- Lot 700: Electricity
- Lot 800: Painting
- Lot 900: Drainage works and pavement
- Lot 1000: Hygien and Environmental Protection

3. Execution deadline

The maximum execution deadline shall be three (03) calendar months, including the rainy season and other vagaries, with effect from the date of notification of the administrative order of commencement works.

4. Participation and origin:

Participation in this invitation to tender is open to Cameroonian enterprises that are in compliance with the fiscal laws and having a good experience in the domain concerned.

5. Financing

The said Works shall be financed by the Public Investment Budget (PIB) of the MINEPIA for the 2018 financial year assigned to the Director of **CNFZVH-Jakiri**, Authorizing officer with Budget Heads N°.52 31 411 05 591626 2222 959.

6. Bid Bond:

Each bidder should include in his administrative document, a bid bond of **FCFA 400 000 [Four Hundred Thousand CFA francs for each lot]** issued by a first rate-bank approved by the Ministry in charge of Finance in conformity with COBAC conditions.

Against the risk of being rejected, only originals or true copies certified by the issuing service or administrative authorities of the administrative document required, including the bid bond, shall imperatively be produced in accordance with the Special Conditions of the invitation to tender. They shall neither be older than three (03) months nor be produced before the signing of the tender notice.

Any offer not in conformity with the prescriptions of this notice and tender file shall not be accepted, especially the absence of a bid bond issued by a first rate-bank, approved by the Ministry in charge of Finance, or the non-respect of the model of the tender file documents, shall lead to a pure and simple rejection of the offer without any appeal being entertained

7. Consultation of tender file:

Interested eligible bidders may obtain further information during working hours as from the date of publication of this tender notice, at the Divisional Delegation of Public Contracts Bui. Tel: **233 221 584/233 221 574**

8. Acquisition of tender file:

The file may be obtained at the Divisional Delegation of Public Contracts Bui, at the Service for the Award of Public Contracts, Telephone **N° 233 221 584/233 221 574** as soon as this notice is published against payment of a non- refundable sum of **(40 000) Forty thousand FCFA francs**, payable at any Public Treasury representing the cost of purchasing the tender file.

9. Submission of Bids:

Each offer drafted in English or French in 07 (Seven) copies including 01 (one) original and 06 (six) copies marked as such, should reach the Divisional Delegation of Public Contracts Bui, not later than **13TH June 2018 at 10.00 am** local time. It should be labelled as follows:

"OPEN NATIONAL INVITATION TO TENDER

**N°12/ONIT/MINMAP/RDNW/DDB/BDTB/2018 OF 22ND MAY 2018 FOR THE
CONSTRUCTION OF A BLOCK OF TWO (02) CLASSROOMS AT CNFZVH-JAKIRI IN
BUI DIVISION, NORTH WEST REGION.**

TO BE OPENED ONLY DURING THE BID OPENING SESSION"

10. Admissibility of bids

Under penalty of being rejected, only originals or true copies certified by the issuing service must imperatively be produced in accordance with the Special Regulations of the invitation to tender.

They must obligatorily not be older than three (3) months preceding the date of submission of bids or may be established after the signature of the tender notice

Any bid not in compliance with the prescriptions of the Tender File shall be declared inadmissible. This refers especially to the absence of a bid bond issued by a first-rate bank approved by the Minister in charge of Finance

11. Opening of bids

The bids shall be opened in single phase. The opening of the Administrative documents, Technical and Financial offers shall take place on the **13TH June 2018 at 11 am** local time, by the Divisional Tenders Board in the Conference Hall of the Divisional Delegation MINMAP Bui.

Only bidders may attend or be represented by duly mandated persons of their choice.

12. Evaluation criteria

There are two types of evaluation criteria: eliminatory and essential criteria. [The aim of these criteria is to identify and reject incomplete bids or bids not in conformity with the essential conditions laid down in the Tender File.

i. Eliminatory criteria

Eliminatory criteria fix the minimum conditions to be fulfilled to be admitted for evaluation according of the essential criteria. The non-respect of these criteria leads to the rejection of the bid made by the bidder.

They refer especially to:

- Absence of an administrative document;
- Bids submitted after the deadline or time limit,
- Absence of the bid bond or bid bond not issued directly in bidder's name by a first rate bank approved by the Ministry in charge of Finance.
- Deadline for delivery higher than prescribed;
- False declaration or forged documents;
- Bids submitted in unsealed external envelopes,
- A bid with the external envelope carrying a sign or mark leading to the identification of the bidder.
- Incomplete financial file.
- Technical assessment mark lower than **80%** of "Yes".
- Absence of quantified unit price,
- Financial situation below a third of the estimated cost,
- Bidders who have abandoned a project within the last two previous years.

ii. Essential criteria

Essential criteria are primordial in the judgment of the technical and financial capacity of candidates to execute the works forming the subject of the invitation to tender.

The criteria relating to the qualification of candidates are based on the following:

- General presentation of the tender files;
- References of the company in similar achievements;
- Experience of supervisory staff ;
- Logistics (Equipment);
- Methodology;
- Financial capacity;
- Attestation of site visit signed by the Contractor

- Report of site visit signed by the Contractor
- The Special Technical Clauses (STC). (Each page should be initialed and the last page signed and stamped)
- Special Administrative Clauses completed (each page should be initialed and the last page signed and stamped);
- Pre – Financing capacity **not less than 80%** of the amount required in the offer

The essential criteria are subjected to minima whose detail is given in the Special Regulation of the Invitation to tender (RPAO).

iii Main qualification criteria

The criteria relating to the qualification of candidates could be indicative on the following:

The essential criteria are subjected to minima whose detail is given in the Special Tender Regulation (RPAO).

This evaluation shall be done in a purely binary method with a (yes) or a (no) with an acceptable minimum of **80%** of the essential criteria taken in to account.

The contract will be awarded to the bidder who would have proposed the offer with the lowest amount, in conformity with the regulations of the Tender Documents and having scored **100%** of the eliminatory criteria and at least **80%** of the essential criteria

13. Award of the jobbing order

The jobbing order shall be awarded to the bidder whose bid is in conformity with the dispositions of the tender file and on the basis of the lowest bid and technical quality. (See article 33 of the public contracts code).

14. Period of validity of bids

The bidders shall remain committed to their offers during a period of (ninety) 90 days from the deadline set for the submission of bids.

15. Complementary information

Complementary technical information may be obtained during working hours at the Divisional Delegation , **Service of award of Public Contracts.**

16. Delivery deadline

The maximum execution deadline provided for by the Contracting Authority shall be ninety (90) days maximum, as from the date of notification of the service order.

Le délai global d'exécution des travaux est de trois (03) mois calendaires. Ce délai comprend les périodes des pluies, toutes les intempéries et sujétions diverses et court à compter de la date de notification de l'ordre de service de commencer les travaux.

4. Participation et origine :

La participation au présent Appel d'Offres est ouverte aux entreprises de droit camerounais ayant une expérience avérée dans le domaine concerné et ayant réalisé des opérations similaires.

5. Financement :

Les prestations, objet du présent Appel d'Offres, sont financées par le budget d'investissement public (BIP) - exercice 2018 du Ministère des Enseignements secondaires,

6. Cautionnement provisoire

Chaque soumissionnaire devra joindre à ses pièces administratives, une caution de soumission de **FCFA 400 000 (Quatre cent Mille)** Par Lot, établie par une institution bancaire de premier ordre agréée par le Ministère en charge des Finances aux conditions de la COBAC.

Sous peine de rejet, les autres pièces administratives requises devront être impérativement produites en originaux ou en copies certifiées conformes par le service émetteur ou une autorité administrative (Préfet, Sous – préfet.....), conformément au listing prévu au Règlement Particulier de l'Appel d'Offres (R.P.A.O). Elles devront obligatoirement être datées de moins de trois (03) mois ou avoir été établies postérieurement à la date de signature de l'Avis d'Appel d'Offres.

Toute offre non conforme aux prescriptions du présent avis et du Dossier d'Appel d'Offres sera déclarée irrecevable. Notamment, l'absence de caution de soumission délivrée par une banque de premier ordre agréée par le Ministère chargé des Finances ou le non respect des modèles des pièces du Dossier d'Appel d'Offres, entraînera le rejet pur et simple de l'offre.

7. Consultation du Dossier d'Appel d'Offres.

Le Dossier d'Appel d'Offres peut être consulté aux heures ouvrables à la délégation départementale de marches publiques du Bui, Service de Passation des Marchés Publics Tél. **Tel: 233 221 584/233 221 574**
Dès publication du présent Avis.

8. Acquisition du Dossier d'Appel d'Offres :

Le Dossier d'Appel d'Offres peut être obtenu à la délégation départementale des marches publics du Bui , Service de Passation des Marchés Publics Tél. : **Tel: 233 221 584/233 221 574**
dès publication du présent avis, contre présentation d'une quittance de versement acquise auprès d'une trésorerie publique du territoire camerounais de la somme non remboursable de **FCFA(40.000) Quarante Mille Francs** représentant les frais d'achat du dossier.

9. Remise des offres :

Chaque offre, rédigée en français ou en anglais en Sept (07) exemplaires dont un (1) original et Six (6) copies marquée comme telle, devra parvenir contre récépissé à la délégation départementale des marches publics du Bui , Service de Passation des Marchés Publics au plus tard le **13 Juin 2018**, heure locale et devra porter la mention suivante :

**« AVIS D'APPEL D'OFFRES NATIONAL OUVERT
N°12/AONO/MNMAP/DRNO/DDB/CDPMB/2018 DU 22 MAI 2018 POUR LES TRAVAUX DE
CONSTRUCTION D'UN BLOC DE DEUX (02) SALLES DE CLASSES AU CNFZVH-JAKIRI, DANS LE
DEPARTEMENT DU BUI, RÉGION DU NORD OUEST.
«A N'OUVRIRE QU'EN SEANCE DE DEPOUILLEMENT»**

10 Recevabilité des offres

Sous peine de rejet, les pièces du dossier administratif requises doivent être produites en originaux ou en copies certifiées conformes par le service émetteur conformément aux stipulations du Règlement Particulier de l'Appel d'Offres.

Elles doivent dater de moins de trois (03) mois précédant la date originale de dépôt des offres ou avoir été établies postérieurement à la date de signature de l'Avis d'Appel d'Offres.

Toute offre incomplète conformément aux prescriptions du Dossier d'Appel d'Offres sera déclarée irrecevable. Notamment l'absence de la caution de soumission délivrée par une banque de premier ordre agréée par le Ministère chargé des Finances.

11. Ouverture des offres :

L'ouverture des plis se fera en un temps. L'ouverture des pièces administratives, des offres techniques et financières aura lieu **le 13 Juin 2018 à 11 heure locale**, par la Commission départementale de Passation des Marchés Publics, siégeant en présence des soumissionnaires ou de leurs représentants dûment mandatés et ayant une parfaite connaissance du dossier, dans la salle de conférence de la délégation départementale des marchés publics du Bui.

12. Critères d'évaluation :

Les critères d'évaluation sont constitués de deux types : les critères éliminatoires et les critères essentiels. Ces critères ont pour objet d'identifier et de rejeter les offres incomplètes ou non conformes pour l'essentiel aux conditions fixées dans le Dossier d'Appel d'Offres

i Critères éliminatoires

Les critères éliminatoires fixent les conditions minimales à remplir pour être admis à l'évaluation suivant les critères essentiels. Le non-respect de ces critères entraîne le rejet de l'offre du soumissionnaire.

Il s'agit notamment:

- Absence d'une pièce administrative,
- Remise des offres après heure indiquée,
- absence d'un prix unitaire quantifié,
- évaluation de l'offre technique à moins de 80% de oui,
- Délai d'exécution supérieure à celui prescrit (supérieur à trois mois) ;
- Fausses déclarations ou pièces falsifiées;
- Absence ou insuffisance de la caution provisoire de soumission ;
- Offres dont l'enveloppe extérieure porte des mentions permettant l'identification du Soumissionnaire;
- Tout soumissionnaire ayant abandonné un projet au cours des deux précédentes années
- Offres continues dans une enveloppe non scellée
- Offre financière incomplète
- Absence de la caution de garantie estampillée au nom du responsable de l'entreprise par une banque agréée par le ministère des finances

ii Critères essentiels

Les critères dits essentiels sont ceux primordiaux ou clés pour juger de la capacité technico-financière des candidats à exécuter les travaux, objet de l'appel d'offres.

Les critères essentiels de qualification sont tel qu'il suit ;

- Présentation générale de l'offre ;
- Références de l'entreprise dans les réalisations similaires ;
- Qualité du personnel clé ;
- Moyens logistiques ;

- Méthodologie ;
- Capacité financière ;
- Attestation de visite du site signé par le responsable de l'Entreprise;
- Rapport de visite du site signé par le responsable de l'Entreprise
- Cahier des Clauses Techniques Particulières paraphé à chaque page, signée et cachetée à la fin ;
- Cahier des Clauses Administratives Particulières complété, paraphé à chaque page et signée à la fin ;
- Attestation de surface financière **supérieure ou égale 80%** du montant de l'offre

Les critères essentiels sont soumis à des minima dont le détail est donné dans le Règlement Particulier de l'Appel d'Offres (RPAO).

iii Critères de qualification

Cette évaluation se fera de manière purement positive (oui) ou négative (non) avec un minimum acceptable d'au moins **80%** de l'ensemble des critères essentiels pris en compte.

Le marché sera attribué au soumissionnaire qui aura proposé l'offre la moins disante, conforme pour l'essentiel aux prescriptions du Dossier d'Appel d'Offres, ayant satisfait à 100% des critères éliminatoires et au moins **80%** des critères essentiels.

13. Attribution de la lettre commande

La lettre commande sera attribuée au soumissionnaire dont l'offre est conforme pour l'essentiel aux dispositions du Dossier d'Appel d'Offres, et qui aura présenté l'offre évaluée la moins-disante et techniquement qualifiée, conformément à l'article 33 du Code des lettre commande Publique.

14. Délai de validité des offres

Les soumissionnaires restent engagées par leurs offres pendant une période de quatre -vingt -dix (90) jours, à compter de la date limite fixée pour la remise des offres

15. Renseignements complémentaires :

Les renseignements complémentaires d'ordre technique peuvent être obtenus auprès de la Délégation Départemental - Service de Passation des Marchés Publics.

GENERAL RULES OF THE INVITATION TO TENDER

Article 1: Scope of the tender

- 1.1 The Contracting Authority as defined in the Special Regulations of the invitation to tender hereby launches an invitation to tender for the construction and/or completion of the works described in the Tender File and briefly described in the Special Regulations.
The name, identification number and number of lots which form the subject of the invitation to tender feature in the Special Regulations of the invitation to tender.
- 1.2 The bidder retained or the successful bidder shall complete the works within the time-limit indicated in the Special Regulations and which time-limit runs from the date of notification of the Administrative Order or that indicated in the said Administrative Order.
- 1.2 In this Tender File; the term "day" means a calendar day.

Article 2: Financing

The source of financing of the works forming the subject of this invitation to tender shall be specified in the Special Regulations.

Article 3: Fraud and corruption

3.1 The Contracting Authority requires of bidders and contractors the strict respect of rules of professional ethics during the award and execution of public contracts. By virtue of this principle:

- a) The following definitions shall be admitted:
- I. Shall be guilty of "corruption" whoever offers, gives, requests or accepts any advantage in view of influencing the action of a public official during the award or execution of a contract;
 - II. Is involved in "fraudulent manoeuvres" whoever deforms or distorts facts in order to influence the award or execution of a contract;
 - III. "Collusive practices" shall mean any form of agreement between two or among several bidders (whether the Contracting Authority is aware or not) aimed at artificially maintaining the prices of bids at levels not corresponding to those resulting from competition;
 - IV. "Coercive practices" shall mean any form of harm against persons or their property or threats against them in order to influence their action during the award or execution of a contract.
- b) Any proposed award shall be rejected if it is proved that the proposed preferred bidder is directly or through an intermediary, guilty of corruption or is involved in fraudulent manoeuvres, collusive or coercive practices for the award of this contract.
- 3.2 The Minister Delegate at the Presidency in charge of public contracts may, as a precaution, take a decision of exclusion from bidding for a period not exceeding two (2) years against any bidder found guilty of influence peddling, of conflicts of interest, insider trading, fraud, corruption or production of non-genuine documents in the bid, without prejudice to criminal proceedings that may be brought against him.

Article 4: Candidates allowed to compete.

- 4.1 If the invitation to tender is restricted, consultation is addressed to all candidates retained after a pre-qualification procedure.
- 4.2 Generally, the invitation to tender is addressed to all entrepreneurs, subject to the following provisions:

- (a) A bidder (including all members of a group of enterprises and all sub-contractors to the bidder) must be from an eligible country, in accordance with the funding agreement.
- (b) A bidder (including all members of a group of enterprises and all sub-contractors to the bidder) must not be in a situation of conflict of interest, subject to disqualification. A bidder shall be judged to be in a situation of conflict of interest if he:
 - i) is or was associated in the past with an enterprise (or a subsidiary of this enterprise) which provided consultancy services for the conception, preparation of specifications and other documents used within the scope of contracts awarded for this invitation to tender; or
 - ii) Presents more than one bid within the context of invitation to tender, except authorised variants according to article 17, where need be; meanwhile, this does not prevent the participation of sub-contractors in more than one bid.
 - iii) The Contracting Authority or Project Owner has financial interests in the capital in a way as to compromise the transparency of the procedures of award of public contracts.
- (c) The bidder must not have been excluded from bidding for public contracts.
- (d) A Cameroonian public enterprise may participate in the consultation if it can demonstrate that it is (i) legally and financially autonomous, (ii) managed according to commercial laws and (iii) not under the direct supervisory authority of the Contracting Authority or Project Owner.

Article 5: Building materials, materials, supplies, equipment and authorised services

- 5.1 Building materials, the contractor's materials, supplies, equipment and services forming the subject of this contract must originate from countries meeting the criteria of origin defined in the Special Regulations of the invitation to tender and all expenditure done within the context of the contract shall be limited to the said building materials, materials, supplies, equipment and services.
- 5.2 Within the meaning of this 5.1 above, the term "originate" shall designate the place where the goods are extracted, cultivated, produced, manufactured and from where the services originate.

Article 6: Qualification of bidder

- 6.1 As an integral part of their bid, bidders must:

- (a) submit a power of attorney making the signatory of the bid bound by the bid; and
- (b) Provide all information (complete or update information included in their request for pre-qualification which may have changed in the case where the candidates took part in pre-qualification) requested of bidders in the Special Regulations of the invitation to tender, in order to establish their qualification to execute the contract.

Where necessary, bidders should provide information relating to the following points:

- (i) The production of certified balance sheets and recent turnovers;
 - (ii) Access to a line of credit or availability of other financial resources;
 - (iii) Orders acquired and contracts awarded;
 - (iv) Pending litigations; and
 - (v) Availability of indispensable equipment.
- 6.2 Bids presented by two or more associated undertakings (joint-contracting) must satisfy the following conditions:

- (a) The bid must include all the information listed in article 6(1) above. The Special Regulations must indicate the information to be furnished by the group and that to be furnished by each member of the group;
- (b) The bid and the contract must be signed in a way that is binding on all members of the group;
- (c) The nature of the group (joint or several) must be specified in the Special Regulations and justified with the production of a joint venture agreement in due form;
- (d) The member of the group designated as the representative will represent all the undertakings vis à vis the Project Owner and Contracting Authority with regard to the execution of the Contract;
- (e) In case of joint co-contracting, the co-contractors shall share the sums which are paid by the Project Owner into a single account. On the other hand, each undertaking is paid into its own account by the Project Owner where it is joint co-contracting.

6.3 Bidders must equally present sufficiently detailed proposals to demonstrate that they comply with the technical specifications and execution time-limits set in the Special Regulations of the invitation to tender.

6.4 Bidders requesting to benefit from the margin of preference must furnish all the necessary information to prove that they satisfy the eligibility criteria set in article 33 of the General Regulations of the invitation to tender.

Article 7: Visit of works site

7.1 The bidder is advised to visit and inspect the site and its environs and obtain by himself and under his own responsibility, all the information which may be necessary for the preparation of the bid and the execution of the works. The related cost of the visit of the site shall be borne by the bidder.

7.2 The Project Owner shall authorise the bidder and his employees or agents to enter the premises and the land for the said visit but only on the express condition that the bidder, his employees and agents free the Project Owner, his employees and agents of any responsibility that may ensue and indemnify them if necessary and that they shall remain responsible for any deadly or corporal accident, loss or material damages, costs and fees incurred from this visit.

7.3 The Project Owner may organise a visit of the site of the works during the preparatory meeting to establishing the bids mentioned in article 19 of the General Regulations of the invitation to tender.

B. Tender File

Article 8: Content of Tender File

8.1 The Tender File describes the works forming the subject of the contract, sets the consultation procedure of contractors and specifies the terms of the contract. Besides the addendum (addenda) published in accordance with article 10 of the General Regulations of the invitation to tender, it includes the following documents:

- Document No. 1. The letter of invitation to tender (for restricted invitation to tender);
- Document No. 2. The tender notice;
- Document No. 3. The General Regulations of the invitation to tender;
- Document No. 4. The Special Regulations of the invitation to tender;
- Document No. 5. The Special Administrative Conditions;
- Document No. 6. The Special Technical Conditions;
- Document No. 7. The schedule of unit prices;
- Document No. 8. The bill of quantities and estimates;
- Document No. 9. The sub details of unit prices;
- Document No. 10. Model documents of the contract:
 - a. The execution schedule;
 - b. Model of forms presenting the equipment, personnel and references;
 - c. Model bidding letter;
 - d. Model bid bond;
 - e. Model final bond;
 - f. Model of bond of start-off advance;
 - g. Model of guarantee in replacement of the retention fund;

h. Model contract;

Document No. 11. Models to be used by bidders;

a. Model contract;

Document No. 12. Justifications of preliminary studies; to be filled by the Project Owner or Delegated Project Owner;

Document No. 13. List of first grade banking establishments or financial institutions approved by the Minister in charge of Finance authorised to issue bonds for public contracts to be inserted by the Contracting Authority.

8.2 The bidder must examine all the regulations, forms, conditions and specifications contained in the Tender File. It is up to him to furnish all the information requested and prepare a bid in compliance with all aspects of the said file.

Article 9: Clarifications on the Tender File and complaints

9.1 Any bidder who wants to obtain clarifications on the Tender File may request them from the Contracting Authority in writing or by electronic mail (fax or e-mail) at the Contracting Authority's address indicated in the Special Regulations of the invitation to tender and send a copy to the Project Owner. The Contracting Authority replies in writing to any request for clarification received at least fourteen (14) days prior to the deadline for the submission of bids.

A copy of the Contracting Authority's response, indicating the question posed but not mentioning the author, is addressed to all bidders who bought the Tender File.

9.2 Between the publication of the tender notice including the pre-qualification phase of candidates and the opening of bids, any bidder who feels aggrieved in the public contracts award procedure may lodge a complaint to the Minister in charge of Public Contracts.

9.3 A copy of the complaint should be addressed to the Contracting Authority and to the body in charge of the regulation of public contracts and the chairperson of the Tenders Board.

9.4 The Contracting Authority has five (5) days to react. A copy of the reaction shall be forwarded to MINMAP and the body in charge of the regulation of public contracts.

Article 10: Amendment of the Tender File

10.1 The Contracting Authority may at any moment, prior to the deadline for the submission of bids and for any reason, be it at his initiative or in reply to a request for clarification formulated by a bidder, amend the Tender File by publishing an addendum.

10.2 Any published addendum shall be an integral part of the Tender File, in accordance with article 8.1 of the General Regulations of the invitation to tender and must be communicated in writing or made known by a traceable means to all bidders who bought the Tender File.

10.3 In order to give bidders sufficient time to take account of the addendum in the preparation of their bids, the Contracting Authority may postpone as is necessary, the deadline for the submission of bids, in accordance with provisions of article 22 of the General Regulations of the invitation to tender.

C Preparation of bids

Article 11: Tender costs

The candidate shall bear the costs related to the preparation and presentation of his bid and the Contracting Authority and the Project Owner shall in no case be responsible for these costs nor pay for them whatever the evolution or outcome of the invitation to tender procedure.

Article 12: Language of bid

The bid as well as any correspondence and any document exchanged between the bidder and the Contracting Authority shall be written in English or French. Complementary documents and the forms provided by the bidder may be written in another language on condition that a precise translation into either English or French of the passages concerning the bid is included; in which case for reasons of interpretation, the translation shall be considered to be authentic.

Article 13: Constituent documents of the offer

13.1 The offer presented by the bidder shall include the documents detailed in the Special Regulations of the invitation to tender, duly filled and put together in three volumes:

Volume I: Administrative documents

They include:

I. All documents stating that the bidder:

- Has complied with all declarations provided for by the laws and regulations in force;
- Is current with his taxes, contributions, fees or levies of any kind whatsoever;
- Is not in a State of liquidation or bankruptcy;
- Is not struck by one of the prohibitions and disqualifications criteria provided for by the legislation in force.

II. Bid bond(s) issued is are in conformity with the provisions of article 15 of the present RGAO;

III. A written confirmation authorizing the signatory of the offer to engage the bidder

IV. The CCAP is duly initialled on each page and signed on the last page.

V. Localization plan is duly signed by the authority concern.

b. Volume II: Technical Offer

It includes:

I. References of the company (the contractor will provide contracts or Jobbing orders for similar work carried out as well as related minutes of reception);

II. Personnel: the contractor will present the competent technical staff and workers he intends to employ before the beginning of the work (attach to each staff CV signed by the candidate, certified copy of technical diploma attestation of presentation of original of the technical diploma, and the attestation of availability signed by the candidate);

III. Site equipment: The contractor shall justify the ownership and the State of the equipment necessary for the performance of the work (providing registration certificates, invoices and certificates of road worthiness (visit technique) of rolling equipment;

IV. The technical note on the methodology of intervention of the work: the company will produce a technical note dated and signed providing all the information concerning the mode of execution of the works, the execution plan of the expected output, provision of materials or site materials, the potential advantages in terms of safety of the environment and the Organization of the company,

V. Attestation of site visit and the site visit report;

VI The CCTP duly initialled on each page and signed on the last page

Vii Attestation of solvency of the contractor.

c. Volume 3: Financial offer

It includes:

I. The submission letter, in original drafted according to the model attached, stamped at the rate in force, signed and dated;

II. The unit price schedule duly completed, with an indication of the unit price excluding VAT in letters and figures;

III. Detail Bill of Quantities and cost estimate of the work completed;

IV. Sub-details of the different prices according to the model attached;

In this regard, the bidders will use the documents and models provided in the Tender File, subject to the provisions of article 17(1) of the General Regulations of the invitation to tender concerning the other possible forms of guarantees.

- 13.2 If in accordance with the provisions of the Special Regulations of Invitation to Tender, the bidders present offers for several lots of the same invitation to tender, they could indicate rebates offered in case of award of more than one lot.

Article 14: Bid price

- 14.1 Except otherwise stated in the Tender File, the amount of the contract shall cover all the works described in article 1.1 of the General Regulations of the invitation to tender, on the basis of the price schedule and the detailed bill of quantities and estimates presented by the bidder .
- 14.2 The bidder shall fill the unit prices and totals of all items on the schedule and bill of quantities and estimates.
- 14.3 Subject to contrary provisions provided for in the Special Regulations and in the Special Administrative Conditions, all dues, taxes and fees payable by the bidder on grounds of the contract or on any other ground, thirty (30) days prior to the submission of the bids, shall be included in the prices and in the total amount of the bid presented by the bidder.
- 14.4 If a price revision/updating clause is provided for in the contract, the date of establishment of the initial price, as well as the price revision/updating conditions for the said price must be specified. This is with the understanding that any contract of duration less than one (1) year shall not be subject to price revision.
- 14.5 All unit prices must be justified by sub-details established in accordance with the structure proposed in document 8 of the Tender File.

Article 15: Currency of bid and payment

- 15.1 In case of international invitations to tender, the currencies of the bid shall follow the provisions of either Option A or Option B below, the applicable option being that retained in the Special Regulations of the invitation to tender.

15.2 Option A: The amount of the bid shall be entirely made in the national currency. The amount of the bid, unit prices of the price schedule and the prices of the bill of quantities and estimates are completely made in CFA francs in the following manner:

- a) Prices shall be entirely drawn in the national currency. The bidder who intends to commit expenditures in other currencies for the execution of the works shall indicate in the annex to the bid the percentage(s) of the amount of the bid necessary to cover the needs in foreign currencies, without exceeding the maximum of the three currencies of member countries of the funding institution of the contract.
- b) The exchange rates used by the bidder to convert his bid into the national currency shall be specified by the bidder in an annex to the bid in compliance with the specifications of the Special Regulations. These rates shall be applied for any payment within the framework of the contract so that the retained bidder does not bear any change in the exchange rate.

15.3 Option B: The amount of the bid shall be directly made in the national and foreign currency at the rates fixed in the Special Regulations.

The bidder shall draw the unit prices of the price schedule and the prices of the bill of quantities and estimates in the following manner:

- (a) The prices of inputs necessary for the works which the bidder intends to procure in the Contracting Authority's country shall be in currency of the Contracting Authority's country specified in the Special Regulations and called "national currency";
- (a) The prices of inputs necessary for works which bidder intends to procure out of the Contracting Authority's country shall be in the currency of the country of origin of the bidder or of the currency of an eligible member country widely used in international trade.

15.4 The Contracting Authority may request the bidders to explain the needs in national and foreign currencies and to justify that the amounts included in the unit and total prices and indicated in annex to the bids are reasonable; to this end, a detailed statement of their needs in foreign currencies shall be furnished by the bidder.

15.5 During the execution of the works, most of the foreign currency to be paid as part of contract may be revised by mutual agreement between the Contracting Authority and the entrepreneur in a way as take account of any modification in the foreign currency needs within the context of the contract.

Article 16: Validity of bids

16.1 Bids must remain valid during the period stated in the Special Regulations from the date of submission of the bids fixed by the Contracting Authority, in application of article 22 of the Special Regulations. A bid valid for a shorter period shall be rejected by the Contracting Authority or Delegated Contracting Authority as not being in compliance.

16.2 Under exceptional circumstances, the Contracting Authority may seek the approval of bidders to extend the validity time-limit. The request and the responses that will be given shall be in writing (or by fax). The validity of the bid bond provided for in article 17 of the General Regulations shall equally be extended for a corresponding duration. A bidder may refuse to extend the validity of his bid without losing his bid bond. A bidder who consents to an extension shall not be asked to modify his bid nor shall he be authorised to do so.

16.3 Where the contract does not include a price revision clause and that the period of validity of bids is extended by more than sixty (60) days, the amounts payable to the bidder retained shall be updated by application of the related formula featuring in the request for extension that the Contracting Authority addressed to bidders.

The updating period shall run from the date of overrun of sixty (60) days to the date of notification of the contract or the Administrative Order for start of execution of works by the retained bidder, as specified in the Special Administrative Conditions. The effect of updating shall not be taken into account for purposes of evaluation of bids.

Article 17: Bid bond

17.1 In application of article 13 of the General Regulations, the bidder shall furnish a bid bond of the amount specified in the Special Regulations and which bid bond shall be a full part of his bid.

17.2 The bid bond must conform to the model presented in the Tender File; other models may be authorised subject to the prior approval of the Contracting Authority. The bid bond will remain valid for thirty (30) days beyond the original date set for the validity of bids or any other validity time-limit requested by the Contracting Authority and accepted by the bidder, in accordance with the provisions of article 16 (2) of the General Regulations.

17.3 Any bid without an acceptable bid bond shall be rejected by the Tenders Board as not in conformity. The bid bond of associated enterprises must be established in the name of the group submitting the bid and mention each member of the associated grouping.

17.4 The bid bonds of bidders who are not retained shall be returned within fifteen (15) days after publication of the award result.

17.5 The bid bond of the successful bidder shall be released as soon as the latter would have signed the contract and furnished the required final bond.

17.6 The bid bond may be seized:

- (a) if the bidder withdraws his bid during the period of validity;
- (b) if the retained bidder:

- i) fails in his obligation to register the contract in application of article 38 of the General Regulations;

- i) fails in his obligation to furnish the required final bond in application of article 38 of the General Regulations;
- ii) Refuses to receive notification of the Administrative Order to commence execution.

Article 18: Varying proposals of bidders

18.1 Where the works can be executed within variable deadlines, the Special Regulations shall specify these deadlines and shall indicate the method retained for the evaluation of the completion deadline proposed by the bidder within the specified deadlines. Bids that propose deadlines beyond those specified shall be considered as not being in conformity.

18.2 Except in the case mentioned in article 18(3) below, bidders wishing to offer technical variants must first assess the basic solution of the Contracting Authority as described in the Tender File and furnish in addition all the information which the Contracting Authority needs for a complete evaluation of the proposed variant, including the plans, calculations, technical specifications, sub-details of prices and proposed construction methods and all other useful information. If necessary, the Contracting Authority will examine only the technical variants of the bidder whose bid is in compliance with the basic solution has been evaluated as the lowest bid.

18.3 When according to the Special Regulations the bidders are authorised to directly submit the technical variants for certain parts of the works, these parts of the works must be described in the technical specifications. Such variants shall be evaluated on their own merit in accordance with the provisions of article 31(2) (g) of the General Regulations.

Article 19: Preparatory meeting to the establishment of bids

- 19.1 Except otherwise stipulated in the Special Regulations, a bidder may be invited to take part in a preparatory meeting which will hold at the date and place indicated in the Special Regulations.
- 19.2 The subject of the preparatory meeting shall be to furnish clarifications and answer any questions which may be raised at this stage.
- 19.3 As much as possible, the bidder is requested to submit any question in a way as to reach the Contracting Authority at least one week before the meeting. The Contracting Authority may not reply to questions received too late. In this case, the questions and answers shall be transmitted according to the methods set in article 19(4) below.
- 19.4 The minutes of the meeting, including the text of the questions asked and the replies given, including questions prepared after the meeting, shall be forwarded immediately to everyone who bought the Tender File. Any modification of documents of the Tender File listed in article 8 of the General Regulations which may prove to be necessary at the end of the preparatory meeting shall be done by the Contracting Authority by publishing an addendum in accordance with the provisions of article 10 of the General Regulations and not through the minutes of the preparatory meeting.
- 19.5 The fact that a bidder does not attend a preparatory meeting for the establishment of bids shall not be a reason for disqualification.

Article 20: Form and signature of bid

- 20.1 The bidder shall prepare an original of the constituent documents described in article 13 of the General Regulations in a volume clearly indicated "**ORIGINAL**". In addition, the bidder shall submit the number required in the General Regulations, bearing "**COPY**". In case of discrepancy, the original shall be considered as authentic.
- 20.2 The original and copies of the bid must be typed or written in indelible ink (photocopies shall be accepted in the case of copies) and shall be signed by the person(s) duly empowered to sign on behalf of the bidder, in accordance with article 6(1a) or 6(2c) of the General Regulations, as the case may be. All the pages of the bid containing alterations or changes must be initialled by the signatory(ies) of the bid.

20.3 The bid shall bear no modification, suppression or alteration unless such corrections are initialled by the signatory (ies) of the bid.

D. SUBMISSION OF BIDS

Article 21: Sealing and marking of bids

21.1 The bidder shall seal the original and each copy of the bid in separate envelopes (internal envelopes) by marking on these envelopes "**ORIGINAL**" and "**COPY**", as the case may be. The envelopes shall then be placed in another envelope which will equally be sealed but which will not give any indication regarding the identity of the bidder.

21.2 The external and internal envelopes:

a) should be addressed to the Contracting Authority at the address indicated in the Special Regulations;

b) should bear the name and identification number of the project as indicated in the Special Regulations and bear the inscription "**TO BE OPENED ONLY DURING THE BID-OPENING SESSION**" as specified in the Special Regulations.

21.3 The internal envelopes should equally carry the name and address of the bidder in a way as to enable the Contracting Authority return the sealed bid if it is late in accordance with article 23 and 24 of the General Regulations.

21.4 If the external envelope is not sealed and marked as indicated in paragraphs 21(1) and 21(2) above, the Contracting Authority shall not be responsible if the bid is misplaced or opened prematurely.

Article 22: Date and time-limit for submission of bids

22.1 The bids must be received by the Contracting Authority at the address specified in article 21(2) of the Special Regulations not later than the date and time stated in the Special Regulations.

22.2 The Contracting Authority may, at his discretion, postpone the deadline set for the submission of the bids by publishing an addendum in accordance with the provisions of article 10 of the General Regulations. In this case, all the rights and obligations of the Contracting Authority and bidders previously governed by the initial date will henceforth be governed by the new date.

Article 23: Late bids

Any bid received by the Contracting Authority beyond the deadline for the submission of bids in accordance with article 22 of the General Regulations shall be declared late and consequently rejected.

Article 24: Modification, substitution and withdrawal of bids

24.1 A bidder may modify or withdraw his bid after submitting it, on condition that the written notification of the modification or withdrawal is received by the Contracting Authority prior to the end of the time-limit prescribed for the submission of the bids. The said notification must be signed by an authorised representative in application of article 20(2) of the General Regulations. The modification or the corresponding replacement bid must be attached to the written notification. As the case may be, the envelopes must bear the inscription "**WITHDRAWAL**", and "**REPLACEMENT BID**" or "**MODIFICATION**".

24.2 Notification of modification, replacement or withdrawal of the bid by the bidder should be prepared, sealed, marked and forwarded in accordance with the provisions of article 21 of the General Regulations. Withdrawal may equally be notified by telex but should in this case be confirmed by a duly signed written notification whose date, post mark being authentic, shall not be posterior to the time-limit set for the submission of bids.

24.3 In application of article 24(1), bids being requested to be withdrawn by bidders shall be returned to them unopened.

24.4 No bid may be withdrawn during the interval between the submission of bids and the expiry of the validity of bids specified by the model tender. The withdrawal of a bid by a bidder during this interval may lead to the confiscation of the bid bond in accordance with the provisions of article 17(6) of the General Regulations.

E. Opening of envelopes and evaluation of bids

Article 25: Opening of envelopes and petitions

- 25.1 The competent Tenders Board shall open the envelopes in single or double phases and in the presence of the representatives of bidders who wish to attend at the date, time and address specified in the Special Regulations. Representatives of bidders shall sign a register attesting to their presence.
- 25.2 Firstly, envelopes marked "**withdrawal**" shall be opened and the contents announced to the hearing of everyone, while the envelope containing the corresponding bid shall be returned to the bidder unopened. Withdrawal shall be allowed only if the corresponding notification contains a valid empowerment of the signatory to request this withdrawal and if this notification is read to the hearing of everyone. Then the envelopes marked "**Replacement bid**" are opened and announced to the hearing of everyone and the new corresponding bid substituted for the preceding one which will be sent to the bidder concerned unopened. The replacement of the bid shall only be allowed if the corresponding notification contains a valid empowerment of the signatory requesting the replacement and read to the hearing of everyone. Lastly, the envelopes marked "**modification**" shall be opened and their contents read to the hearing of everyone with the corresponding bid. The modification of the bid shall only be allowed if the corresponding notification contains a valid empowerment of the signatory requesting the modification and read to the hearing of everyone. Only bids which were opened and announced to the hearing of everyone during the opening of bids shall then be evaluated.
- 25.3 All envelopes shall be opened successively and the name of the bidder announced aloud as well as the possible modification mentioned, the price offered, including any rebates [*in case of opening of financial bids*] and any variant, where necessary, the existence of a guarantee of the bid if it is required and any other details which the Contracting Authority deems useful to be mentioned. Only rebates and variants of bids announced to the hearing of everyone during the opening of bids shall be submitted for evaluation.
- 25.4 Bids (and modifications received in accordance with the provisions of article 24 of the General Regulations) which were not opened and read to the hearing of everyone during the bid-opening session for whatever reason, shall not be submitted for evaluation.
- 25.5 Bid-opening minutes are recorded on the spot mentioning the admissibility of bids, their administrative regularity, prices, rebates and time-limits as well as the composition of the Evaluation sub-committee. A copy of the said minutes to which is attached the attendance sheet is handed over to all the participants at the end of the session.
- 25.6 At the end of each bid-opening session, the chairperson of the Tenders Board immediately hands over to the focal point designated by the body in charge of regulation of public contract an initialled copy of the bids presented by bidders.
- 25.7 In case of petition as provided for by the Public Contracts Code, it should be addressed to the Minister Delegate in charge of Public Contracts with a copies to the body in charge of the regulation of public contracts, the head of structure to which is attached the Tenders Board concerned.

It must reach within a maximum deadline of three (3) working days after the opening of bids in the form of a letter to which is obligatorily attached a sheet of the petition form duly signed by the petitioner and possibly by the chairperson of the Tenders Board.

The Independent Observer attaches to his report the sheet that was handed to him, including any related commentaries or observations.

Article 26: Confidential nature of the procedure

- 26.1 No information relating to the examination, clarification, evaluation and comparison of bids and verification of the qualification of the bidders and the recommendation for the award shall be given to bidders or to any person not concerned with the said procedure as long as the preferred bidder has not been made public, subject to the disqualification of the bid of the bidder and suspension of the authors from all activities in the domain of public contracts.

26.2 Any attempt by a bidder to influence the Tenders Board or the Evaluation sub-committee of bids or the Contracting Authority in its award decision may lead to the rejection of his bid.

26.3 Notwithstanding the provisions of paragraph 26.2 above, between the opening of bids and the award of the contract, if a bidder wishes to enter into contact with the Contracting Authority for reasons having to do with his bid may do so in writing.

Article 27: Clarifications on the bids and contact with the Contracting Authority

27.1 To ease the examination, evaluation and comparison of bids, the Tenders Board may, if it so desires, request any bidder to give clarifications on his bid. This request for clarification and the response thereto are formulated in writing but no change on the amount or content of the bid is sought, offered or authorised, except it is necessary to confirm the correction of calculation errors discovered by the Evaluation Sub-committee during the evaluation in accordance with the provisions of article 30 of the General Regulations.

27.2 Subject to the provisions of paragraph 1 above, bidders shall not contact members of the Tenders Board and the Evaluation Sub-committee for questions related to their bids, between the opening of envelopes and the award of the contract.

Article 28: Determination of compliance of bids

28.1 The Evaluation sub-committee shall carry out a detailed examination of bids to determine if they are complete, if the required guarantees are furnished, if the documents were correctly signed and if generally the bids are in proper order.

28.2 The Evaluation sub-committee shall determine if the bid is essentially in compliance with the conditions fixed in the Tender File based on the content without recourse to external elements of proof.

28.3 A bid that complies with the Tender File shall essentially be a bid that respects all the terms, conditions and specifications of the Tender File, without substantial divergence or reservation. A substantial divergence or reservation is that:

- i) which substantially limits the scope, quality or realisation of the works;
- ii) which substantially limits, contrary to the Tender File, the rights of the Contracting Authority or his obligations in relation to the contract;
- iii) Whose correction would unjustly affect the competitiveness of the other bidders who presented bids that essentially complied with the Tender File?

28.4 If a bid is essentially not in compliance, it shall be rejected by the competent Tenders Board and shall not subsequently be rendered in compliance.

28.5 The Contracting Authority reserves the right to accept or reject any modification, divergence or reservation. Modifications, divergences, variants and other factors which are beyond the requirements of the Tender File shall not be considered during the evaluation of bids.

Article 29: Qualification of the bidder

The Evaluation sub-committee shall ensure that the successful bidder retained for having submitted a bid substantially in compliance with the provisions of the Tender File, fulfils the qualification criteria stipulated in article 6 of the Special Regulations. It is essential to avoid any arbitrariness in determining qualification.

Article 30: Correction of errors

30.1 The Evaluation sub-committee shall verify bids considered essentially in compliance with the Tender File to correct the possible calculation errors. The Evaluation sub-committee shall correct the errors in the following manner:

- (a) where there is an incoherence between the unit price and the total obtained by multiplying the unit price by the quantity, the unit price being authentic, the total price shall be corrected, unless the Evaluation sub-committee judges that it is a gross error of decimal point in the unit price in which case the total price as presented shall be authentic and the unit price corrected.
- (b) if the total obtained by addition or subtraction of the totals is not exact, the sub totals shall be considered authentic and the total corrected.
- (c) where there is a difference between the price indicated in letters and in figures, the amount in letters shall be considered authentic, unless the amount is linked to an arithmetical error confirmed by the sub-detail of the said price, in which case the amount in figures shall prevail subject to paragraphs (a) and (b) above.

30.2 The amount featuring in the bid shall be corrected by the Evaluation sub-committee, in accordance with the error correction procedure above and with confirmation by the bidder, the said amount shall be deemed to commit him.

30.3 If the bidder who presented the bid evaluated as the lowest refuses the correction thus carried out, his bid shall be rejected and the bid bond may be seized.

Article 31: Conversion into a single currency

31.1 To facilitate the evaluation and comparison of bids, the Evaluation sub-committee shall convert the prices of bids expressed in various currencies into those in which the bid is payable in CFA francs.

31.2 The conversion shall be done using the selling rate fixed by the Bank of Central African States (BEAC) under the conditions defined by the Special Regulations.

Article 32: Evaluation and comparison of financial bids

32.1 Only bids considered as being in compliance, as per the provisions of article 28 of the General Regulations, shall be evaluated and compared by the Evaluation sub-committee.

32.2 By evaluating the bids, the Evaluation Sub-committee shall determine for each bid the evaluated amount of the bid by rectifying the amount as follows:

- a) By correcting any possible error in accordance with the provisions of article 30.2 of the General Regulations;
- b) By excluding projected sums and where necessary provisions for unforeseen occurrences featuring in the bill of quantities and estimates but by adding the amount of works done under State supervision where they are costed in a competitive manner as specified in the Special Regulations.
- c) By converting into a single currency the amount resulting from the rectifications (a) and (b) above, in accordance with the provisions of article 31(2) of the General Regulations;
- d) By appropriately adjusting any other modification, divergence or quantifiable reservation on technical or financial basis.
- e) By taking into consideration the various execution time-limits proposed by the bidders, if they are authorised by the Special Regulations;
- f) If need be, in accordance with the provisions of article 13(2) of the General Regulations and the Special Regulations by applying the rebates offered by the bidder for the award of more than one lot, if this invitation to tender is launched simultaneously for several lots.
- g) If need be, in accordance with the provisions of article 18(3) of the Special Regulations and the Technical Specifications, the proposed technical variants, if they are permitted, shall be evaluated on their own merit and independently of the fact that the bidder offered or not a price for the technical solution specified by the Contracting Authority in the Special Regulations.

32.3 The estimated effect of price revision formulae featuring in the GAC and SAC applied during the period of execution of the contract shall not be considered during the evaluation of bids.

32.4 If the bid judged the lowest bid is considered abnormally low or strongly unbalanced in relation to the estimates of the Project Owner for the works to be executed in this contract, the Tenders Board may, from the sub-details of prices furnished by the bidder for any element or all the elements of

the bill of quantities and estimates, verify if these prices are compatible with the construction methods and proposed calendar. In the case where the justifications presented by the bidder are not satisfactory, the Contracting Authority may reject the bid after the technical opinion of the Public Contracts Regulatory Agency.

Article 33: Preference granted national bidders

National contractors shall benefit from a margin of national preference during the evaluation of bids as provided for in the Public Contracts Code.

Article 34: Award

- 34.1 The Contracting Authority shall award the contract to the bidder whose bid was judged essentially in compliance with the Tender File and who has the required technical and financial capacities to execute the contract satisfactorily and whose bid was evaluated as the lowest by including, where necessary, proposed rebates
- 34.2 If, according to article 13(2) of the General Regulations, the invitation to tender comprises several lots, the lowest bid shall be determined by evaluating this contract with other lots to be awarded concurrently, by taking into account the rebates offered by the bidders in the case of more than one lot.
- 34.3 Any award of contract shall be made to the bidder fulfilling the technical and financial capacities required resulting from the evaluation criteria and presenting the bid evaluated as the lowest.

Article 35: The right by the Contracting Authority to declare an invitation to tender unsuccessful or cancel a procedure

The Contracting Authority reserves the right to cancel a procedure of invitation to tender after the authorisation of the Minister Delegate at the Presidency in charge of Public Contracts where the bids have been opened or to declare an invitation to tender unsuccessful after the advice of the competent Tenders Board, without any claims being entertained.

Article 36: Notification of award of the contract

Before the expiry of the validity of the bids set in the Special Regulations, the Contracting Authority shall notify the preferred bidder by telecopy confirmed by registered mail or by any other means that his bid was retained. This letter will indicate the amount the Project Owner will pay the contractor to execute the works and the execution time-limit.

Article 37: Publication of results of award and petitions

37.1 The Contracting Authority shall communicate to any bidder or administration concerned, upon request addressed to it within a maximum deadline of five (5) days after publication of the award results, the Independent Observer's report as well as the minutes of the award session of the related contract to which shall be attached the evaluation report of the bids.

37.2 The Contracting Authority is bound to communicate the reasons for the rejection of bids of the bidders concerned who so request.

37.3 After publication of the award results, bids that are not withdrawn within fifteen (15) days shall be destroyed, without any claims for compensation being entertained. Only the copy destined for the body in charge of regulation shall be kept.

37.4 In case of petition, it should be addressed to the Public Contracts Authority, with copies to the body in charge of the regulation of public contracts, the Contracting Authority and the chairperson of the Tenders Board concerned.

It must take place within a maximum deadline of five (5) working days after the publication of the results.

Article 38: Signing of the contract

- 38.1 After publication of the results, the draft contract subscribed by the successful bidder is submitted to the Tenders Board for examination and where applicable, to the Minister in charge of Public Contracts for prior endorsement.

- 38.2 The Contracting Authority has a deadline of seven (7) days to sign the contract from the date of reception of the draft contract examined by the competent Tenders Board and subscribed by the successful bidder and where applicable, the endorsement of the Minister in charge of Public Contracts.
- 38.3 The contract must be notified to the successful bidder within five (5) days of its date of signature.

Article 39: Final Bond

- 39.1 Within twenty (20) days of the notification by the Contracting Authority, the contractor shall furnish the Project Owner with a final bond, to guarantee the complete execution of the works.
- 39.2 The bond whose rate varies between 2 and 5 percent of the amount of the contract inclusive of all taxes, may be replaced by a guarantee from a banking establishment approved according to the instruments in force with the Project Owner as beneficiary or by a joint or several guarantee.
- 39.3 Small and medium-sized enterprises (SME) constituted of national capital and managed by nationals may, in lieu of the guarantee, provide a statutory lien or a bond issued by a banking establishment or first rate financial institution approved in accordance with the instruments in force.
- 39.4 Failure to produce the final bond within the prescribed time limit shall likely cause the termination of the contract under the terms laid down in the General Administrative Conditions.

5.1. The value of the contract shall be in national currency (FCFA). The amount of the bid, the unit prices, the price Bill of quantities and sub detailed of unit prices shall be entirely in CFA Francs in the following manner:

a. Prices will be entirely settled in CFA Francs. Any bidder, who wants to engage expenditures in other currencies for the execution of the work, shall indicate in an annex to his submission, the percentage of the amount of the offer required to cover the needs in foreign currencies, without exceeding a maximum of three currencies of Member countries of the institution financing the contract.

b. The exchange rates used by the bidder to convert its offer in national currency shall be the rate of the day of the deposition of the bids. This exchange rate will be applied for any payment in respect of the contract, so that no foreign exchange rate risk is supported by the successful bidder.

The contract prices are firm and no-revisable.

6) Submission of Bids :

Each offer drafted in English or French in 07 (Seven) copies including 01 (one) original and 06 (six) copies marked as such, should reach the Divisional Delegation of Public Contracts Bui not later than 13th June 2018 at 10 am local time. It should be labelled as follows

"OPEN NATIONAL INVITATION TO TENDER

**N°12/ONIT/MINMAP/RDNW/DDB/BDTB/2018 OF 22ND MAY 2018 FOR THE
CONSTRUCTION OF A BLOCK OF TWO (02) CLASSROOMS AT CNFZVH-JAKIRI IN
BUI DIVISION, NORTH WEST REGION.**

"TO BE OPENED ONLY DURING THE BID OPENING SESSION"

7) EVALUATION OF TENDERS

7.1. Opening of bids

The bids shall be opened in single phase. The opening of the administrative documents and the Technical and Financial offers shall take place on the 13th June 2018 at 11am local time, by the local Tenders Board of the Divisional Delegation of Public Contracts Bui.

Only bidders or their duly mandated representatives with a perfect knowledge of their offer shall attend this opening session.

Representatives of bidders shall have to sign a form stating their presence at the opening of tenders.

7.2. Clarification on the bids

The request for clarification and the response shall be done in writing. No change of the offer price shall be requested, proposed or authorized.

7.3. Examination of bids

The tenders' board shall examine the bids to determine if they are complete, if the required guarantees have been provided, if the documents were produced following the tender file requirements, whether they contain calculation errors and if the bids are generally in good order. Any calculation errors will be corrected on the following bases:

- If there is a calculation error, the total price will be corrected on the basis of the unit price.
- If there is a contradiction between the price in words and the price in figures, the price in word will govern.

7.4. Evaluation and comparison of bids

The technical subcommittee shall evaluate and compare the bids which were previously found substantially responsive to the conditions of the present call for tenders. This evaluation will exclude and will not take into consideration any price variation clauses included in the submission.

The evaluation of bids shall be in two steps: technical and financial evaluation.

7.4. 1. Technical evaluation

7.4.1. 1. Eliminary criteria

Eliminary criteria will focus on the following aspects:

- Absence of an element in the administrative file;
- Deadline for delivery higher than prescribed;
- False declaration, forged or scanned documents;
- A bid with the external envelope carrying a sign or mark leading to the identification of the bidder.
- Two Bids with the same personnel
- Incomplete financial information.
- Technical assessment mark lower than **80% of "Yes"**.

7.4.1. 2 Essential criteria

The criteria relating to the qualification of candidates could indicatively be on the following:

- General presentation of the tender files;
- References of the company in the similar achievements;
- Experience of supervisory staff ;
- Logistics;
- Methodology;
- Financial capacity;
- Attestation of site visit signed by the company administrator or their representative.
- Report of site visit signed by the company administrator
- The Special Technical Clauses (STC). (Each page should be initialed and the last page signed and stamped).
- The Special Administrative Clauses (SAC); (each page should be initialed and the last page signed And stamped);
- Pre – Financing capacity **not less than 80%** of the amount required in the offer.

7.4.1.3 Main qualification criteria

The criteria relating to the qualification of candidates could be indicative on the following:

The essential criteria are subjected to minima whose detail is given in the Special Tender Regulation (RPAO).

This evaluation shall be done in a purely binary method with a (yes) or a (no) with an acceptable minimum of 80% of the essential criteria taken in account.

The contract shall be awarded to the bidder who would have proposed the offer with the lowest amount, in conformity with the regulations of the Tender Documents and having satisfied to 100% of the eliminatory criteria and at least 80% of the essential criteria.

A) The company's references:

Similar works in the last three (5) years (2013-2017). The bidder shall justify its turnover either by a document from an expert or by submitting documents that can be used to appreciate the amounts from the realizations and the quality of the work (certificate of completion and/or minutes of (provisional or final) reception and related contracts, and jobbing orders).

b) Essential equipment

Essential equipment that the contractor shall make available for the contract (registration documents, purchase receipt) shall be the following: 4 x 4 pickup vehicle or van for the transportation of personnel and other materials such as a Vibrator or Legalized document to hire equipment.

C) The qualification of site personnel:

A works supervisor with at least the level of senior technician in civil engineering or Rural Engineering with at least three (03) years' professional experience in the domain of civil construction or similar works (Attached a certified copy of certificate, CV, attestation of presentation of original of the technical diploma, an attestation of availability sign by candidate and a Certified copy of ID card)

A foreman with at least the level of a technician in civil engineering or Rural Engineering with at least three (03) years' of professional experience in the domain of civil construction or similar works. (Attached a certified copy of certificate, CV, attestation of presentation of original of the technical diploma, an attestation of availability sign by candidate and a Certified copy of ID card)

Other support staff or semi-skilled workers

- 02 (Two) builders with 3 years professional experience on building construction or similar works. Only CVs signed by the candidates
- 02 (Two) Carpenters with 3 years professional experience on carpentry or similar works. Only CVs signed by the candidates
- 01 (One) Electrician with 3 years professional experience on Electricity or similar works. Only CVs signed by the candidate;
- 01 (one) Painter with 3 years professional experience on painting or similar works. Only CVs signed by the candidate

(d) The methodology of intervention and execution of work:

The company will produce a technical note dated and signed on the last page providing information about:

- i. The mode of execution of the works.
- ii. The planning of intervention, the expected output.
- iii. The supply of materials or site equipment.
- iv. Measures of safety and protection of the environment.
- v. Administrative and technical organization of the enterprise.

E) Self-financing capacity:

An attestation of financial credibility issued by the same Bank as for the bid bond (access to a credit or of other financial facilities to ensure the gross margin of self-financing necessary for the duration of the contract.)

The available amount shall be at least more than or equal to amount required in the offer.

7.4.1. 3 Other criteria

7.4. 2. Financial evaluation

The financial evaluation shall be based on the corrected amount of the bid. It shall consist of the analysis of the coherence of prices as well as the amounts of the totals.

Award of Contract

Subject to the clause of article 6 of the present OMPP, the Contracting authority will award the contract to the bidder whose offer has been recognized substantially responsive to the requirement of the Tender file and has submitted the lowest feasible evaluated bid price.

9) Right of the Contracting authority to accept or reject any offer

Notwithstanding article 5 of the present OMPP, the Contracting authority reserves the right to cancel the tendering process at any time before the opening of the tenders, without incurring liability to the bidders affected by its decision, nor obligation to inform them of the reasons for its decision.

10) Site Visit

A site visit is recommended to participating companies in this Tender file.

11) Period of validity of tenders

The period of validity of the tender is 90 days from the date of deposition of the offers.

12) Performance guarantee

Within fifteen (15) days from the date of notification of the contract, the contractor shall provide a guarantee of three percent (3%) of the amount of the contract (all taxes inclusive), to ensure full implementation.

13) COMMENCEMENT OF WORK:

Before the commencement of work the contractor shall be installed on the site by the following:

- The Divisional Delegate of MINMAP or his representative;
- The authorizing officer;
- Control engineer,
- The Project Owner
- The Project Manager;
- The Divisional Delegate of Environment or his representative;
- The Divisional Delegate of MINEPAT or his representative;

- 8.3 Administrative Orders of a technical nature linked to the normal progress of the work and without financial incidence shall be signed directly by Contract Manager and notified to the contractor by the Control Engineer or Project Manager (where applicable) with a copy to the Contracting Authority and Contract Manager.

- 8.4 Administrative Orders serving as warnings shall be signed by the Project Owner and notified to the contractor by the Contract Manager with a copy to the Contracting Authority, the Contract Engineer and Project Manager.
- 8.5 Administrative Orders for suspension or resumption of work as a result of the weather or any other case of force majeure shall be signed by the Contracting Authority and notified by his services to the contractor with a copy to the Project Owner, Contract Manager, Contract Engineer and Project Manager.
- 8.6 Administrative Orders prescribing works necessary to remedy disorders which could appear on structures during the guarantee period and not related to normal usage shall be signed by the Contract Manager upon the proposal of the Contract Engineer and notified to the contractor by the Control Engineer.
- 8.7 The contractor has a time-limit of fifteen (15) days to issue reservations on any Administrative Order received. Having reservations shall not free the enterprise of executing the Administrative Orders received.
- 8.8 Concerning Administrative Order signed by the Contracting Authority and notified by the Project Owner, the notification must be done within a **maximum of 30 days** from the date of transmission by the Contracting Authority to the Project Manager. **Beyond this deadline, the Contracting Authority shall establish the default of the Project Owner, take over from him and carry out the said notification.**

ARTICLE 9: CONTRACTS WITH CONDITIONAL PHASES (ARTICLE 9 OF GAC)

9.1 *[Specify if the contract has one or several phases]*

At the end of a phase, the Project Owner shall carry out the acceptance of the works and issue an attestation of proper execution to the contractor. This attestation shall condition the start of the following conditional phase.

- 9.2 The time-limit granted for notification of the Administrative Order to start execution of a conditional phase shall be *[to be specified]*.

ARTICLE 10: CONTRACTOR'S EQUIPMENT AND PERSONNEL (Article 15 of GAC supplemented)

- 10.1 Any modification, even partial, made in the technical bid shall only occur after the written approval of the Contract Manager. In case of modification, the contractor shall have the personnel replaced by a staff of equal competence (qualifications and experiences).
- 10.2 In any case, the list of supervisory staff to be used shall be subject to the approval of the Project Owner in the days following notification of the Administrative Order to start execution. The Project Manager has **Seven (07) days** to notify his opinion in writing with a copy sent to the Contract Manager. Beyond this time-limit, the staff list shall be considered as approved.
- 10.3 Any unilateral modification on the supervisory staff made in the technical bid prior to and during the works shall be a reason for termination of the jobbing order as mentioned in article 45 below or the application of penalties *[to be specified where need be]*.

CHAPTER 2: FINANCIAL CONDITIONS

ARTICLE 11 GUARANTEES AND BONDS (Articles 29 and 41 of GAC)

11.1 Final bond

The final bond shall be set at **2 %** of the amount of the contract, inclusive of all taxes.

It is constituted and transmitted to the Contracting Authority within a maximum deadline of twenty (20) days of the notification of the contract.

The bond shall be returned or the guarantee released within one month following the date of provisional acceptance of the works, following a release issued by the Contracting Authority upon request by the contractor.

11.2 Performance bond (Guarantee Retention)

The retention fund shall be set at **10 %** of the amount of the contract, inclusive of all taxes.

The return or release of the retention fund or security shall be done within one month after final acceptance by release issued by the Contracting Authority upon request by the contractor.

11.3 Guarantee of start-off advance

The contractor may be granted a start-off amount of 20% of the contract amount (inclusive of taxes) upon request.

The start-off payment shall be guaranteed at 100% by a Cameroonian bank recognized by the Ministry in charge of Finance.

ARTICLE 12: AMOUNT OF THE CONTRACT

The amount of this contract as indicated by the attached [detail or estimates] is _____ (in figures) _____ (in letters) CFA francs Inclusive of All Taxes; that is:

- Amount exclusive of VAT: _____ (_____) CFA F
- Amount of VAT: _____ (_____) CFA F.
- Amount of TSR and/or _____ CFA F
- Net to be paid= EVAT-TSR and/or AIR

ARTICLE 13: PLACE AND METHOD OF PAYMENT

The Project Owner shall release the sums due in the following manner:

- a. For payments in CFA francs (amount in figures and letters exclusive of taxes) by credit to account No. _____ opened in the name of the contractor in the _____ bank.
- b. For payments in foreign currencies (amount in figures and letters exclusive of taxes) by credit to account No. _____ opened in the name of the contractor in _____ bank.

ARTICLE 14: PRICE VARIATION (Article 20 of GAC)

Prices shall be firm and not subject to any price revision.

- a. Payments on account made to the contractors advances shall not be revisable.
- b. Revision shall be "frozen" upon expiry of the contractual time-limit, except in the case of price reductions.

1.1 Price updating modalities (not applicable)

ARTICLE 15: EVALUATION OF WORK DONE

The work done shall be evaluated using the unit price.

ARTICLE 16: ADVANCES (article 28 of the GAC)

16.1 The Contracting Authority may grant a start-off advance equal to 20% of the amount of the contract].

16.2 This advance whose value cannot exceed twenty (20) percent of the initial amount inclusive of all taxes shall be guaranteed at one hundred (100) percent by a banking establishment governed by Cameroon law or a first-rate financial institution in accordance with the instruments in force and

reimbursed by deduction of the payments on accounts to be paid to the contractor during the execution of the contract according to the modalities laid down in the Special Administrative Conditions.

16.3 The total amount of the advance must be reimbursed not later than when the value in basic price of the works reaches eighty (80) percent of the amount of the contract.

16.4 As the reimbursement advances, the Project Owner shall issue the release of the corresponding part of the guarantee upon the express request by the contractor.

16.5 The possibility of granting start-off advance or advance for supplies must be expressly stipulated in the Tender File.

Article 17: PAYMENT FOR WORKS (articles 26, 27 and 30 of the GAC supplemented)

17.1 Establishment of works executed

Before the 30th of each month, the contractor and the Project Manager shall jointly establish a job cost sheet which summarises and fixes the quantities executed and established for each item on the schedule during the month and capable of giving entitlement to payment.

17.2 Monthly detailed account

No later than the fifth (5th) of the month following the month of the services, the contractor shall hand over to the Project Manager two draft provisional monthly detailed accounts in seven copies (one detailed account exclusive of VAT and the other inclusive of taxes), according to the agreed model and establishing the total amount of the sums to which he may lay claim as a result of the execution of the contract since the start of the contract.

Only the detailed account exclusive of VAT shall be paid to the contractor. The detailed account of the amount of the taxes shall be the subject of an entry into the budgets of the Ministry in charge of Finance

Only the amount exclusive of VAT shall be paid to the contractor as follows:

- [100-1.1 and/or - (7.5 or 15%)] paid directly into the account of the contractor;
- 1.1 % paid to the public treasury as AIR due by the contractor.
- 7.5% or 15% paid into the public treasury as TSR due by the contractor.

The Project Manager has a time-limit of seven (7) days to forward to the Contract Manager the detailed accounts he has approved.

The Contract Engineer has a maximum time-limit of twenty-one (21) days to forward the detailed accounts he approved such that they are in his possession not later than the twelfth of the month.

The Contract Manager has a deadline of fourteen (14) days maximum to sign the detailed accounts.

Payments shall be done by _____ within a maximum deadline of _____ calendar days from the date of submission of the approved detailed accounts.

17.3 Detailed account of start-off account (if applicable).

ARTICLE 18: INTEREST ON OVERDUE PAYMENTS (Article 31 of the GAC)

Possible interests on overdue payments are paid by statement of sums due in accordance with article 88 of Decree No. 2004/275 of 24 September 2004 to institute the Public Contracts Code.

ARTICLE 19: PENALTIES FOR DELAY

A. Penalties for lateness.

19.1 The amount set for penalties for delays is set as follows:

- a) One two thousandth (1/2000th) of the initial jobbing order amount all taxes inclusive per calendar day of delay from the first (1st) to the thirtieth (30th) day beyond the contractual time-limit.

b) One thousandth (1/1000th) of the initial amount of the jobbing order inclusive of all taxes per calendar day beyond the 30th day.

19.2 The cumulated amount of penalties for delay shall be limited to ten percent (10%) of the initial jobbing order inclusive of all taxes.

B. Specific penalties.

19.3 Apart from penalties of overrun of the contractual deadlines, the contractor is liable to the following special penalties for the non-respect of the provisions of the contract. Notably:

- Late submission of final bond;
- Late submission of insurances;
- Late submission of the draft execution programme if the lateness is caused by the contractor.

ARTICLE 20: FINAL DETAILED ACCOUNT (article 34 of the GAC)

20.1 [Indicate the time-limit available to the contractor to forward the draft to the Project Manager, after the date of provisional acceptance of the works (maximum 1 month)].

After completion of the works and within a maximum time-limit of **30 days** after the date of provisional acceptance, the contractor shall establish, based on joint reports, the draft final detailed account of works executed and which detailed account summarises the total sums to which the contractor may be entitled as a result of the execution of the whole contract.

20.2 [Indicate the time-limit available to the Contract Manager to notify the corrected and approved draft to the Project Manager (maximum one month)].

20.3 [Indicate the time-limit available to the contractor to return the signed final detailed account (maximum 1 month)].

ARTICLE 21: GENERAL AND FINAL DETAILED ACCOUNT (article 35 of the GAC)

21.1 The Contract Manager or the Project Manager has up to thirty (30) days to establish the general detailed account and forward to the contractor after final acceptance.

At the end of the guarantee period which results in the final acceptance of the works, the Contract Manager draws up the general and final detailed accounts of the contract which he has had signed jointly by the contractor and the Contracting Authority. This detailed account includes:

- The final detailed account,
- The balance,
- The summary of monthly payments on account.

The signing of the general and final detailed account without reservation by the contract or definitely binds the two parties puts an end to the contract, except with regard to interest on overdue payments.

21.2 The contractor has up to thirty (30) days to return the signed final detailed account.

ARTICLE 22: TAX AND CUSTOMS SCHEDULE

Decree No. 2003/651 of 16 April 2003 to lay down the conditions for implementing the tax regulations and customs procedures applicable to public contracts. The taxes applicable to this contract include notably:

- Taxes and dues relating to industrial and commercial projects, including the AIR which is a deduction on company taxes;
- Registration dues in accordance with the tax code;

- Dues and taxes attached to the execution of services provided for in the jobbing order;
- Duties and taxes of entry in to Cameroonian territory (customs duties, VAT, computer tax);
- Council dues and taxes;
- Dues and taxes relating to the execution of building materials and water.

These elements shall be included in the costs which the enterprise inputs on its running costs and constitute one of the elements of the sub-details of prices exclusive of taxes. All prices inclusive taxes mean VAT included.

ARTICLE 23: REGISTRATION AND STAMP DUTY

Seven (7) original copies of the present jobbing order shall be stamped and registered at the expense of the contractor, in accordance with the applicable regulations.

CHAPTER III: EXECUTION OF THE WORKS

ARTICLE 24: NATURE OF THE WORKS (article 46 of GAC)

The works shall include especially: (position or volume of works)
(To be specified cf. *Special Technical Conditions*)

ARTICLE 25: ROLE AND RESPONSIBILITIES OF THE PROJECT OWNER (GAC supplemented)

25.1 The Project Owner shall be bound to furnish the contractor with information necessary for the execution of his mission and to guarantee, at the cost of the contractor, access to sites of projects.

25.2 The Project Owner shall ensure the contractor of protection against threats, insults, violence, assault and battery, slander or defamation of which he could be victim by reason of or during the exercise of his mission.

ARTICLE 26: EXECUTION TIME-LIMIT OF THE CONTRACT (article 38 of the GAC)

26.1 The time-limit for the execution of the works forming the subject of this contract shall be **ninety (90) days**.

26.2 This time-limit shall run from the date of notification of the Administrative Order to commence execution of the works.

ARTICLE 27: ROLES AND RESPONSIBILITIES OF THE CONTRACTOR

The contractor shall be responsible for the works for which he has been chosen. To this effect, his mission shall be to ensure its execution under the supervision of the Engineer in conformity with the regulation and standards in force and in respect to the work schedule. The contractor shall also be expected to carry out all the necessary calculations, chose and buy all machines, adequate materials etc. required for the work and engage suitable workers.

The contractor confirms that he has verified the volume of work to be executed and that he is reputed to have taken perfect cognizance of the scope of the works and the necessity for prompt action to request irrespective of whether he has to use his own equipment or hire equipment to execute the work. To this end, he cannot use any omission or under estimation of the works to make any claims of any nature whatsoever.

Removal of equipment, materials, installations and work site waste shall be carried out by the contractor before reception, failing which the Contracting Authority shall automatically proceed with it soon after the expiry date, at the contractor's expense.

ARTICLE 28: PROVISION OF DOCUMENTS AND SITE (article 42 of the GAC)

A reproducible copy of the plans featuring in the Tender File shall be submitted by *the Contract Manager*.

The Project Owner shall make available the site and access ways to the contractor at the appropriate time as the works progress.

ARTICLE 29: INSURANCE OF STRUCTURES AND CIVIL LIABILITIES (article 45 of GAC)

The following insurance policies are required within the scope of this contract in the minimum amounts indicated hereafter within fifteen (15) days of the notification of the contract (to be adapted):

- Liability insurance, business manager;
- Comprehensive insurance of the site;
- Insurance covering its ten-year obligation, where applicable.

ARTICLE 30: DOCUMENTS TO BE FURNISHED BY THE CONTRACTOR (Article 49 of the GAC supplemented)

[Specify the deadlines for the transmission of documents as well as those of approval by persons to be designated]

30.1 Programme of works, Quality Assurance Plan and others (to be specified).

a) Within a minimum deadline of [Fifteen (15) days] from the date of notification of the Administrative Order to commence execution, the contractor shall submit in [six (6)] copies for the approval of [Contract Manager after the endorsement of the Project Manager (or Project Engineer)] the execution programme of the works, his supply calendar, his draft Quality Assurance Plan and the Environment Management Plan, where applicable.

This programme shall be exclusively presented according to the furnished models.

Two (2) copies of these documents will be returned to him within a deadline of fifteen (15) days from the date of reception with:

- Either the indication "GOOD FOR EXECUTION";
- Or the indication of their rejection including the reasons for the said rejection.

The contractor has eight (8) days to present a new draft. The Contract Manager or the Project Manager then has a deadline of five (5) days to give his approval or possibly make comments. Delay in approving the draft execution schedule shall stay the execution deadline.

The approval given by the Contract Manager or Project Manager does not in any way release the contractor of his responsibilities. Meanwhile, works executed before the approval of the programme shall neither be ascertained nor paid for. The updated and approved schedule will become the contractual schedule.

The contractor shall constantly update on site, a schedule that will take account of real progress of the site. Significant modifications may only be made on the contractual programme upon receiving the approval of the Project Manager. After approval of the execution schedule by the Contract Manager, the latter shall transmit it within five (5) days to the Contracting Authority without staying its execution. However, if important modifications alter the objective of the contract or the nature of the works, the Contracting Authority shall return the execution schedule accompanied by reservations to be lifted within fifteen (15) days of the date of reception.

b) The Environment Management Plan should bring out notably the choice technical conditions of the site and basic life, conditions of the backfill of the extraction sites and conditions for reinstating the works and installation sites.

c) The contractor shall indicate in this schedule the equipment and methods which he intends to use as well as the personnel he intends to employ.

d) The approval granted by the Contract Manager or Project Manager shall in no way diminish the responsibility of the contractor with regard to the harmful consequences which their implementation may cause both towards third parties and the respect of clauses of the contract.

30.2 Execution draft

- a) The execution plan documents (*calculations and drawings*) necessary for the realisation of all the parts of the structure must be submitted for the endorsement of the [Contract Manager or Project Manager] at most one month (*specify the duration which must not exceed one month*) prior to the date provided for the commencement of execution of the corresponding part of the structure.
- b) The Contract Manager or Project Manager has a deadline of *fifteen (15) days* to examine and make known his observations. The contractor then has a deadline of [*eight days*] to present a new file including the said observations.

30.3 In case of the non observance of the approval deadlines of the above documents by the Administration, these documents shall be deemed to have been approved

ARTICLE 31: ORGANISATION AND SAFETY OF SITES (article 50 of the GAC)

31.1 Signboards at the beginning and end of each section must be placed within a maximum deadline of **(01) one month** after the notification of the Administrative Order to commence work.

31.2 The contractor shall respect all standard safety measures during the execution and shall clear the site upon completion of the works

ARTICLE 32: IMPLEMENTATION OF STRUCTURES

32.1 The engineer shall within a maximum of fifteen (07) days following the date of notification of the service order to commence work, make himself available to the contractor for the setting out of the structures.

ARTICLE 33: SUB-CONTRACTING

This jobbing order may give rise to sub-contracts or subsidiary orders with a maximum accord of 30% of the initial jobbing order amount.

However, any recourse to sub-contractors or placing of subsidiary orders shall be subject to the prior authorization of the Contracting Authority. Notwithstanding the recourse to sub-contracting or placing of subsidiary orders, the contracting partner shall be responsible for the execution of all the obligation of the said jobbing order.

ARTICLE 34: WORKS SITE JOURNAL (LOG BOOKS)

34.1 The worksite journal shall be systematically jointly signed by the Engineer and the Contractor's representative each site visit.

34.2 It is a joint document in a single copy. Its pages shall be numbered and initialled. No page should be removed. The erased or cancelled parts shall be mentioned on the margin for validation.

Article 35: Use of explosives (article 60 of the GAC)

Subject to restrictions or prohibitions possibly stipulated in the SAC, the contractor must take under his responsibility, all the necessary precautions so that the use of explosives is not dangerous to the personnel and third parties and does not cause damage to neighbouring property and structures as well as to the structure forming the subject of the contracting.

CHAPTER IV: ACCEPTANCE

ARTICLE 36: PROVISIONAL ACCEPTANCE (article 67 of the GAC)

36.1 PRE- ACCEPTANCE OPERATIONS

Before the acceptance of the works the contractor shall ask in writing to the control Engineer, to organize a technical visit for pre-acceptance. This visit shall include the following operations.

- Qualitative and quantitative evaluations of the different works that have been executed.
- Findings and statement of the unexecuted task envisaged in the present jobbing order.
- Findings relative to the completion of the work
- Findings on the quantity of works that have been effectively realized

These operations shall be subject to a site report drawn up on the field, signed by the following.

-Control Engineer,

-Contractor.

- A Controller from MINMAP Bui

During this pre-reception, the engineer shall eventually specify the reserves to be lifted and the corresponding works to be effected before the reception. The Engineer shall fix the reception date in collaboration with the chief of service for the contract.

36.2 Acceptance

The acceptance commission shall comprise:

- 1- The Authorizing Officer or his representative (Chairman)
- 2- The Control Engineer..... (Secretary)
- 3- The Divisional Delegate of Public Contracts for Bui or his representative(Member)
- 4- The Project Manager (Member)
- 5- The Divisional Delegate Environment and Nature Protection (Member)
- 6- The Contractor or his Representative..... (Member)

The commission shall examine the report of the pre-acceptance and shall proceed to the acceptance. An acceptance report (process - verbal) of the works shall be prepared by the Engineer and sign by all the commission members.

ARTICLE 37: DOCUMENTS TO BE FURNISHED AFTER EXECUTION

- 37.1 The contractor shall furnish within **one (1) month** after completion of the works three (3) copies of all working documents and drawings as executed, especially those relevant to the maintenance of the works.
- 37.2 A penalty of 30% of the guarantee retention shall be retained in the event where the contractor fails to comply with Article 34.1 above.

ARTICLE 38: GUARANTEE TIME LIMITS

The guarantee period shall be **one (1) year** to run from the date of the provisional reception of the works.

ARTICLE 39: FINAL ACCEPTANCE

Final reception shall take place within a maximum deadline of fifteen (15) days from the date of expiry of the guarantee period.

The procedure for final reception shall be the same as for provisional reception.

CHAPTER V: MISCELLANEOUS PROVISIONS

ARTICLE 40: TERMINATION OF THE CONTRACT (article 74 of the GAC)

The jobbing order may be terminated as provided for in Part III Paragraph 2 of Decree No. 2004/275 of 24 September 2004 instituting the Public Contracts Code and equally under the conditions laid down in Articles 74, 75 and 76 of the GAC especially in case of:

- Delay of more than fifteen (15) days in the execution of a Service Order or unjustified stoppage of more than seven (7) calendar days;
- Delay in work resulting in penalties of more than 10% of the amount of the works;
- Refusal to repeat poorly executed works;
- Default by the contractor;
- Persistent on payment for services.

ARTICLE 41: FORCE MAJEURE (Unforeseen Circumstances)

If the contractor were to raise the issue of force majeure, the thresholds below which claims shall not be admitted are:

- Rainfall: 200 millimetres in 24 hours;
- Wind: 40 metres per second;
- Flood: decennial flood frequency.

ARTICLE 42: DISAGREEMENTS AND DISPUTES (article 79 of the GAC)

Disagreements and disputes resulting from the execution of this contract may be settled amicably.

Where no amicable solution can be found for a disagreement, it is brought before the competent court in Bui Division of the Republic of Cameroon

ARTICLE 43: DIFFERENCES AND DISPUTES

Any dispute arising from this jobbing order shall be resolved amicably. Failure to arrive at a compromise, the matter shall be referred to the competent court in Bui Division of the Republic of Cameroon.

ARTICLE 44: PRODUCTION AND DISSEMINATION OF THIS CONTRACT

The jobbing order shall be produced by the Contracting Authority and the contractor shall multiply it in Ten (10) copies at his expenses.

ARTICLE 45 AND LAST: ENTRY INTO FORCE OF THIS JOBBING ORDER

This jobbing order shall be regarded as finally concluded after its signature by the Mayor of Elak-Oku and it shall only come into force after it has been notified to the Contractor

DOCUMENT N° 5
SPECIAL TECHNICAL CONDITIONS (STC)

SPECIAL TECHNICAL SPECIFICATIONS

CONTROL OF QUALITY OF EQUIPMENT AND PERSONNEL BEFORE START OF ANY WORK

1. Setting out of the building
2. Excavation of trenches
3. Elevation of foundation (reinforcement, sand, gravel, stones, cement, concrete, mortar (dosages) and foundation finished and back filling)
4. Elevation of walls (reinforcement, sand, gravel, cement, form work and height of the building (14 courses (lines of blocks) before chain beam + dosages).
5. Roof (wood, pitch (2.0m), trusses, nails, roofing sheets, accessories, ceiling boards (4mm)) in the various phases. Reception of assembled roofing members before putting in place of roofing sheets and accessories
6. Concreting of floor and plastering (surface finished, materials, concrete, mortar (dosages))
7. Electricity (materials)
8. Metal works (materials (metal sheets, angle bar, aluminum frames, etc...), locks, hinges, etc.. and finished product)
9. Drainage (excavation and materials, concrete (dosages))

ANY CONTRACTOR WHO AVOIDS THE RECEPTION OF ANY OF THE PHASE ABOVE WILL BE DOING IT AT HIS OWN RISK (DEMOLITION).

1. TECHNICAL SPECIFICATIONS

The works, which are object of the present Contract, include all the works included in the technical estimates here below.

A) BRIEF PRESENTATION OF THE PROJECT

These present works concern the construction of two classrooms (all in one) for secondary schools at government standards in BUI Division. This building will be 23.6m long by 9.30m large including the office. Its height will be 3.05m from floor finish. It will have four metal doors and Aluminum sliding window. The roof is 2.0m high from the wall plate level. The roofing sheets are TOLE BAC 5/10e and the fascia boards, 30cm high round the perimeter of the roof. The external walls will be painted with "Pantex 1300", the internal walls and the ceiling with "Pantex 800", while the doors, the skirting and the foundation will be in oil paint. A gutter will be constructed round the building to facilitate drainage. The whole building will be electrified

B) DESCRIPTIVE NOTES:

TECHNICAL DESCRIPTIONS FOR THE CONSTRUCTION OF TWO (02) CLASSROOMS.

A-INTRODUCTION

The Technical descriptions of the norms in building construction are essential in defining the consistency and method of execution of the assigned task. Its smooth realization therefore depends on the strict respect of the updated general norms governing building construction works alongside all the specifications of the contract.

These descriptions are established to precise and complete indications found on the bill of quantities and estimates as well as on the various plans of this project.

C- MODE OF EXECUTION

The setting out of the building shall be duly supervised by the Control Engineer (Divisional Delegate of Public Works for Bui). In the same vein, all building materials (sand, gravel, cement, rods, roofing sheets, ridge covers, aluminum sheets for fascia board, wood, paint, plywood, metal doors, angle

bars, electrical materials and fittings, Etc..) shall be approved by the Control Engineer before use. All phases of works (formwork, steel work, concrete/mortar mix, prepared surfaces, Etc...) shall be afore received on minutes by the control.

1- GENERALITIES

PROJECT SIGN BOARD

The Contractor shall put in place at his expense project sign board(s) giving information about the project in conformity with the terms of the contract, indicating the project title, the enterprise, the contract engineer, the source of funding, the date of notification and the execution deadline.

HYGIENE AND SAFETY

The contractor shall ensure total hygiene and security of the site by constructing a temporal pit latrine and putting up a temporal fence around the project site as prescribed by the contract engineer.

The contractor shall be responsible for the protection of the structure before final acceptance. He shall equally be responsible for all materials and tools present on the project site. He shall seek an insurance policy to cover theft and fire accidents.

The contractor shall take all preventive measures against accidents. The project owner reserves the right to intervene in case of any emergency without necessary interfering with the responsibilities of the contractor.

VERIFICATION OF DIMENSIONS

The contractor shall verify all dimensions on the plans. For execution no dimension shall be measured with a scale rule from the plans. The contractor shall check in-situ the possibility of translating the dimensions on plans to the structure before work begins. He shall refer to the Contract Engineer in case of any doubt. He shall not on his own modify anything on the structure and shall consult the Contract Engineer concerning any changes that he considers necessary.

All modifications accepted by the contractor shall be accomplished in a specified duration and at his cost without modification of the contract amount. The project owner shall have the right to the final choice in case of any modification.

CONCRETE/MORTARS

In all masonry works, the mixture of concrete or mortars shall respect certain elementary qualities here in below described.

a) SAND

All the sand to be used shall be free from acids, organic matter, animal or vegetable matter. The grain size should be between 0/2.5mm for mortars and screed finish and between 0/5mm for structures in reinforced concrete. It shall be river sand.

b) GRAVELS

All the gravel for concrete shall be homogeneous. This gravel shall be free from silt or other noxious elements by sieving or washing with clean water. The grade shall be 5/15 and 15/25.

c) WATER

Water used in mixing concrete and mortars or washing of aggregates shall be free from salt and other impurities.

d) CEMENT AND ADDITIVES.

Cement used for concrete and mortars shall comply with the general conditions required by the rules in force. The cement to be used for this project should be CPJ 35 types 42.5 Bars manufactured by "CEMENCAM" and shall not present any trace of humidity. To avoid humidity, cement should be well packed on a well ventilated platform free from moisture. Any cement or additive which does not present a dusty aspect will be rejected forthwith and taken off the site immediately.

e) REINFORCEMENT

Rods for reinforced concrete are either the 'Round Smooth' type of 235 MPA or the 'Rough' type "HA" with an elastic limit of 400 and shall conform with the BAEL 91 or BS specifications. These rods shall be quite clean and free from oil, rust or paint.

They should not be twisted or recovered from other usage. There shall be a strict respect of plan in terms of steel works.

f) FORMWORK

Formwork for this exercise is the simple type. It shall be able to bear without noticeable deformations all the weight and pressure exerted on it by the concrete. It shall equally bear effects of concrete vibration and the weight of workers on it during concreting.

The formworks should be water tight to avoid the leakage of cement grout.

II. - SITE INSTALLATION

This essential task which is the responsibility of the contractor consists of the following;

- ❖ Erecting a temporal structure for the accommodation of a packing store and an office in which the site Log book and building plans will be permanently available. It also includes the preparation of a surface for the assembling of materials.

- ❖ Where necessary, temporary toilet, water and electrical connections will be required at the site to enhance a smooth realization of the project.

- SITE PREPARATION, STUDIES, EATHWORKS.

STUDIES

Studies comprise of:

- ❖ Drawing of Execution or detail plans to suitable scales.
- ❖ Establishment of the work planning chart.
- ❖ Other necessary details, which shall be made known to the Control Engineer before site visits.

PREPARATORY WORKS - IMPLANTATION

These works concern the demolition of any existing structure on the site and the evacuation of the rubbles to a site to be indicated by the Contract Engineer, the clearing and leveling of the site where necessary. The setting out will be in respect of the technical plans. The setting out profile boards will be at least 1, 20 m from the outside axes, this to facilitate terracing (trench and other earthworks) and a good circulation. No starting of excavation will be accepted by the Contract Engineer without the checking of the conformity of the setting out axes of the building.

The minimal depth of the excavation trenches will be of 70 cm, and depending on the soil bearing capacity. Where there is black cotton soil or soil with low bearing capacity at the bottom of the trench, the contractor shall continue excavation up to a depth as will be approved by the Control Engineer. The excavations will be done manually and no concrete or mortar shall be laid on the bottom of the trench without the acceptance of the trench by the control engineer.

CLEARING AND LEVELING OF THE SITE

The portion on which this building will be set out will be cleared and leveled, as well as clearing ten (10) meters wide round the building (this includes clearing of grass, felling of shrubs and trees, uprooting of tree stumps, Etc.). The vegetable matter, vegetative soil and other debris shall be taken away to a site approved by the Control Engineer.

EXCAVATION

In order to ensure a good stability of the building, foundation trenches shall be deep enough to meet a soil of good bearing capacity.

At all points of the foundation, the depth of trenches should not be less than 80cm. The walls of the trenches should be well straightened and the floor well leveled.

No excavation of the trenches should be done until the Control Engineer has accepted the setting out of the building on minutes. Equally no elevation of the foundation should be done until the control Engineer has accepted the excavation of trenches on minutes. During this acceptance he will equally accept the coarse sand, the gravel and the reinforcement of the foundation. Therefore the reinforcement will be done simultaneously with excavation of trenches

BACKFILLING

The soil excavated from the trenches may be used in backfilling provided it is of good quality. If not, selected or well graded soil (lateritic soil) from a borrow pit should be used for the purpose. The backfilling will be done in compacted layers of 20cm thick each. The soil to be used for backfilling should be free from noxious substances including vegetable matters. Any rejected soil should be discarded at a site approved by the contract engineer.

IV. - FOUNDATION WORKS

IV-i Lean concrete

This will be dozed at 150kg/m³ and 5cm thick laid on the floor of the trenches.

IV-ii - FOUNDATION FOOTINGS

These will be isolated footings in reinforced concrete:

- Dosage: The concrete will be dozed at 350 kg/m³.
- Reinforcement: It will be with Ø10 rods with hooks spaced at 15cm.
- Dimensions: 15 x 40 x 40 for square pillars of 15 x 15 (wall pillars) and 15 x 40 x 50 for rectangular pillars of 15 x 25 (veranda pillars)

IV-iii - FOUNDATION WALLS

The foundation walls shall be of 40cm thick solid stone masonry. These stones should be black stones (basalt) with an acceptable Los Angeles. These stones will be well shaped and erected using cement mortar dosed at 350kg/m³ such that no stone should touch another one.

IV-iv - FOUNDATION PILLARS

The reinforced concrete pillars as indicated on working drawings are described as follows;

- 20x20 wall pillars
- 20x25 (veranda pillars)

Dosage: 350kg/m³

Rods:

❖ Within the building: 20x20cm pillars

- Four (04) Ø10 longitudinal rods with Ø6 square stirrups rods at every 20cm and 15cm for overlap.

❖ **Veranda pillars: 15 x 25cm pillars**

- Six (06) Ø10 longitudinal rods with Ø6 rectangular stirrups rods at every 20cm and 15cm for overlap.

IV-v - FOUNDATION RING BEAM.

- ❖ Dosage 350kg/m³

- ❖ Rods: $\varnothing 6$ rectangular stirrups at every 20cm + 4 $\varnothing 10$ longitudinal rods.

V-vi - HARDCORE FILLING

This will consist of gravel, laterite or stones duly laid on the rammed floor to a specific thickness as prescribed in the plan and approved by the Control Engineer.

V-vi - STAIRS AND/ OR SLABS AT THE ENTRANCES OF CLASSROOMS

Reinforced concrete slabs of 1.2m and/or stairs of well plastered 15x20x40 filled blocks will be constructed at the entrances of classrooms as approved by the Control Engineer.

V - ELEVATION AND MASONRY WORKS

V-i WALLS

The supporting walls shall be of sand screed block work with 15x20x40 hollow blocks duly laid in stretcher bond with cement mortar. The moulding of 28 blocks per bag of cement is recommended for reasonable resistance.

Note: The partition walls should be sand screed block work with 15x20x40 hollow blocks.

V-ii PILLARS

These shall be in reinforced concrete of 15cm x 15cm in the walls and 25cm x 15cm at verandas Dosed at 350kg/m³.

Reinforcement:

- ❖ Ø6 square stirrups rods at every 25cm + 4Ø8 longitudinal rods for 15cm x 15cm pillars.

- ❖ Ø6 rectangular stirrups at every 25cm + 6Ø8 longitudinal rods, for 15cm x 25cm veranda pillars.

V-iii - LINTELS

These are in reinforced concrete of 15cm x 20cm in respect of the thickness of the walls.

Dosage: 350kg/m³.

Reinforcement:

- ❖ Ø6 Stirrups rods every 25cm and 20cm at overlap+ 4 Ø 8mm longitudinal rods.

V-iv -BEAMS

- **WALL PLATE (RING BEAMS)**

They will be in reinforced concrete of 15cm x 20cm

- Dosage: 350 kg/m³

- Reinforcement: Ø6 stirrups rods at every 25cm and 20cm at overlap + 4 Ø8 longitudinal rods.

- **VERANDA BEAMS:**

These are of reinforced concrete of 15x20cm.

Dosage: 350kg/m³

Reinforcement: $\varnothing 6$ Rods rectangular stirrups at every 20cm + 4 $\varnothing 8$ longitudinal rods.

NOTE : Reinforcement Schedule.

N°	STRUCTURAL ELEMENT	N°	MAIN RODS(HA)	STIRRUPS		DOSAGE	ROD STRENGTH
			ϕ	ϕ	SPACING		
1	Foundation pillars and Ground beam	6/4	10mm	6mm	25cm	350kg/m ³	Fe-E-400
2	Lintel (15x20)	4	8mm	6mm	25cm	350kg/m ³	Fe-E-400
3	Veranda Pillars 15x 25	6	8mm	6mm	20cm	350kg/m ³	Fe-E-400
4	Wall pillars 15x15	4	8mm	6mm	25cm	350kg/m ³	Fe-E-400
5	Wall plate (tie-beams) 15x20	4	8mm	6mm	25cm	350kg/m ³	Fe-E-400
6	Beams 15x20	4	8mm	6mm	25cm	350kg/m ³	Fe-E-400
7	Veranda beam 15 x 20	4	8mm	6mm	20cm	350kg/m ³	Fe-E-400

NB: - Spacing of stirrups at all overlap should be 20cm

-All the doors and window openings shall be all round in reinforced concrete of 15 x 15cm with 4 ϕ_8 rods and stirrups spaced at 25cm.

V-v - OVERSITE CONCRETE

This is mass or reinforced concrete of 8cm thickness to be laid over the hardcore filling. The surface shall be float finished.

In zones where the soil has a good bearing capacity, mass concrete shall be used while in marshy areas reinforced concrete will be more adequate.

The characteristics of this reinforced concreting in marshy areas shall be as follows: Concrete: Dosage 300 kg/m³, reinforced by a mat of ϕ_6 rods spaced at 15cm in both directions.

Thickness: eight (08) cm on a polystyrene paper of 400 microns

V-vi - CEMENT/SAND MIX FOR FLOOR FINISH

This is cement/sand mortar spread on the over site concrete to a thickness of 4cm and duly trowel finished.

- Dosage: 400kg/m³

V-ix- CEMENT/ SAND PLASTER ON WALLS

This shall be realized in two coats: Roughing-in with cement mortar of coarse sand dosed at 500kg/m³ and a finishing coat with cement mortar of fine sand dosed at 400kg/m³ with an average thickness of 1.5cm. The recommended sand for this purpose is medium/soft sand free from all impurities and salt.

V-xi - CHALK BOARDS

Two (02) boards will be constructed per classroom. One (01) for normal lessons and the other one for home works. These are realized in cement/sand mortars with expanded metal mesh duly buried in the mortar. It should extend from the surface of the wall to a thickness of 2cm with a trowel finished surface and two coats of black or green chalk board renovator. There should be provision for the spare chalk used in teaching to be kept.

Dimensions: Length= 5m, height = 1.20m, thickness = 2cm i.e. (5x1.2x0.02). Each board should be 105cm from the floor finish.

V-xii - TEACHER'S PLATFORM (Estrade)

There will be constructed under the main chalk board a platform for the teacher to freely move along.

This will be done as per the dimensions of the detailed drawings and following the prescriptions of the Control Engineer.

VI - FRAMEWORK, ROOF, AND CEILING WORKS

VI-i - ROOF TRUSSES

These are rafters made up of hard wood 5cmx15cm duly treated with xylamon or other insecticide approved by the Control Engineer and assembled with tie beams of 5cmx15cm and braces of 5cmx15cm as designed in plan.

They are rigidly fixed to the pillars' tie rods and the tie rods provided on the ring beam.

PURLINS

These are hardwood purlins of 5cmx8cm duly treated with xylamon or other insecticide approved by the Control Engineer and fixed on the trusses to receive the roofing sheets.

N.B. ALL THE TIMBER FOR ROOFING SHALL BE TREATED WITH XYLAMON OR COLOURLESS SOLIGNUM OR ANY OTHER INSECTICIDE APPROVED BY THE CONTROL ENGINEER.

VI-II - ROOFING SHEETS

The building shall be roofed with TOLE BAC 5/10° (cinq dixieme) roofing sheets gauged with a fixed length prescribed in the drawings (6m long each) or by the Control Engineer. These roofing sheets shall be fixed in place with special nails, covers and bitumen sheets sold together.

- The ridge shall be covered with aluminum ridge piece
- The fascia board shall consist of 5cm x 8cm hard wood which shall receive aluminum sheets with aluminum lining.

VI-iii- CEILING

Ceiling Joists

All ceiling joists shall be hardwood of 5cm x 8cm with moulded ceiling battens. They shall be treated with xylamon or other insecticide approved by the Control Engineer.

Ceiling board

This is done with 4mm thick ceiling boards of 60cm x 120cm, duly fixed on ceiling joists and the joints at the walls covered with battens as stated above. It shall be in block form.

N.B:

- a) Eaves: This shall be of smooth zinc sheets (tole lisse)
- b) **Ventilation:** The ceiling shall be ventilated with 4 holes covered with mesh and three holes of prefabricated elements at the gable ends and the dove
- c) **Access to the ceiling:** Each of the classrooms should be provided with an access vent and cover as well as the office.

VII -METAL WORK AND JOINERY

VII -i - Doors and Windows:

- Door shutters (97 x 220) cm shall be made of metal of double metallic panels 10/10° on both sides, fixed on metallic angle bars (35x35) mm securely anchored to the walls for the classrooms, (90X220)cm for the office main door and (90X220)cm hard wooden raise panels fixed on wooden frames and securely anchored to the walls for the office inner door and external door.. All external door shutters shall open to the outside.

-All window openings (210 X 110) cm for the classrooms and (120 x 110) cm for the offices shall be fitted with sliding aluminum glazed panels shutters and fixed window protectors (210 X 110) cm, (120 x 110) of vertical striped metallic tubes (25mm) respectively. There will also be a provision for internal protection of the windows.ie (Two vertical striped metallic 25mm on each panel secured to walls with screws

NB: the designs of the doors and windows must be approved by the control engineer. Security locks of high quality are recommended.

VII-ii - ANGLE BARS FOR FLOOR FINISH

Angle bar 30mm shall be fixed on edges of the floor finished along the veranda, the doors (eventually), the teacher's platform and the stairs to avoid damage of these sharp edges.

N.B All the metal works will be given two coats of anti-rust before supply to the site.

VIII - ELECTRICAL INSTALLATION

VIII-i -CONDUITS

13mm Orange plastic conduits buried in duly chiseled sand screed block work.

VIII-ii CABLING

The cables to be used should either be in VGV OR TH (pure copper).

- 1.5 mm² VGV cable for lighting
- 2.5mm² TH cable for sockets.

VIII iii - FITTINGS AND APPLIANCES

There will be a fuse box complete with 10 A and 16A fuses for lighting and power circuits respectively and the building shall be earthed.

The lamps shall be original 1.2m fluorescent lamps and of the 'PHILIP' or 'MAZDA' trademark. Other accessories (sockets, switches, Etc.) will be as prescribed by the Contract Engineer.

All trademarks though prescribed by the Control Engineer or by these present specifications shall be approved before being fitted.

IX-PAINTING AND DECORATION

Surfaces to be painted shall be brushed, dressed, smoothened and primed with ordinary paint (national paint) before applying a thoroughly mixed homogenous paint as prescribed.

The following specifications shall be respected:

IX-i - PRIMING

Internal and external walls: To be primed with ordinary paint

IX-ii FINISHING

- **Ceiling:** shall be painted with **pantex '800'** in 2 Coats;
- **External walls:** Shall be painted with **2 Coats of Pantex '1300'** or its equivalence backed by an equivalence table from the supplier.
- **Internal walls:** Shall be given **2 Coats of Pantex '800'** or its equivalence backed by an equivalence table from the supplier.
- **Wall skirting in classrooms:** Shall be 1m high from floor finish and shall be painted in **02 coats of oil paint.**
- **Elevated foundation wall:** 02 coats oil paint
- **All metal works:** shall be given 02 Coats of oil paint.

X - DRAINAGE

X-i - Gutter (not indicated on the plan)

Trenches shall be excavated round the building to receive a **40cm** wide by **30cm** deep gutter with the floor sloped at 2% minimum to facilitate the flow of water. The flooring of the gutters will be **08cm** thick and the walls shall be plastered with cement mortar.

The walls of the gutters shall be **10 cm** thick in mass concrete dosed at **300 kg/m³** and the floor shall be in mass concrete dosed at **300 kg/m³**. These gutters shall include two offshoots of **1.5m** long each.

These gutters will be covered on a width of 1.2m with pre-cast reinforced concrete slabs and/or stairs at the entrances to the classrooms.

There shall be provision for two access ramps (1.5 m wide) to the classrooms for disabled persons.

The sections behind the constructed gutters shall be backfilled and well compacted.

X-ii EXTERNAL VERANDA

Besides the main veranda of the classrooms, the space round the building between the gutters and the building which is 90cm wide (and 80cm wide at gable ends) shall be covered with mass concrete 8cm thick dosed at 300kg/m³.

SUMMARY OF BATCHING FOR ONE BAG OF CEMENT

Designation	Dosage of cement CPJ 35	Sand (wheelbarrows)	Gravel 5/15 (wheelbarrows)	Gravel 15/25 (wheelbarrows)
Concrete for Blinding and frog-filling	150 kg/m ³	2 of coarse sand	4	0
Mass concrete for floor	300 kg/m ³	1 of coarse sand	1	1.5
Concrete for RC elements	350 kg/m ³	1 of coarse sand	1	1
Mortar for roughing-in plaster (1st coat)	500 kg/m ³	1.5 of coarse sand	0	0
Mortar for finishing coat of plaster (2 nd coat)	400 kg/m ³	2 of coarse sand	0	0
Sand screed for floor finish	400 kg/m ³	2 of coarse sand	0	0
Mortar for manufacture of hollow blocks (non load bearing)	300 kg/m ³	3 of coarse sand	0	0
Interlay mortar	300 kg/m ³	3 of medium sand	0	0
Mortar for stone masonry	350kg/m ³	2.5	0	0

NB: All phases of this project shall be received on minutes by the project Engineer and copies forwarded to the project owner and the contracting Authority.

DOCUMENT N° 6

SCHEDULE OF UNIT PRICES

SCHEDULE OF UNIT PRICES			
NO	DESIGNATION	U.P. in figures	U.P. IN WORDS
LOT 100	PRELIMINARY WORKS		
101	Site installation This lump sum price include the cost of: - Transporting the equipment to the site - Removal of equipment - Mobilisation of personnel - Construction of a temporal fence in local materials to enclose the whole work site, site huts, offices and a store A lump sum cost		
102	Installation of project information board This lump sum price include the cost of: - Production of information board as per sample in the tender file - Installation of the information board at an area prescribed by the project team A lump sum cost		
103	Preparation of working documents This lump sum price include the cost of: - Studies relative to the construction of the structure - Executing documents (Site logbook, detailed programme, report of execution and insurance policy) A lump sum cost		
104	Clearing of site The price per Square meter include The clearing vegetable soil/other debris A square meter (m2)		
105	Implantation of the building This lump sum price include the cost of setting out the building A lump sum cost		
LOT 200	EARTHWORKS		
201	Mass excavation and leveling of platform The price per cubic meter include - The tracing/removal of soil within the limits of the implantation area of the building including working space 5m round the structure - The leveling of the platform A cubic meter (m3)		
202	Digging of foundation trenches and footings This price per cubic meter include: The cost of (digging) excavation of all trenches/footings right to the resistant soil minimum 80cm from leveled platform A cubic meter (m3) cost		
203	Backfilling with selected laterite soil The price per cubic meter include; The cost of backfilling/compaction with selected laterite (free from all vegetation and debris) in successive layers of 20cm A cubic meter (m3) cost.....		
LOT 300	FOUNDATION		
301	Blinding concrete dosed at 150kg/m3 This price per cubic meter is the cost of: Laying a 5cm thick blinding concrete at the base of the foundation trenches dosed at 150kg/m3 A cubic meter (m3) cost		
302	Foundation in black stone wall- 40cm thick This price per cubic meter of masonry stones		

	The cost of filling of the stones dosed at 200kg/m³ A cubic meter (m³) cost		
303	Reinforced concrete footing, pillars and ground beams dosed at 350kg/m ³ This price per cubic meter include; - The cost of realizing foundation footing of section 30x30 or 40x40 as specified on the plan - Foundation pillars section 20x20 or 20x30 - Cost of reinforcement rods - Cost of form work A cubic meter (m³) cost		
304	Mass concrete floor of thickness 10cm dosed at 300kg/m ³ This price per cubic meter shall include; - The cost of realizing mass concrete floor of thickness 8cm - Finishing with cement past A meter cube (m³) cost		
LOT 400	WALL MASONRY		
401	Blocks 15x20x40 for wall elevation This price per square meter include The cost of raising the walls with 15x20x40 sand screed blocks with sufficient resistance. A square meter m² cost		
402	Plastering/Rendering with cement mortar dosed at 500kg/m ³ and 400kg/m ³ for spatadash and final coat respectively This price per square meter include - The cost of spata-dashing with rich mortar. - The cost of plastering proper and dressing of pillars, beams and other related tasks. A square meter m² cost		
403	Reinforced Concrete for pillars, lintels, and final beams and beams/pillars around the openings dosed at 350kg/m ³ This price per cubic meter shall include - The cost of realizing pillars 15x15 in the walls and 15x30 on the veranda with reinforced concrete dosed at 350kg/m³ - The cost of realizing the lintels and the beams with reinforced concrete dosed at 350kg/m³ - Cost of casting beams/pillars around the openings and other the works A cubic meter (m³) costs		
404	Wall blackboard (500x120x2)cm with cement past finish, wire mesh and painting - The unit cost of realizing a chalk board of required dimensions with wire mesh/ cement paste finishing. - The cost of oil paint for the chalkboard. A unit (u) cost		
405	Floor finish in cement screed of 4cm dosed at 400kg/m ³ and cement paste This price per square meter include; - The cost of realizing a floor screed of thickness 4cm - Finishing with cement past		
406	Black board stages with 30mm angle bar at the edges The unit cost of realizing a board stage include; - The cost of realizing mass concrete/. - The cost of backfilling. - The cost of screed/30mm angle bar and finishing with cement paste A unit (u) cost		

407	Filling of the gap between the wallplate and the roof with blocks 15x20x40cm round the office section. This price per square meter include The cost of raising the walls with 15x20x40 sand screed blocks with sufficient resistance flush to the roof. A square meter m2 cost		
LOT 500	ROOF		
501	Complete roof trusses in treated hard wood (King-post = 200cm) with rafters of (5x15)cm, 8 main/8 secondary This price per unit include; The cost of supplying and the putting in place rafters realized with season hard wood and treated with xylomon or any other products of similar characteristics. It shall be of section (5x15)cm A unit (u) cost		
502	Purlins (5x8)cm This price per cubic meter include; - The cost of treated hard wood of section 5x8 - The cost of putting in place + accessories A cubic meter (m3) cost		
503	Noggings (5x8)cm This price per cubic meter include; - The cost of treated hard wood of section 5x8 - The cost of putting in place + accessories A cubic meter (m3) cost		
504	Ceiling of 4mm thick brown plywood This price per square meter include; - The cost of supplying and putting in place of 4mm thick brown plywood - The cost of the nails, battens + accessories. A square meter (m2) cost		
505	Ceiling at the eaves with smooth zinc (tole lisse) This price per square meter include; - The cost of supplying and putting in place of smooth zinc - The cost of the nails, battens + accessories. A square meter (m2) cost		
506	Aluminium roofing sheets (tole bac 5/10mm) This price per square meter includes; - The cost of supplying and putting in place roofing sheets (tole bac 5/10) on the whole building - The cost of gaskets screw nails and other accessories A square meter (m2) cost		
507	Fascia board (Tole bac 5/10mm of 30cm height) including lining This price per square meter includes; The cost of supplying and putting in place a fascia board of width 30cm with sheets (tole bac 5/10) including lining and other accessories A square meter (m2) cost		
508	Angle sheets This price per meter length include; The cost of covering with aluminum (angle sheets) at the gable ends. A meter length (ml) cost		
511	Alu ridge cap 50cm large This price per meter length includes; The cost of supplying and putting in place a ridging sheet of width 50cm A meter length cost (ml)		
510	Ventilation of roof (pre-fabricated) at the eaves This price per unit include;		

	The cost of fabricating or purchasing and putting in place on all the gable ends and dove of the building air vents. A unit (u) cost		
LOT 600	METAL WORKS AND JOINERY		
601	Metal door of 90x220 with PACO lock and two pad locks and accessories for the office (external) This price per unit include; - The cost of fabricating and putting in place a metallic door with sheeting on both sides. - The cost of PACO lock and hinges - The cost of pad locks - The cost of application of anti-rust A unit (u) cost		
602	Wooden door of raised panels in hard wood + wooden frame fitted with a solid lock 90X220cm for the office (the external door shall be doubled i.e. metal and wood) This price per unit include; - The cost of fabricating and putting in place wooden panel doors in well vanished and seasoned hard wood - The cost of PACO lock and hinges - The cost of wooden door frames A unit (u) cost		
603	Metal door of 97x220cm fitted with solid locks for the classrooms This price per unit include; - The cost of fabricating and putting in place metallic doors with sheeting on both sides. - The cost of PACO lock and hinges - The cost of pad locks - The cost of application of anti-rust A unit (u) cost		
604	Aluminum glazed windows of (210X110)cm with internal protection for the classrooms This price per unit include; - The cost of fabricating and putting in place of complete aluminum sliding windows, 4mm thick glass. - The cost of provision of internal protection with tube of 30mm and bolts A unit (u) cost		
605	Aluminum glazed windows of (120X110)cm with internal protection for the office This price per unit include; - The cost of fabricating and putting in place of complete aluminum sliding windows, 4mm thick glass. - The cost of provision of internal protection with tube of 30mm and bolts A unit (u) cost		
606	Window protectors in 30mm square tubes (210x110)cm for the classrooms and offices This price per unit include; - The cost of fabricating and putting in place of window protectors of tube size specified above. - The cost of application of anti rust A unit (u) cost		
607	Window protectors in 30mm square tubes (120x110)cm for the office This price per unit include; - The cost of fabricating and putting in place of window protectors of tube size specified above. - The cost of application of anti rust A unit (u) cost		
608	This cost per meter length includes; Angle 30cm metallic bar at veranda/door		

803	Two coats of water resistant paint (pantex 1300) on external walls The price per square meter includes; The cost of priming and painting of external walls with pantex 1300 (double coats) A square meter (m2) cost		
804	Oil paint on metallic doors (chasi-red) & skirting (coffee brown) at window sill level externally and internally This price per square meter includes The general cost of painting the wooden, metallic elements with oil paint (glyverophtalic) including skirting A square meter (m2) cost		
LOT 900	EXTERNAL WORKS		
901	Rain water(run-off) gutters 30x40cm with off shuts of 1.5m This general cost of realizing a concrete gutter of width 30cm and depth 40cm thickness 10cm all-round the floor. It shall be dosed at 300kg/m3 A meter length(ml) costs		
902	Concreting of external veranda (dosed at 300kg/m3) This general cost of realizing a concrete veranda of width 85cm and thickness 10cm all-round the building. It shall be dosed at 300kg/m3 A meter cube (m3) costs		
903	Prefabricated concrete slab / stairs on gutter at entrances of the classrooms protected with 25mm angle bar This price per unit shall include The cost of realizing slabs 120cm wide on gutters at entrances with reinforced concrete dosed at 350kg/m3 and protected with 25mm angle bar at edges A unit (u) costs		
904	Concrete ramps (2m wide) of reinforced concrete dosed at 350kg/m3 protected with 25mm angle bar This price per unit shall include The cost of realizing ramps 2m wide on gutters at entrances with reinforced concrete dosed at 350kg/m3 and protected with 25mm angle bar at edges A unit (u) costs		
LOT 1000	HYGIENE AND ENVIRONMENTAL PROTECTION		
1001	Provision of three trash cans labelled PIB 2018, two incinerating pits (2x2x1.5)m protected with dead wood/bared wire and planting of ten trees This lump sum cost is for : - Purchase and supply of the cans with labels as prescribed - Planting of environmental friendly trees - The digging of a dump pit with the above diamentions		

DOCUMENT N° 7
BILL OF QUANTITIES AND ESTIMATES

**BILL OF QUANTITIES AND ESTIMATES FOR THE CONSTRUCTION OF A BLOCK OF TWO
(02) CLASSROOMS AT CNFZVH-JAKIRI**

ITEM	DESCRIPTION	UNIT	Q'TY	RATE	AMOUNT
100:PRELIMINARY WORKS					
101	Site installation	ff	1		
102	Installation of project information board	ff	1		
103	Studies (execution planning, report of execution etc)	ff	1		
104	Clearing of the site	ff	1		
105	Implantation of the building	ff	1		
SUBTOTAL 100					
200:EARTHWORKS					
201	Leveling of platform	M ³	31.5		
202	Digging of foundation trenches and footings	m ³	28.5		
203	Backfilling with selected lateritic soil	m ³	30		
SUBTOTAL 200					
300: FOUNDATION					
301	Blinding concrete	m ³	2.6		
302	Foundation in black stone-walls 40cm thick or frog filled blocks of 20x20x40	m ³	43		
303	Reinforced concrete for footings, pillars and ground beams dosed at 350kg/m ³	m ³	6.2		
304	Concrete floor (8cm thick dosed at 300kg/m ³)	m ³	23.5		
SUBTOTAL 300					
400: WALL MASONARY					
401	Blocks of 15x20x40 for wall elevation	m ²	218		
402	Rendering with cement mortar dosed at 500kg/m ³ and 400kg/m ³ for spatadash and final coat respectively	m ²	436		
403	Reinforced concrete for pillars, lintels, final beams and beams / pillars around the opening dosed at 350kg/m ³	m ³	7.6		
404	Wall blackboard (500x120 x 2)cm with cement paste finish including painting	U	4		
405	Floor finish in cement screed of 4cm (dosed at 400kg/m ³) and cement paste	m ²	205.2		
406	Black board stages	U	2		
407	Filling of the gap between the wall plate and the roof with blocks 15 x 20 x 40cm round the office section	M ²	18		
SUBTOTAL 400					
500: ROOF					
501	Truss (complete in hard wood treated, King-post = 175cm) rafters (5x15) cm	U	16		
502	Purlins (5x 8) cm	m ³	1.5		
503	Noggings (5x 8) cm	m ³	2.56		
504	Ceiling Boards of 4mm thick plywood (red)	m ²	233.6		
505	Ceiling at the eaves with smooth zinc (tolelisse)	m ²	68		
506	Aluminum roofing sheets(Tolebac 5/10mm)	m ²	300		
507	Fascia board (Tolebac 5/10mm of 30cm height) including lining	m ²	25		
508	Angle sheets	ml	30		
511	Alu ridge cap 50cm large	ml	28.5		
510	Ventilation of roof (pre-fabricated) at the eaves	U	3		

		SUBTOTAL 500			
	600: METAL WORK AND JOINERY				
601	Metal door of 90x220 (with PACO and two pad locks) complete for the office(external)	U	1		
602	Wooden door of raised panels in hard wood + wooden frame fitted with a solid lock (90x220) cm for the office (the external door shall be doubled i.e. metal and wood)	U	5		
603	Metal door 100 x 220cm fitted with solid locks for the classrooms	U	4

ANNEX N°. 2: MODEL BID BOND

Addressed to *[indicate the Contracting Authority and his address]* "Contracting Authority"

Whereas the undertaking _____ hereinafter referred to as the "bidder" has submitted his tender on _____ for *[recall the subject of the invitation to tender]*, hereinafter referred to as "the tender" and to which shall be attached a bid bond equivalent to *[indicate the amount]* CFA francs.

We _____ *[name and address of the bank]*, represented by _____ *[names of signatories]*, hereinafter referred to as "the bank" hereby declare to guarantee payment to the Contracting Authority of the maximum sum of *[indicate the amount]* CFA francs, that the bank pledges to pay in full to the Contracting Authority, binding itself, its successors and assignees.

The conditions of this commitment are as follows:

If the bidder retires his tender during the validity period specified by him in the tender; or

If the bidder, having been notified of the award of the contract by the Contracting Authority during the validity period:

- Fails or refuses to sign the contract, even though required to do so;
- Fails or refuses to furnish the final bond for the contract (final bond) as provided for by the contract;

We pledge to pay to the Contracting Authority an amount up to the maximum of the sum referred to above upon reception of his first written request, without the Contracting Authority having to justify his request, given, however, that in his request the Contracting Authority shall note that he is due the amount he is claiming because one or the other or both of the above condition(s) has (have) been fulfilled and he shall specify which condition(s) took effect.

This bond shall enter into force from the date of signature and from the date set by the Contracting Authority for the submission of tenders. It shall remain valid up till the thirtieth day inclusive following the end of the deadline for the validity of tenders. Any request by the Contracting Authority to cause it to take effect should reach the bank by registered mail with an acknowledgement of receipt before the end of this period of validity.

This bond shall, for purposes of its interpretation, be submitted to Cameroon law. Cameroon courts shall be the only jurisdictions competent to rule on this commitment and its consequences.

Signed and authenticated by the bank at _____, on _____

[Bank's signature]

ANNEX N°. 4: Model of start-off advance bond

Bank: reference, address _____

We, the undersigned, (bank, address) hereby declare by the present to guarantee on behalf of _____ [the holder] to the benefit of the Contracting Authority [address of the Contracting Authority] (the beneficiary)

The payment, without contest and upon receipt of the first written request by the beneficiary, declaring that _____ [the holder] has not fulfilled his obligations relating to the reimbursement of the start-off advance according to the terms of contract No. _____ of _____ relating to _____ works [indicate the subject of the works, the references of the invitation to tender and the lot, if possible] of the total sum corresponding to the advance of [twenty (20) %] of the amount inclusive of all taxes of contract No. _____, payable upon notification of the corresponding Administrative Order that is, _____ CFA francs.

This bond shall enter into force and shall take effect upon reception of the respective parts of this advance into the accounts of _____ [the holder] opened in the _____ bank under No. _____.

This bond shall remain in force up till the reimbursement of the advance in accordance with the SAC. However, the amount of the guarantee shall be proportionately reduced on the progressive reimbursement of the advance.

The applicable law and jurisdiction shall be those of the Republic of Cameroon.

Signed and authenticated by the bank at _____ on _____

Signature of the bank

ATTACHMENT No. 5: MODEL OF PERFORMANCE BOND (RETENTION FUND)

Bank: _____

Reference of the bond: No. _____

Addressed to *[Indicate the Contracting Authority]*

[Address of Contracting Authority]

Hereinafter referred to as "the Contracting Authority"

Whereas _____ *name and address of Supplier*] hereinafter referred to "the contractor", pledged, in execution of the contract, to carry out the works of *[indicate the subject of the work]*

Whereas it is stipulated in the contract that the retention fund fixed at *[percentage below 10 % to be specified]* of the amount of the contract may be replaced by a joint guarantee,

Whereas we have agreed to provide the Contractor with this guarantee,

We, _____ *[name and address of the bank]*,

Represented by _____ *[names of signatories]* and hereinafter referred to as "the bank",

Hence, we hereby affirm that on behalf of the Contractor, we guarantee and are responsible to the Contracting Authority for a maximum amount of _____

[in figures and letters] corresponding to *[percentage below 10 % to be specified]* of the contract price².

And we pledge to pay to the Contracting Authority within a maximum deadline of eight (8) weeks upon his simple written request declaring that the contractor has not fulfilled his contractual obligations or is indebted to the Contracting Authority within the meaning of the contract, amended where need be, by its additional clauses, without being able to defer the payment nor raise any contest for whatever reason, any sum(s) within the limits of the amount equal to *[percentage below 10 % to be specified]* of the total amount of the works featuring in the final detailed account, without the Contracting Authority having to prove or give the reasons nor the motive for the amount of the sum indicated above.

We hereby agree that no change or addendum or any other amendment shall release us of any obligation incumbent on us by virtue of this bond and we hereby incline by the present to the notification of any amendment, addendum or change.

This bond shall enter into force upon signature. It shall be released within thirty (30) days from the date of the final acceptance of the works and upon release issued by the Contracting Authority.

Any request for payment formulated by the Contracting Authority by virtue of this bond should be done by registered mail with acknowledgement of receipt to reach the bank during the period of validity of this commitment. This bond shall, for purposes of its interpretation and execution, be subject to Cameroon law. Cameroon courts shall be the only jurisdictions competent to rule on this pledge and its consequences.

Signed and authenticated by the bank at _____ on _____

[Signature of the bank]

³ In the case where the bond is established once upon start of the works and covers the full bond, that is, 10 % of the amount of the contract

ANNEX N°. 6: Schedule framework

The quantities, daily outputs, the duration of execution of works and the slowdowns or even the due interruptions shall be clearly brought out in the schedules.

The financial schedule resulting from the schedule of works shall indicate month by month, the estimated amounts of the detailed accounts of works by item and cumulatively by taking into account the incidence of rainy seasons for the basic solution and possibly variant solution.

[Signature of the bank]

B.5.4	Proof of ownership of a Hand compactor or show proof of ability to hire		
B.5.5	Masonry Kit : Wheelbarrows, masonry clamps, masonry hammer 300g, shovel, dig axe, building level, masonry bucket , trowels, etc.		
	Carpentry Kit : carpentry clamps, saws, harmers, etc.		
B.6	FINANCIAL CAPACITY		
B.6.1	Pre – Financing capacity from banking or institutions of first order approved by the Ministry in charge of finance, not less than 80% to the amount required in the offer.		
B.7	ATTESTATION OF SITE VISIT AND SITE VISIT REPORT		
B.7.1	Attestation of site visit signed by the contractor		
B.7.2	Site visit Report of (The bidder shall under his responsibility visit the site and gather all the information necessary for the preparation of his technical proposals signed by the contractor and justified by pictures		
B.8	The Special Administrative Clauses (SAC); (each page should be initialed and the last page signed And stamped).		
B.9	The Special Technical Clauses (STC). (Each page should be initialed and the last page signed And stamped).		

EVALUATION GRID OF FINANCIAL OFFER			
C.1	The bid itself according to the model attached, shall be stamped at the rate in force, dated, signed And stamped by the contractor		
C.2	Unit price schedule duly completed, with an indication of the unit price excluding VAT in words and in figures. (signed And stamped)		
C.3	Detail quantities and cost estimated (signed And stamped)		
C.4	The sub-details of prices(signed And stamped)		

NB: The financial evaluation shall be based on the corrected amount of the bid. It shall consist of the analysis of the coherence of prices as well as the amounts of the totals

Main Evaluation criteria's

The bids shall be evaluated according to the main criteria as follows:

A/ Eliminatory criteria

- Absence of an administrative document;
- Bids submitted after the deadline or time limit,
- Absence of the bid bond or bid bond not issued directly in bidder's name by a first rate bank approved by the Ministry in charge of Finance.
- Deadline for delivery higher than prescribed;
- False declaration or forged documents;
- Bids submitted in unsealed external envelopes,
- A bid with the external envelope carrying a sign or mark leading to the identification of the bidder.
- Incomplete financial file.
- Technical assessment mark lower than 80% of "Yes".
- Absence of quantified unit price,
- Financial situation below a third of the estimated cost,
- Bidders who have abandoned a project within the last two previous years.

iii. Essential criteria

B/ Essential criteria

The criteria relating to the qualification of candidates are based on the following:

- *General presentation of the tender files;*
- *References of the company in the similar achievements;*
- *Experience of supervisory staff ;*
- *Logistics (Equipment);*
- *Methodology;*
- *Financial capacity;*
- *Attestation of site visit signed by the contractor*
- *Report of site visit signed by the Contractor*
- *The Special Technical Clauses (STC). (Each page should be initialed and the last page signed and stamped);*
- *Special Administrative Clauses completed (each page should be initialed and the last page signed and stamped);*
- *Pre – Financing capacity greater or equal to the amount required in the offer*

The essential criteria are subjected to minima whose detail is given in the Special Regulation of the Invitation to tender (RPAO).

C/ Main qualification criteria

The criteria relating to the qualification of candidates could be indicative on the following:

The essential criteria are subjected to minima whose detail is given in the Special Tender Regulation (RPAO).

This evaluation will be done in a purely binary method with a (yes) or a (no) with an acceptable minimum of 80% of the essential criteria taken in account.

The contract will be awarded to the bidder who would have proposed the offer with the lowest amount, in conformity with the regulations of the Tender Documents and having satisfied to 100% of the eliminatory criteria and at least 80% of the essential criteria.

MODEL ATTESTATION OF SITE VISIT

I the undersigned

Engineer of the Company: (Name of Enterprise),

Has actually visited the site which is going to receive the structure
relative TENDER ___/ONIT/
