

THE SHEDULE OF UNIT PRICES (*PRICE ENCLOSURE SLIP*)

CONTENT

CHAPTER I GENERAL PROVISIONS

Article 01- General

Article 02- Definition and consistency of prices

THE SCHEDULE OF UNIT PRICES

Article 01: GENERAL

In general, the contractor is supposed to be fully aware of all the expenses relating to works as well as all the conditions prevailing in the area and likely to influence the execution and cost of works. Therefore, he shall not present any complaint, except in the conditions provided for by the contract arising from this invitation to tender. Works done by the contractor shall be paid to him by applying prices of the Price list to the quantities actually carried out and assessed according to the conditions of the contract.

Costs and various charges not giving rise to any payment are supposed to be taken into account in the costs for execution of quantifiable works and shall be included in the various Price lists. The costs and charges are as follow:

- Personnel charges (salaries, travelling expenses, transport and leave allowances, allowances for housing on the building site, miscellaneous allowances, premiums, insurances, medical expenses, etc. .)
- Charges for the conveyance of personnel, equipment and materials, overheads, taxes, duties, registration fees and licence as well as any other charges relating to works (*and notably expenses for the acceptance of works on the field*) and to the running of the enterprise.

Similarly, running charges, write-off and maintenance costs of building equipment and rolling equipment, vehicles of all categories are also supposed to have been included in the costs for execution of quantifiable works.

Prices shall be given in figures and in words. The contractor shall make sure that unit prices in words agree with unit prices in figures.

The contractor shall not put forward his good faith to shirk his commitment if the global amounts of his bid happen to be modified after verification of compliance of unit prices in figures or calculation of the detailed estimates.

FRAMEWORK OF SUB-DETAIL OF PRICES

Note relating to the presentation of the sub-detail of prices and taxes

1, A sub-detail presents all the stages involved in the establishment of a sales price. It is also an important element for the evaluation of the quality of the price proposed by a bidder. It is not necessary to impose a model of presentation on all bidders, taking into account the great diversity of software for the determination of sub-details of prices. On the other hand, they must include the following elements;

- a. Detail of the sales coefficient according to the model presented after this note;
- b- Cost in dry price of the materials provided for the site;
- c. Cost in dry price of the supplies necessary for the site;
- d. Cost of local and expatriate labour;
- e. For each price on the Schedule of prices, a form resulting from points a, b, c and d above indicating the outputs leading to the unit prices;
- f. The precise sub-detail of lump sums for the installation of the site camp, the carting in and out of equipment, laboratory and its equipment, development of a quarry (where need be), etc;
- g. The precise sub-detail of lump sums for the building, maintenance of premises and supply of means put at the disposal of the Contracting Authority;
- h. The sub-detail of dues and taxes.

2- Presentation framework of the sales coefficient, also called the coefficient of over-heads.

JUSTIFICATION OF PRIOR FEASIBILITY STUDIES

PROJECT OWNER'S LETTER HEAD

(here)

Ref. N°

, the

To: **THE MAYOR**
All Potential Bidders,

Subject: Justification of prior feasibility studies

In respect to the principles binding the conception and elaboration of project proposals, a project proposal for the **construction of a block of two classrooms and a head teacher's office at Government School Benakuhu, BENAKUMA COUNCIL in Menchum Division-North West Region** was realized and forwarded to the Minister in charge of Basic Education, Yaounde for funding. In the 2025 Financial Year of the Republic of Cameroon within the framework of the programmed budget of the 2025 Public Investment Budget (PIB 2025), the said project was financed as per the budget head at the cost of Twenty five million (23,000,000) FCFA. After obtaining the financing, relevant adjustments were carried out to ensure that the tasks retained to be accomplished for proper and complete execution of the project are commensurate to the amount provided for the realization of the items spelled out in the bill of quantities as found in Document N° 7 of this tenders file.

To this effect, bidders are hereby given surety that proportionate feasibility studies were already carried out and are hence advised to read this tenders file very well before preparing their bids.

In testimony whereof, this justification of prior feasibility studies is established to serve the purpose wherever and whenever need arises.
