TO THE DELEGATED CONTRACTING AUTHORITY

## OPEN NATIONAL INVITATION TO TENDER

N° 02 /ONIT/E.31/111/ GAS /2025

21 MARS 2025

FOR THE CONSTRUCTION OF TWO BRIDGES OF THE SAME DIMENSION (SPAN=6m, HEIGHT =5M, WIDTH=6M) IN RE-INFORCED CONCRETE AT PK 4+ 700 and PK 15+ 900 RESPECTIVELY IN NJINDEM QUARTER ON THE ROAD STRETCH WATER SIDE TO BACKYIT QUARTER THOROUGH G.S BALIKUMBAT, IN BALIKUMBAT MUNICIPALITY IN NGOKETUNJIA DIVISION OF THE NORTH WEST REGION.

*"To be opened only during the bid-opening session"*

### 11. Admissibility of bids

Under penalty of being rejected, only originals or true copies certified by the issuing service or administrative authorities (Senior Divisional Officer, Divisional Officers) must imperatively be produced in accordance with the Special Regulations of the invitation to tender.

They must obligatorily be not older than three (3) months preceding the date of LAUNCHING OF THE TENDERS or may be established after the signature of the tender notice

Any bid not in compliance with the prescriptions of the Tender File shall be declared inadmissible. This refers especially to the absence of a bid bond issued by a first-rate bank approved by the Minister in charge of Finance.

### 12. Opening of bids:

The bids shall be opened in a single phase. The opening of the administrative documents, the Technical and Financial offers will take place on the 22 / 4 /2025 at 11 Noon local time, at the Conference hall of **PREFETURE NDOP** by the **Ngoketunjia Divisional Tenders' Board**. Only bidders may attend or be represented by duly mandated persons of their choice.

### 13. 14. Evaluation criteria

The bids shall be evaluated according to the main criteria as follows:

#### A. Eliminatory criteria

- **Outright elimination during the opening session of the bids**
  1. Absence of the bid bond
- **Elimination during the evaluation of bids by the Tenders Board**
  2. Absence or non-conformity of an element in the administrative file;
  3. Deadline for delivery higher than prescribed;
  4. False declaration or falsified documents;
  5. A bid with the external envelope carrying a sign or mark leading to the identification of the bidder;
  6. Incomplete financial file;
  7. Change of quantity or unit of the Tender file in the financial bid;
  8. Non respect of 75% of essential criteria;

During the opening session of the bids if a document of the administrative bid is absent or noncompliant, the bidder will be given forty eight (48) hours to produce or replace the said document else it will be eliminated during the evaluation of the bids. No such document will be accepted after this deadline.

**B. Essential criteria**

1. General presentation of the tender files;
2. Financial capacity;
3. References of the company in similar achievements;
4. Quality of the personnel;
5. Technical organization of the works;
6. Safety measures on the site;
7. Logistics;
8. Attestation and report of site visit;
9. Special Technical Clauses initialed in all the pages;
10. Special Administrative Clauses completed and initialed in all the pages.

These essential criteria are subject to lower limits, the details of which are spelled out in the Special Regulations of the invitation to tender

**14. Award**

This evaluation will be done in a purely a purely binary method with a positive (Yes) or negative (No) with an acceptable minimum of 75% of the essential criteria taken into account.

The contract will be awarded to the bidder who would have proposed the offer with the lowest reasonable amount, in conformity with the regulations of the Tender Documents and having satisfied to 100% of the eliminatory criteria and at least 75% of the essential criteria.

Pursuant to justification by bidder, unconvincing abnormally low costing will not be accepted spelled out in the Special Regulations of the invitation to tender of this consultation.

**15. Validity of bids**

Bidders will remain committed to their offers for ONE AND TWENTY (120) days from the deadline set for the submission of tenders.

**16. 1Complementary information**

Complementary technical information may be obtained during working hours at the Technical Service of the Prefecture Telephone No.672105868

# GENERAL RULES OF THE INVITATION TO TENDER

## A. General

### Article 1: Scope of the tender

- 1.1 The Contracting Authority as defined in the Special Regulations of the invitation to tender hereby launches an invitation to tender for the construction of the works described in the Tender File and briefly described in the Special Regulations.
- 1.2 The bidder retained or the preferred bidder must complete the works within the time-limit indicated in the Special Regulations and which time-limit runs from the date of notification of the Administrative Order.
- 1.2 In this Tender File, the term "day" means a calendar day.

### Article 2: Financing

The source of financing of the works forming the subject of this invitation to tender shall be specified in the Special Regulations.

### Article 3: Fraud and corruption

3.1 The Contracting Authority requires of bidders and contractors the strict respect of rules of professional ethics during the award and execution of public contracts. By virtue of this principle:

a) The following definitions shall be admitted:

- i) Shall be guilty of "corruption" whoever offers, gives, requests or accepts any advantage in view of influencing the action of a public official during the award or execution of a contract;
- ii) Is involved in "fraudulent manoeuvres" whoever deforms or distorts facts in order to influence the award or execution of a contract;
- iii) "Collusive practices" shall mean any form of agreement between two or among several bidders (whether the Contracting Authority is aware or not) aimed at artificially maintaining the prices of bids at levels not corresponding to those resulting from competition;
- iv) "Coercive practices" shall mean any form of harm against persons or their property or threats against them in order to influence their action during the award or execution of a contract.

b) Any proposed award shall be rejected if it is proved that the proposed preferred bidder is directly or through an intermediary, guilty of corruption or is involved in fraudulent manoeuvres, collusive or coercive practices for the award of this contract.

3.2 The Minister Delegate at the Presidency in charge of public contracts may, as a precaution, take a decision of exclusion from bidding for a period not exceeding two (2) years against any bidder found guilty of influence peddling, of conflicts of interest, insider trading, fraud, corruption or production of non-genuine documents in the bid, without prejudice to criminal proceedings that may be brought against him

#### **Article 4: Candidates allowed to compete**

- 4.1 If the invitation to tender is restricted, consultation is addressed to all candidates retained after a pre-qualification procedure.
- 4.2 Generally, the invitation to tender is addressed to all entrepreneurs, subject to the following provisions:
- (a) a bidder (including all members of a group of enterprises and all sub-contractors to the bidder), in accordance with the funding agreement.
  - (b) a bidder (including all members of a group of enterprises and all sub-contractors to the bidder) must not be in a situation of conflict of interest, subject to disqualification. A bidder shall be judged to be in a situation of conflict of interest if he:
    - i) is or was associated in the past with an enterprise (or a subsidiary of this enterprise) which provided consultancy services for the conception, preparation of specifications and other documents used within the scope of contracts awarded for this invitation to tender; or
    - ii) presents more than one bid within the context of invitation to tender, except authorised variants according to article 17, where need be; meanwhile, this does not prevent the participation of sub-contractors in more than one bid.
    - iii) The Contracting Authority or Project Owner has financial interests in the capital in a way as to compromise the transparency of the procedures of award of public contracts.
  - (c) The bidder must not have been excluded from bidding for public contracts.
  - (d) A Cameroonian public enterprise may participate in the consultation if it can demonstrate that it is (i) legally and financially autonomous, (ii) managed according to commercial laws and (iii) not under the direct supervisory authority of the Contracting Authority or Project Owner.

#### **Article 5: Building materials, materials, supplies, equipment and authorised services**

- 5.1 Building materials, the contractor's materials, supplies, equipment and services forming the subject of this contract must originate from countries meeting the criteria of origin defined in the Special Regulations of the invitation to tender and all expenditure done within the context of the contract shall be limited to the said building materials, materials, supplies, equipment and services.
- 5.2 Within the meaning of this 5.1 above, the term "originate" shall designate the place where the goods are extracted, cultivated, produced, manufactured and from where the services originate.

#### **Article 6: Qualification of bidder**

- 6.1 As an integral part of their bid, bidders must:
- (a) submit a power of attorney making the signatory of the bid bound by the bid; and

- (b) provide all information (complete or update information included in their request for pre-qualification which may have changed in the case where the candidates took part in pre-qualification) requested of bidders in the Special Regulations of the invitation to tender, in order to establish their qualification to execute the contract.

Where necessary, bidders should provide information relating to the following points:

- (i) The production of certified balance sheets and recent turnovers;
- (ii) Access to a line of credit or availability of other financial resources;
- (iii) Orders acquired and contracts awarded;
- (iv) Pending litigations;
- (v) Availability of indispensable equipment.

6.2 Bids presented by two or more associated undertakings (joint-contracting) must satisfy the following conditions:

- (a) The bid must include all the information listed in article 6(1) above. The Special Regulations must indicate the information to be furnished by the group and that to be furnished by each member of the group;
- (b) The bid and the contract must be signed in a way that is binding on all members of the group;
- (c) The nature of the group (joint or several) must be specified in the Special Regulations and justified with the production of a joint venture agreement in due form;
- (d) The member of the group designated as the representative will represent all the undertakings vis à vis the Project Owner and Contracting Authority with regard to the execution of the Contract;
- (e) In case of joint co-contracting, the co-contractors shall share the sums which are paid by the Project Owner into a single account. On the other hand, each undertaking is paid into its own account by the Project Owner where it is joint co-contracting.

6.3 Bidders must equally present sufficiently detailed proposals to demonstrate that they comply with the technical specifications and execution time-limits set in the Special Regulations of the invitation to tender.

6.4 Bidders requesting to benefit from the margin of preference must furnish all the necessary information to prove that they satisfy the eligibility criteria set in article 33 of the General Regulations of the invitation to tender.

#### **Article 7: Visit of works site**

7.1 The bidder is advised to visit and inspect the site and its environs and obtain by himself and under his own responsibility, all the information which may be necessary for the preparation of the bid and the execution of the works. The related cost of the visit of the site shall be borne by the bidder.

7.2 The Project Owner shall authorise the bidder and his employees or agents to enter the premises and the land for the said visit but only on the express condition that the bidder, his employees and agents free the Project Owner, his employees and agents of any responsibility that may ensue and indemnify them if necessary and that they shall remain responsible for any deadly or corporal accident, loss or material damages, costs and fees incurred from this visit.

7.3 The Project Owner may organise a visit of the site of the works during the preparatory meeting to establishing the bids mentioned in article 19 of the General Regulations of the invitation to tender.

## **B. Tender File**

### **Article 8: Content of Tender File**

8.1 The Tender File describes the works forming the subject of the contract, sets the consultation procedure of contractors and specifies the terms of the contract. Besides the addendum (addenda) published in accordance with article 10 of the General Regulations of the invitation to tender, it includes the following documents:

- Document No. 1. The tender notice;
- Document No. 2. The General Regulations of the invitation to tender;
- Document No. 3. The Special Regulations of the invitation to tender;
- Document No. 4. The Special Administrative Conditions;
- Document No. 5. The Special Technical Conditions;
- Document No. 6. The schedule of unit prices;
- Document No. 7. The bill of quantities and estimates;
- Document No. 8. The sub details of unit prices;
- Document No. 9. Model documents of the contract:
  - a. The execution schedule;
  - b. Model of forms presenting the equipment, personnel and references;
  - c. Model bidding letter;
  - d. Model bid bond;
  - e. Model final bond;
  - f. Model of bond of start-off advance;
  - g. Model of guarantee in replacement of the retention fund;
  - h. Model contract;
- Document No. 10. Models to be used by bidders;
  - a. Model contract;
- Document No. 11. Justifications of preliminary studies; to be filled by the Project Owner;
- Document No. 12. List of first grade banking establishments or financial institutions approved by the Minister in charge of Finance authorised to issue bonds for public contracts to be inserted by the Contracting Authority.

8.2 The bidder must examine all the regulations, forms, conditions and specifications contained in the Tender File. It is up to him to furnish all the information requested and prepare a bid in compliance with all aspects of the said file.

### **Article 9: Clarifications on the Tender File and complaints**

9.1 Any bidder who wants to obtain clarifications on the Tender File may request them from the Contracting Authority in writing or by electronic mail (fax or e-mail) at the Contracting Authority's address indicated in the Special Regulations of the invitation to tender and send a copy to the Project Owner. The Contracting Authority replies in writing to any request for clarification received at least fourteen (14) days prior to the deadline for the submission of bids.

A copy of the Contracting Authority's response, indicating the question posed but not mentioning the author, is addressed to all bidders who bought the Tender File.

9.2 Between the publication of the tender notice including the pre-qualification phase of candidates and the opening of bids, any bidder who feels aggrieved in the public contracts award procedure may lodge a complaint to the Minister in charge of Public Contracts.

9.3 A copy of the complaint should be addressed to the Contracting Authority and to the body in charge of the regulation of public contracts and the chairperson of the Tenders Board.

9.4 The Contracting Authority has five (5) days to react. A copy of the reaction shall be forwarded to MINMAP and the body in charge of the regulation of public contracts.

#### **Article 10: Amendment of the Tender File**

10.1 The Contracting Authority may at any moment, prior to the deadline for the submission of bids and for any reason, be it at his initiative or in reply to a request for clarification formulated by a bidder, amend the Tender File by publishing an addendum.

10.2 Any published addendum shall be an integral part of the Tender File, in accordance with article 8.1 of the General Regulations of the invitation to tender and must be communicated in writing or made known by a traceable means to all bidders who bought the Tender File.

10.3 In order to give bidders sufficient time to take account of the addendum in the preparation of their bids, the Contracting Authority may postpone as is necessary, the deadline for the submission of bids, in accordance with provisions of article 22 of the General Regulations of the invitation to tender.

### **C Preparation of bids**

#### **Article 11: Tender costs**

The candidate shall bear the costs related to the preparation and presentation of his bid and the Contracting Authority and the Project Owner shall in no case be responsible for these costs nor pay for them whatever the evolution or outcome of the invitation to tender procedure.

#### **Article 12: Language of bid**

The bid as well as any correspondence and any document exchanged between the bidder and the Contracting Authority shall be written in English or French. Complementary documents and the forms provided by the bidder may be written in another language on condition that a precise translation into either English or French of the passages concerning the bid is included; in which case for reasons of interpretation, the translation shall be considered to be authentic.

#### **Article 13: Constituent documents of the bid**

13.1 The bid presented by the bidder shall include the documents detailed in the Special Regulations of the invitation to tender, duly filled and put together in three volumes:

**a. Volume 1: Administrative file**

It includes:

- i) all documents attesting that the bidder:
  - has subscribed to all declarations provided for by the laws and regulations in force;
  - paid all taxes, duties, contributions, fees or deductions of whatever nature;
  - is not winding up or bankrupt;
  - is not the subject of an exclusion order or forfeiture provided for by the law in force;
- ii) The bid bond established in accordance with the provisions of article 17 of the General Regulations of the invitation to tender;
- iii) the written confirmation empowering the signatory of the bid to commit the bidder, in accordance with the provisions of article 6(1) the General Regulations of invitation to tender.

**b. Volume 2: Technical bid**

**b.1 Information on qualifications**

The Special Regulations list the documents to be furnished by bidders to justify the qualification criteria mentioned in article 6(1) of the Special Regulations of the invitation to tender.

**b.2 Methodology**

The Special Conditions of the invitation to tender specifies the constituent elements of the technical bid of the bidders especially: a methodological statement on an analysis of the works and specifying the organisation and programme which the bidder intends to put in place or use to execute the works (installations, schedule, Quality Assurance Plan (QAP), sub-contracting, attestation of visit of the site, where necessary, etc).

**b.3 Proof of acceptance of conditions of the contract**

The bidder shall submit duly initialled copies of the administrative and technical documents relating to the contract, namely:

- 1.The Special Administrative Conditions (SAC);
- 2.The Special Technical Conditions (STC).

**b.4 Commentaries (optional)**

A commentary on the technical choices of the project and possible proposals.

**c. Volume 3: Financial bid**

The Special Regulations specify the elements that will help in justifying the cost of the works, namely:

1. The signed and dated original bid prepared according to the attached model, stamped at the prevailing rate;
2. The duly filled Unit Price Schedule;
3. The duly filled detailed estimates;

4. The sub-details of prices and/or breakdown of all-in prices;
5. The projected schedule of payments, where need be.

In this regard, the bidders will use the documents and models provided in the Tender File, subject to the provisions of article 17(2) of the General Regulations of the invitation to tender concerning the other possible forms of guarantees.

- 13.2 If in accordance with the provisions of the Special Regulations of the invitation to tender, the bidders present bids for several lots of the same invitation to tender, they could indicate rebates offered in case of award of more than one lot.

#### **Article 14: Bid price**

- 14.1 Except otherwise stated in the Tender File, the amount of the contract shall cover all the works described in article 1.1 of the General Regulations of the invitation to tender, on the basis of the price schedule and the detailed bill of quantities and estimates presented by the bidder.
- 14.2 The bidder shall fill the unit prices and totals of all items on the schedule and bill of quantities and estimates.
- 14.3 Subject to contrary provisions provided for in the Special Regulations and in the Special Administrative Conditions, all dues, taxes and fees payable by the bidder on grounds of the contract or on any other ground, thirty (30) days prior to the submission of the bids, shall be included in the prices and in the total amount of the bid presented by the bidder.
- 14.4 If a price revision/updating clause is provided for in the contract, the date of establishment of the initial price, as well as the price revision/updating conditions for the said price must be specified. This is with the understanding that any contract of duration less than one (1) year shall not be subject to price revision.
- 14.5 All unit prices must be justified by sub-details established in accordance with the structure proposed in document 8 of the Tender File.

#### **Article 15: Currency of bid and payment**

- 15.1 In case of international invitations to tender, the currencies of the bid shall follow the provisions of either Option A or Option B below, the applicable option being that retained in the Special Regulations of the invitation to tender.
- 15.2 **Option A:** The amount of the bid shall be entirely made in the national currency. The amount of the bid, unit prices of the price schedule and the prices of the bill of quantities and estimates are completely made in CFA francs in the following manner:
  - a) Prices shall be entirely drawn in the national currency. The bidder who intends to commit expenditures in other currencies for the execution of the works shall indicate in the annex to the bid the percentage(s) of the amount of the bid necessary to cover the needs in foreign currencies, without exceeding the maximum of the three currencies of member countries of the funding institution of the contract.
  - b) The exchange rates used by the bidder to convert his bid into the national currency shall be specified by the bidder in an annex to the bid in compliance with the specifications of the Special Regulations. These rates shall be applied for any payment within the framework of the contract so that the retained bidder does not bear any change in the exchange rate.

**15.3 Option B:** The amount of the bid shall be directly made in the national and foreign currency at the rates fixed in the Special Regulations.

The bidder shall draw the unit prices of the price schedule and the prices of the bill of quantities and estimates in the following manner:

- (a) The prices of inputs necessary for the works which the bidder intends to procure in the Contracting Authority's country shall be in currency of the Contracting Authority's country specified in the Special Regulations and called "national currency";
- (a) The prices of inputs necessary for works which bidder intends to procure out of the Contracting Authority's country shall be in the currency of the country of origin of the bidder or of the currency of an eligible member country widely used in international trade.

15.4 The Contracting Authority may request the bidders to explain the needs in national and foreign currencies and to justify that the amounts included in the unit and total prices and indicated in annex to the bids are reasonable; to this end, a detailed statement of their needs in foreign currencies shall be furnished by the bidder.

15.5 During the execution of the works, most of the foreign currency to be paid as part of contract may be revised by mutual agreement between the Contracting Authority and the entrepreneur in a way as take account of any modification in the foreign currency needs within the context of the contract.

#### **Article 16: Validity of bids**

16.1 Bids must remain valid during the period stated in the Special Regulations from the date of submission of the bids fixed by the Contracting Authority, in application of article 22 of the Special Regulations. A bid valid for a shorter period shall be rejected by the Contracting Authority as not being in compliance.

16.2 Under exceptional circumstances, the Contracting Authority may seek the approval of bidders to extend the validity time-limit. The request and the responses that will be given shall be in writing (or by fax). The validity of the bid bond provided for in article 17 of the General Regulations shall equally be extended for a corresponding duration. A bidder may refuse to extend the validity of his bid without losing his bid bond. A bidder who consents to an extension shall not be asked to modify his bid nor shall he be authorised to do so.

16.3 Where the contract does not include a price revision clause and that the period of validity of bids is extended by more than sixty (60) days, the amounts payable to the bidder retained shall be updated by application of the related formula featuring in the request for extension that the Contracting Authority addressed to bidders.

The updating period shall run from the date of overrun of sixty (60) days to the date of notification of the contract or the Administrative Order for start of execution of works by the retained bidder, as specified in the Special Administrative Conditions. The effect of updating shall not be taken into account for purposes of evaluation of bids.

#### **Article 17: Bid bond**

17.1 In application of article 13 of the General Regulations, the bidder shall furnish a bid bond of the amount specified in the Special Regulations and which bid bond shall be a full part of his bid.

- 19.2 The subject of the preparatory meeting shall be to furnish clarifications and answer any questions which may be raised at this stage.
- 19.3 As much as possible, the bidder is requested to submit any question in a way as to reach the Contracting Authority at least one week before the meeting. The Contracting Authority may not reply to questions received too late. In this case, the questions and answers shall be transmitted according to the methods set in article 19(4) below.
- 19.4 The minutes of the meeting, including the text of the questions asked and the replies given, including questions prepared after the meeting, shall be forwarded immediately to everyone who bought the Tender File. Any modification of documents of the Tender File listed in article 8 of the General Regulations which may prove to be necessary at the end of the preparatory meeting shall be done by the Contracting Authority by publishing an addendum in accordance with the provisions of article 10 of the General Regulations and not through the minutes of the preparatory meeting.
- 19.5 The fact that a bidder does not attend a preparatory meeting for the establishment of bids shall not be a reason for disqualification.

#### **Article 20: Form and signature of bid**

- 20.1 The bidder shall prepare an original of the constituent documents described in article 13 of the General Regulations in a volume clearly indicated **"ORIGINAL"**. In addition, the bidder shall submit the number required in the General Regulations, bearing **"COPY"**. In case of discrepancy, the original shall be considered as authentic.
- 20.2 The original and copies of the bid must be typed or written in indelible ink (photocopies shall be accepted in the case of copies) and shall be signed by the person(s) duly empowered to sign on behalf of the bidder, in accordance with article 6(1a) or 6(2c) of the General Regulations, as the case may be. All the pages of the bid containing alterations or changes must be initialled by the signatory (ies) of the bid.
- 20.3 The bid shall be bearing no modification, suppression or alteration unless such corrections are initialled by the signatory(ies) of the bid.

### **D. SUBMISSION OF BIDS**

#### **Article 21: Sealing and marking of bids**

- 21.1 The bidder shall seal the original and each copy of the bid in separate envelopes (internal envelopes) by marking on these envelopes **"ORIGINAL"** and **"COPY"**, as the case may be. The envelopes shall then be placed in another envelope which will equally be sealed but which will not give any indication regarding the identity of the bidder.
- 21.2 The external and internal envelopes:
- a) should be addressed to the Contracting Authority at the address indicated in the Special Regulations;
  - b) should bear the name and identification number of the project as indicated in the Special Regulations and bear the inscription **"TO BE OPENED ONLY DURING THE BID-OPENING SESSION"** as specified in the Special Regulations.

## E. Opening of envelopes and evaluation of bids

### Article 25: Opening of envelopes and petitions

- 25.1 The competent Tenders Board shall open the envelopes in single phase and in the presence of the representatives of bidders who wish to attend at the date, time and address specified in the Special Regulations. Representatives of bidders shall sign a register attesting to their presence.
- 25.2 Firstly, envelopes marked "**withdrawal**" shall be opened and the contents announced to the hearing of everyone, while the envelope containing the corresponding bid shall be returned to the bidder unopened. Withdrawal shall be allowed only if the corresponding notification contains a valid empowerment of the signatory to request this withdrawal and if this notification is read to the hearing of everyone. Then the envelopes marked "**Replacement bid**" are opened and announced to the hearing of everyone and the new corresponding bid substituted for the preceding one which will be sent to the bidder concerned unopened. The replacement of the bid shall only be allowed if the corresponding notification contains a valid empowerment of the signatory requesting the replacement and read to the hearing of everyone. Lastly, the envelopes marked "**modification**" shall be opened and their contents read to the hearing of everyone with the corresponding bid. The modification of the bid shall only be allowed if the corresponding notification contains a valid empowerment of the signatory requesting the modification and read to the hearing of everyone. Only bids which were opened and announced to the hearing of everyone during the opening of bids shall then be evaluated.
- 25.3 All envelopes shall be opened successively and the name of the bidder announced aloud as well as the possible modification mentioned, the price offered, including any rebates [*in case of opening of financial bids*] and any variant, where necessary, the existence of a guarantee of the bid if it is required and any other details which the Contracting Authority deems useful to be mentioned. Only rebates and variants of bids announced to the hearing of everyone during the opening of bids shall be submitted for evaluation.
- 25.4 Bids (and modifications received in accordance with the provisions of article 24 of the General Regulations) which were not opened and read to the hearing of everyone during the bid-opening session for whatever reason, shall not be submitted for evaluation.
- 25.5 Bid-opening minutes are recorded on the spot mentioning the admissibility of bids, their administrative regularity, prices, rebates and time-limits as well as the composition of the Evaluation sub-committee. A copy of the said minutes to which is attached the attendance sheet is handed over to all the participants at the end of the session.
- 25.6 At the end of each bid-opening session, the chairperson of the Tenders Board immediately hands over to the focal point designated by the body in charge of regulation of public contract an initialled copy of the bids presented by bidders.
- 25.7 In case of petition as provided for by the Public Contracts Code, it should be addressed to the Minister Delegate in charge of Public Contracts with copies to the body in charge of the regulation of public contracts, the head of structure to which is attached the Tenders Board concerned. It must reach within a maximum deadline of three (3) working days after the opening of bids in the form of a letter to which is obligatorily attached a sheet of the petition form duly signed by the petitioner and possibly by the chairperson of the Tenders Board.

The Independent Observer attaches to his report the sheet that was handed to him, including any related commentaries or observations.

**Article 26: Confidential nature of the procedure**

- 26.1 No information relating to the examination, clarification, evaluation and comparison of bids and verification of the qualification of the bidders and the recommendation for the award shall be given to bidders or to any person not concerned with the said procedure as long as the preferred bidder has not been made public, subject to the disqualification of the bid of the bidder and suspension of the authors from all activities in the domain of public contracts.
- 26.2 Any attempt by a bidder to influence the Tenders Board or the Evaluation sub-committee of bids or the Contracting Authority in its award decision may lead to the rejection of his bid.
- 26.3 Notwithstanding the provisions of paragraph 26.2 above, between the opening of bids and the award of the contract, if a bidder wishes to enter into contact with the Contracting Authority for reasons having to do with his bid may do so in writing.

**Article 27: Clarifications on the bids and contact with the Contracting Authority**

- 27.1 To ease the examination, evaluation and comparison of bids, the Tenders Board may, if it so desires, request any bidder to give clarifications on his bid. This request for clarification and the response thereto are formulated in writing but no change on the amount or content of the bid is sought, offered or authorised, except it is necessary to confirm the correction of calculation errors discovered by the Evaluation Sub-committee during the evaluation in accordance with the provisions of article 30 of the General Regulations.
- 27.2 Subject to the provisions of paragraph 1 above, bidders shall not contact members of the Tenders Board and the Evaluation Sub-committee for questions related to their bids, between the opening of envelopes and the award of the contract.

**Article 28: Determination of compliance of bids**

- 28.1 The Evaluation sub-committee shall carry out a detailed examination of bids to determine if they are complete, if the required guarantees are furnished, if the documents were correctly signed and if generally the bids are in proper order.
- 28.2 The Evaluation sub-committee shall determine if the bid is essentially in compliance with the conditions fixed in the Tender File based on the content without recourse to external elements of proof.
- 28.3 A bid that complies with the Tender File shall essentially be a bid that respects all the terms, conditions and specifications of the Tender File, without substantial divergence or reservation. A substantial divergence or reservation is that:
- i) which substantially limits the scope, quality or realisation of the works;
  - ii) which substantially limits, contrary to the Tender File, the rights of the Contracting Authority or his obligations in relation to the contract;
  - iii) Whose correction would unjustly affect the competitiveness of the other bidders who presented bids that essentially complied with the Tender File.
- 28.4 If a bid is essentially not in compliance, it shall be rejected by the competent Tenders Board and shall not subsequently be rendered in compliance.

- 28.5 The Contracting Authority reserves the right to accept or reject any modification, divergence or reservation. Modifications, divergences, variants and other factors which are beyond the requirements of the Tender File shall not be considered during the evaluation of bids.

**Article 29: Qualification of the bidder**

The Evaluation sub-committee shall ensure that the successful bidder retained for having submitted a bid substantially in compliance with the provisions of the Tender File, fulfils the qualification criteria stipulated in article 6 of the Special Regulations. It is essential to avoid any arbitrariness in determining qualification.

**Article 30: Correction of errors**

- 30.1 The Evaluation sub-committee shall verify bids considered essentially in compliance with the Tender File to correct the possible calculation errors. The Evaluation sub-committee shall correct the errors in the following manner:

- (a) where there is an incoherence between the unit price and the total obtained by multiplying the unit price by the quantity, the unit price being authentic, the total price shall be corrected, unless the Evaluation sub-committee judges that it is a gross error of decimal point in the unit price in which case the total price as presented shall be authentic and the unit price corrected.
- (b) if the total obtained by addition or subtraction of the totals is not exact, the sub totals shall be considered authentic and the total corrected.
- (c) where there is a difference between the price indicated in letters and in figures, the amount in letters shall be considered authentic, unless the amount is linked to an arithmetical error confirmed by the sub-detail of the said price, in which case the amount in figures shall prevail subject to paragraphs (a) and (b) above.

- 30.2 The amount featuring in the bid shall be corrected by the Evaluation sub-committee, in accordance with the error correction procedure above and with confirmation by the bidder, the said amount shall be deemed to commit him.

- 30.3 If the bidder who presented the bid evaluated as the lowest refuses the correction thus carried out, his bid shall be rejected and the bid bond may be seized.

**Article 31: Conversion into a single currency**

- 31.1 To facilitate the evaluation and comparison of bids, the Evaluation sub-committee shall convert the prices of bids expressed in various currencies into those in which the bid is payable in CFA francs.

- 31.2 The conversion shall be done using the selling rate fixed by the Bank of Central African States (BEAC) under the conditions defined by the Special Regulations.

**Article 32: Evaluation and comparison of financial bids**

- 32.1 Only bids considered as being in compliance, as per the provisions of article 28 of the General Regulations, shall be evaluated and compared by the Evaluation sub-committee.

32.2 By evaluating the bids, the Evaluation Sub-committee shall determine for each bid the evaluated amount of the bid by rectifying the amount as follows:

- a) By correcting any possible error in accordance with the provisions of article 30.2 of the General Regulations;
- b) By excluding projected sums and where necessary provisions for unforeseen occurrences featuring in the bill of quantities and estimates but by adding the amount of works done under State supervision where they are costed in a competitive manner as specified in the Special Regulations.
- c) By converting into a single currency, the amount resulting from the rectifications (a) and (b) above, in accordance with the provisions of article 31(2) of the General Regulations;
- d) By appropriately adjusting any other modification, divergence or quantifiable reservation on technical or financial basis.
- e) By taking into consideration the various execution time-limits proposed by the bidders, if they are authorised by the Special Regulations;
- f) If need be, in accordance with the provisions of article 13(2) of the General Regulations and the Special Regulations by applying the rebates offered by the bidder for the award of more than one lot, if this invitation to tender is launched simultaneously for several lots.
- g) If need be, in accordance with the provisions of article 18(3) of the Special Regulations and the Technical Specifications, the proposed technical variants, if they are permitted, shall be evaluated on their own merit and independently of the fact that the bidder offered or not a price for the technical solution specified by the Contracting Authority in the Special Regulations.

32.3 The estimated effect of price revision formulae featuring in the GAC and SAC applied during the period of execution of the contract shall not be considered during the evaluation of bids.

32.4 If the bid judged the lowest bid is considered abnormally low or strongly unbalanced in relation to the estimates of the Project Owner for the works to be executed in this contract, the Tenders Board may, from the sub-details of prices furnished by the bidder for any element or all the elements of the bill of quantities and estimates, verify if these prices are compatible with the construction methods and proposed calendar. In the case where the justifications presented by the bidder are not satisfactory, the Contracting Authority may reject the bid after the technical opinion of the Public Contracts Regulatory Agency.

### **Article 33: Preference granted national bidders**

National contractors shall benefit from a margin of national preference during the evaluation of bids as provided for in the Public Contracts Code.

### **Article 34: Award**

34.1 The Contracting Authority shall award the contract to the bidder whose bid was judged essentially in compliance with the Tender File and who has the required technical and financial capacities to execute the contract satisfactorily and whose bid was evaluated as the lowest by including, where necessary, proposed rebates

34.2 If, according to article 13(2) of the General Regulations, the invitation to tender comprises several lots, the lowest bid shall be determined by evaluating this contract with other lots to be awarded concurrently, by taking into account the rebates offered by the bidders in the case of more than one lot.

- 34.3 Any award of contract shall be made to the bidder fulfilling the technical and financial capacities required resulting from the evaluation criteria and presenting the bid evaluated as the lowest.

**Article 35: The right by the Contracting Authority to declare an invitation to tender unsuccessful or cancel a procedure**

The Contracting Authority reserves the right to cancel a procedure of invitation to tender after the authorisation of the Minister Delegate at the Presidency in charge of Public Contracts where the bids have been opened or to declare an invitation to tender unsuccessful after the advice of the competent Tenders Board, without any claims being entertained.

**Article 36: Notification of award of the contract**

Before the expiry of the validity of the bids set in the Special Regulations, the Contracting Authority shall notify the preferred bidder by telecopy confirmed by registered mail or by any other means that his bid was retained. This letter will indicate the amount the Project Owner will pay the contractor to execute the works and the execution time-limit.

**Article 37: Publication of results of award and petitions**

37.1 The Contracting Authority shall communicate to any bidder or administration concerned, upon request addressed to it within a maximum deadline of five (5) days after publication of the award results, the Independent Observer's report as well as the minutes of the award session of the related contract to which shall be attached the evaluation report of the bids.

37.2 The Contracting Authority is bound to communicate the reasons for the rejection of bids of the bidders concerned who so request.

37.3 After publication of the award results, bids that are not withdrawn within fifteen (15) days shall be destroyed, without any claims for compensation being entertained. Only the copy destined for the body in charge of regulation shall be kept.

37.4 In case of petition, it should be addressed to the Public Contracts Authority, with copies to the body in charge of the regulation of public contracts, the Contracting Authority and the chairperson of the Tenders Board concerned.

It must take place within a maximum deadline of five (5) working days after the publication of the results.

**Article 38: Signing of the contract**

38.1 After publication of the results, the draft contract subscribed by the successful bidder is submitted to the Tenders Board for examination and where applicable, to the Minister in charge of Public Contracts for prior endorsement.

38.2 The Contracting Authority has a deadline of seven (7) days to sign the contract from the date of reception of the draft contract examined by the competent Tenders Board and subscribed by the successful bidder and where applicable, the endorsement of the Minister in charge of Public Contracts.

38.3 The contract must be notified to the successful bidder within five (5) days of its date of signature.

### **Article 39: Final Bond**

- 39.1 Within twenty (20) days of the notification by the Contracting Authority, the contractor shall furnish the Project Owner with a final bond, to guarantee the complete execution of the works.
- 39.2 The bond whose rate varies between 2 and 5 percent of the amount of the contract inclusive of all taxes, may be replaced by a guarantee from a banking establishment approved according to the instruments in force with the Project Owner as beneficiary or by a joint or several guarantee.
- 39.3 Small and medium-sized enterprises (SME) constituted of national capital and managed by nationals may, in lieu of the guarantee, provide a statutory lien or a bond issued by a banking establishment or first rate financial institution approved in accordance with the instruments in force.
- 39.4 Failure to produce the final bond within the prescribed time limit shall likely cause the termination of the contract under the terms laid down in the General Administrative Conditions.

**DOCUMENT No. 3:**  
**SPECIAL REGULATIONS OF THE TENDER**

### 6.1 Evaluation criteria

The bids shall be evaluated according to the main criteria as follows:

#### Eliminatory criteria

- **Outright elimination during the opening session of the bids**
  1. Absence of the bid bond
- **Elimination during the evaluation of bids by the Adhoc-committee**
  2. Absence or non-conformity of an element in the administrative file;
  3. Deadline for delivery higher than prescribed;
  4. False declaration or falsified documents;
  5. A bid with the external envelope carrying a sign or mark leading to the identification of the bidder;
  6. Incomplete financial file;
  7. Change of quantity or unit of the Tender file in the financial bid;
  8. Non respect of 75% of essential criteria;

**During the opening session of the bids if a document of the administrative bid is absent or noncompliant, the bidder will be given forty eight (48) hours to produce or replace said document else will be eliminated during the evaluation of the bids. No such document will be accepted after this deadline.**

### **Essential criteria**

1. General presentation of the tender files;
2. Financial capacity;
3. References of the company in similar achievements;
4. Quality of the personnel;
5. Technical organization of the works;
6. Safety measures on the site;
7. Logistics;
8. Attestation and report of site visit;
9. Special Technical Clauses initialed in all the pages;
10. Special Administrative Clauses completed and initialed in all the pages.

This evaluation will be done in a purely a purely binary method with a positive (Yes) or negative (No) with an acceptable minimum of 75% of the essential criteria taken into account.

The contract will be awarded to the bidder who would have proposed the offer with the lowest reasonable amount, in conformity with the regulations of the Tender Documents and having satisfied to 100% of the eliminatory criteria and at least 75% of the essential criteria.

### **ARTICLE 6 : Language of the bids:**

The offer like any correspondence and all documents concerning the tender, exchanged between the renderer and the Project Owner will be written in French or English. The complementary documents and the printed papers form provided by the Bidder can be written in another language in condition of being accompanied by a precise translation in French or English; in which case and for purposes of interpretation of the offer, the translation will be taken.

### **PRESENTATION OF THE TENDER.**

The bids prepared in English or French and in six (06) copies with one (01) original and five (05) copies marked thus, shall be presented in three (03) volumes as follows:

- A) **Administrative Documents**
- B) **Technical Documents**
- C) **Financial Documents**

#### **5.1 External envelope.**

Each bidder shall seal these three (03) envelopes (A, B and C) in one common envelope on which shall be written.

TO THE CONTRACTING AUTHORITY

### **« OPEN NATIONAL INVITATION TO TENDER**

**N° ...../ONIT/E.31/111/ GAS /2025**

**ENVELOPE C- FINANCIAL FILE**

| No. | DESIGNATION.  |
|-----|---|
| C1  | A submission letter, signed, dated and stamped. (see ANNEX 3)   |
| C2  | Completed and signed frame work of unit prices.   |
| C3  | Signed Bills of quantities and cost estimates indicating the total amount without taxes (HT) and with taxes (TTC) |
| C4  | Sub details of unit prices  |

- The bidders will use for this purpose the documents and models envisaged in the Tender Documents, subject to the provisions of Article 19.2 of the RGAO concerning the other possible forms of bid bond.
- The various parts of the same file must be separated with colour guides from as well in the original as in the copies, so as to facilitate its examination

**Supply price**

**ARTICLE 8: Currency of payment**

This National Invitation to tender is awarded on total and contractual price, inclusive of all taxes, firm and non-revisable for the whole of the works and the equipment defined in the present Invitation to tender.

The corresponding amount will be calculated inclusive of all taxes and the prices will be obligatorily expressed in francs CFA.

The unit Schedule price expressed out in figures and letters and in six (07) copies will be joined to the offer. In the event of error between the prices in figures and letters, the latter will precede and be used as a basis of calculation of the amount of the offer.

The establishment of the prices will be done on the basis of economic condition into force in Republic of Cameroon at the handover date of the offers.

**ARTICLE 9: Transport and delivery**

The materials for work must be protected during transportation through packaging whether by air, railway or road according as the case may be. The conditions of storage must be of tropical type.

**ARTICLE 10: Guarantee and retention guarantee**

**10.1 Provisional guarantee**

The amount of the provisional guarantee or guarantee of tender is fixed at **9,690,000 CFAF**. As per article 90 (9) of the Public contract Code (Decree No. 2018/366 OF 20 June 2018), certified cheques or bank cheques are acceptable in the place of bid bond.

The time of validity of this guarantee is sixty (60) days as from the date of depositing of the offers.

## 10.2 Final Bond

The final Bond is fixed at Two percent (2%) of the initial amount of the services envisaged in the country.

It could be replaced by a guarantee personal and interdependent of a banking house approved by the Ministry of Finances following COBAC conditions.

It will have to be made up in the twenty (20) days following the notification of the signature of the contract in a bank approved by the Minister in charge of Finances.

## 10.3 Guarantee Retention

Guarantee Retention of ten percent (10%) will be operated on amount including all taxes of the contract. The corresponding sum will be paid or the released guarantee, one year after provisional reception of works.

## ARTICLE 11: Period of validity of the offers

The bidder will remain committed to his offer for sixty (60) days as from the handover date of the offers.

If at the end of this period, the contract was not notified to him, the bidder will be able, either to cancel his offer, or to ask for a new negotiation of the unit prices.

## ARTICLE 12: A number of copies of the offer which must be filled and sent

The tender, as all the parts accompanying it will have to be given in six (07) copies, including one (01) original and five (06) copies. The bidder will present his dossier inside a sealed outer jacket being marked:

TO THE DELEGATED CONTRACTING AUTHORITY

### « OPEN NATIONAL INVITATION TO TENDER

N° ...../ONIT/E.31/111/ GAS /2025

FOR THE CONSTRUCTION OF TWO BRIDGES OF THE SAME DIMENSION (SPAN=6m, HEIGHT =5M, WIDTH=6M) IN RE-INFORCED CONCRETE AT PK 4+ 700 and PK 15+ 900 RESPECTIVELY IN NJINDEM QUARTER ON THE ROAD STRETCH WATER SIDE TO BACKYIT QUARTER THOROUGH G.S BALIKUMBAT, IN BALIKUMBAT MUNICIPALITY IN NGOKETUNJIA DIVISION OF THE NORTH WEST REGION.”

<<TO BE OPENED ONLY DURING THE OPENING SESSION>>

## ARTICLE 13: Date and latest time of deposit of offers

The offers will have to arrive under closed fold and seal latest \_\_\_\_/\_\_\_\_/ 2025 at 10AM, by mail registered with acknowledgement of delivery or by deposit against receipt to the following address:

NDOP PREFETURE, beyond this time no offer will be received nor accepted.

## ARTICLE 14: Opening of the tenders

The opening of the folds will be carried out in the conference Hall of Prefecture Ndop on \_\_\_\_/\_\_\_\_/ 2025 as from .....11 Noon, by Ngoketunjia Divisional Tenders Board sitting in the presence of the duly elected bidders or their representatives and having a good knowledge of the file.

## AWARD OF THE CONTRACT

### ARTICLE 15: Award of the contract

The Tenders Board will propose to the Contracting Authority to award the contract to the bidder who will have presented the offer with the lowest offer, essentially conforming to the regulations the Tender File, having satisfied to **100% of all the eliminatory criteria and at least 75% of the essential criteria** taken into account.

The decision carrying attribution of the contract will be published by way of press release or any other means of publication of use in the Administration.

If the contract passed on the basis of technical alternative suggested by the bidder, the contracting authority reserves the right to introduce all the provisions there allowing him to guarantee itself against the real overrun costs of the alternative compared to his estimate of origin. In the absence of these last precise details, any additional charge due to an alternative will be inadmissible.

To this end, it is specified that a bidder cannot claim to be compensated, if his offer is not accepted.

The contracting authority reserves the right not to take action on an Invitation to tender, if it did not obtain a proposal which appears acceptable to him.

Pursuant to justification by bidder, bids with unconvincing abnormally low costing will be rejected by the CONTRACTING AUTHORITY as proposed by the Tenders Board.

Prior to this reject, the bidder must have been requested to produce written justification(s) and that these justifications have been appreciated to be unconvincing.

These justifications will concern amongst others

- The production of detailed pricing, its content and the coherency between the unit price, its mode of realisation and its timing.
- The purchase prices of materials
- The cost of exploitation of equipment
- The wages of technicians and labourers
- comparative advantages or favourable exceptional conditions that the bidder has for the realisation of the works
- measures relative to the condition of works

In the case where these justification(s) is or are not convincing, the Project Owner decides but before the reject, he can only decide when the Public Contracts Regulatory Agency (ARMP) must have examined the unconvincing justification(s) and given his opinion in seven (07) working days from the date of receipt of these justifications from the project. *(The Tenders Board requests for justifications, bidder replies by writing, board examines and if not convincing, proposes reject to contracting Authority who decides after consulting ARMP)*

### ARTICLE 16: COMMENCEMENT OF WORK:

Before the commencement of workS, the contractor must make sure that she respects the elements of maturity of the project especially the limits of the roads shown to him by the project owner during the site visit. An update of quantieswil be carried before the star of works

- 3) The Special Administrative Conditions (SAC);
- 4) The Special Technical Conditions (STC);
- 5) The particular elements necessary for the determination of the contract price, such as, in order of priority: the unit price schedule, the statement of all-in prices, detailed estimates, the breakdown of all-in prices and the sub-details of unit prices;
- 6) Plans, calculation notes, trial documents, geotechnical documents *[insert and indicate, where need be, names and references]*.
- 7) The General Administrative Conditions applicable on public works contracts that went into effect by Order No. 033/CAB/PM of 13 February 2007;
- 8) The General Technical Condition(s) applicable on the services forming the subject of the contract *[insert and indicate, where need be, names and references]*.

**Article 6: General instruments in force**

This contract shall be governed by the following general instruments *[to be adapted according to the case]*:

1. Framework Law No. 96/12 of 5 August 1996 on the management of the environment;
2. The Mining Code;
3. Instruments governing the various professional bodies;
4. Decree No. 2001/048 of 23 February 2001 relating to the setting up, organization and functioning of the Public Contracts Regulatory Agency
5. Decree No. 2003/651/PM of 16 April 2003 to lay down the procedure for implementing the tax and customs system applicable to public contracts;
6. Decree No. 2018/366 OF 20 June 2018, to institute the Public Contracts Code;
7. Decree No. 2012/074 of 8 March 2012 relating to the creation, organisation and functioning of Tenders Boards amended and supplemented by Decree No. 2013/271 of 5 August 2013;
8. Decree No. 2012/075 of 8 March 2012 to organise the Ministry in charge of Public Contracts;
9. Circular No. 001/CAB/PR of 19 June 2012 relating to the award and control of execution of Public Contracts;
10. Letter No; 00908/MINTP/DR of 1997 to publish guidelines for the consideration of environmental impact of road maintenance;
11. Circular *[to be indicated as applicable]* relating to the execution, and control of execution of the budget of the State, Public Administrative Establishments and Regional and Local Authorities and other bodies receiving government subsidies
12. Unified Technical Documents (DTU) for building works;
13. Applicable standards;
14. Other instruments specific to the domain concerned with the contract.

**Article 7: Communication (Articles 6 and 10 supplemented)**

- 1.1 All communications within the framework of this contract shall be written and notifications sent to the following address:
  - a) In the case where the contractor is the addressee: Sir/Madam.....  
Beyond the time-limit of 15 days fixed in article 6(1) of the GAC to make his domicile known to the Project Owner and Contract Manager, correspondences shall be validly addressed to the *[to the specified]* council, chief town of the region in which the work was done;
  - b) In the case where the Project Owner is the addressee:  
Sir/Madam \_\_\_\_\_ *[to be specified]* with a copy addressed to the Contracting Authority, Contract Manager, Contract Engineer, Project Manager and where need be, within the same deadline.
  - c) In the case where the Contracting Authority is:  
Sir/Madam *[to be specified]* with a copy addressed within the same deadline to the Project Owner, Contract Manager, Contract Engineer and Project Manager, where applicable
- 1.2 The contractor shall address all written notifications or correspondences to the Project Manger with a copy to the Contract Manager.

**Article 8: Administrative Orders (Article 8 of GAC)**

The various Administrative Orders shall be established and notified as follows:

- 8.1 The Administrative Order to start execution of works shall be signed by the Contracting Authority and notified to the contractor by the Project Owner with a copy to the Contracting Authority, the Contract Manager, Contract Engineer, the Paying Body and the Project Manager, where applicable.
- 8.2 Upon proposal by the Project Owner, Administrative Orders with an incidence on the objective, the amount and execution deadline shall be signed by Contracting Authority and notified by the Project Owner to the Contractor with a copy to the Contracting Authority, the Contract Manager, the Contract Engineer, the Project Manager and the Paying Body. The prior endorsement of the Paying Body shall possibly be required before the signature of those that have an incidence on the amount.
- 8.3 Administrative Orders of a technical nature linked to the normal progress of the work and without financial incidence shall be signed directly by Contract Manager and notified to the contractor by the Contract Engineer or Project Manager (where applicable) with a copy to the Contracting Authority and Contract Manager.
- 8.4 Administrative Orders serving as warnings shall be signed by the Project Owner and notified to the contractor by the Contract Manager with a copy to the Contracting Authority, the Contract Engineer and Project Manager.
- 8.5 Administrative Orders for suspension or resumption of work as a result of the weather or any other case of force majeure shall be signed by the Contracting Authority and notified by his services to the contractor with a copy to the Project Owner, Contract Manager, Contract Engineer and Project Manager.
- 8.6 Administrative Orders prescribing works necessary to remedy disorders which could appear on structures during the guarantee period and not related to normal usage shall be signed by the Contract Manager upon the proposal of the Contract Engineer and notified to the contractor by the Contract Engineer.
- 8.7 The contractor has a time-limit of fifteen (15) days to issue reservations on any Administrative Order received. Having reservations shall not free the enterprise of executing the Administrative Orders received.
- 8.8 Concerning Administrative Order signed by the Contracting Authority and notified by the Project Owner, the notification must be done within a **maximum of 30 days** from the date of transmission by the Contracting Authority to the Project Manager. **Beyond this deadline, the Contracting Authority shall establish the default of the Project Owner, take over from him and carry out the said notification.**

**Article 9: Contracts with conditional phases (Article 9 of GAC)**

- 9.1 *[Specify if the contract has one or several phases]*

At the end of a phase, the Project Owner shall carry out the acceptance of the works and issue an attestation of proper execution to the contractor. This attestation shall condition the start of the following conditional phase.

- 9.2 The time-limit granted for notification of the Administrative Order to start execution of a conditional phase shall be five (5) days.

- b. For payments in foreign currencies (*amount in figures and letters exclusive of taxes*) by credit to account No. \_\_\_\_\_ opened in the name of the contractor in \_\_\_\_\_ bank.

**Article 14: Price variation (Article 20 of GAC)**

14.1 Prices shall be firm.

- a. Payments on account made to the contractor as advances shall not be revisable.  
b. Revision shall be "frozen" upon expiry of the contractual time-limit, except in the case of price reductions.

14.2 Price updating modalities (not applicable)

**Article 15: Price revision formulae (article 21 of GAC)**  
(not applicable)

**Article 16: Price updating formulae (article 21 of the GAC)**  
(not applicable)

**Article 17: Works under State supervision (Article 22 of GAC supplemented)**

17.1 The percentage of works under State supervision shall be [*must not exceed 2 %*] of the amount of the contract and its additional clauses, where applicable.

17.2 In the case where the contractor was invited to execute works under State supervision, the submitted and duly justified expenditures shall be reimbursed to him under the following conditions:

- The quantities considered shall be the hours used or the quantities of building materials and materials used that was the subject of joint job cost sheets;
- The remunerations and salaries effectively paid to local labour shall be increased by forty percent (40 %) to take account of social benefits;
- The hours put in by the heavy equipment shall be counted at the rate featuring in the sub-detail of prices;
- Building materials and materials shall be reimbursed at cost price duly justified at the place of use, marked up by ten percent for loss, stocking and handling;
- The amount for services thus calculated, including the hours put by heavy equipment shall be marked up by 25 % to take into account the overheads, profits and the contractor's unforeseen.

**Article 18: Evaluation of works (article 23 of the GAC)**

This contract is at [*unit price, all-in price or unit and all-in price*].

**Article 19: Evaluation of supplies (article 24 of the GAC supplemented)**

19.1 [*indicate, where applicable, the modalities for payment of supplies*].

19.2 No security shall be requested for payments on account on supplies.

**Article 20: Advances (article 28 of the GAC)**

20.1 The Contracting Authority may grant a start-off advance equal to 20 % of the amount of the contract.

20.2 This advance whose value cannot exceed twenty (20) percent of the initial amount inclusive of all taxes shall be guaranteed at one hundred (100) percent by a banking establishment governed by Cameroon law or a first-rate financial institution in accordance with the instruments in force and reimbursed by deduction of the payments on accounts to be paid to the contractor during the execution of the contract according to the modalities laid down in the Special Administrative Conditions.

20.3 The total amount of the advance must be reimbursed not later than when the value in basic price of the works reaches eighty (80) percent of the amount of the contract.

20.4 As the reimbursement advances, the Project Owner shall issue the release of the corresponding part of the guarantee upon the express request by the contractor.

20.5 The possibility of granting start-off advance or advance for supplies must be expressly stipulated in the Tender File.

**Article 21: Payment for works (articles 26, 27 and 30 of the GAC supplemented)**

**21.1 Establishment of works executed**

*Before the 30<sup>th</sup> of each month, the contractor and the Engineer shall jointly establish a job cost sheet which summarises and fixes the quantities executed and established for each item on the schedule during the month and capable of giving entitlement to payment. This sheet shall be based on the certification of the various tasks jointly established by the contractor and the Project Manager*

**21.2 Monthly detailed account**

*Every month of during a periodic sequence established by contractor and representative of the project owner, the contractor shall hand over to the Contract Engineer two draft provisional monthly detailed accounts in seven copies (one detailed account exclusive of VAT and the other inclusive of taxes), according to the agreed model and establishing the total amount of the sums to which he may lay claim as a result of the execution of the contract since the start of the contract.*

*Only the detailed account exclusive of VAT shall be paid to the contractor. The detailed account of the amount of the taxes shall be the subject of an entry into the budgets of the Ministry in charge of Finance*

*Only the amount exclusive of VAT shall be paid to the contractor as follows:*

- [100-2.2 and/or – (5.5 or 15%)] paid directly into the account of the contractor;
- 2.2 % paid to the public treasury as AIR due by the contractor.
- 7.5% or 15% paid into the public treasury as TSR due by the contractor.

*The Project Manager has a time-limit of seven (7) days to forward to the Contract Manager the detailed accounts he has approved.*

*The Contract Engineer has a maximum time-limit of twenty-one (21) days to forward the detailed accounts he approved such that they are in his possession not later than the twelfth of the month.*

*The Contract Manager has a deadline of fourteen (14) days maximum to sign the detailed accounts.*

*Payments shall be done by the Municipal Treasurer BABESSI Council within a maximum deadline of \_\_\_\_\_ calendar days from the date of submission of the approved detailed accounts.*

**21.3 Detailed account of start-off account (if applicable).**

**Article 22: Interest on overdue payments (Article 31 of the GAC)**

Possible interests on overdue payments are paid by statement of sums due in accordance with article 88 of Decree No. 2004/275 of 24 September 2004 to institute the Public Contracts Code.

**Article 23: Penalties (Article 32 of the GAC supplemented)**

**A. Penalties for delay**

23.1 The amount set for penalties for delays shall be set as follows:

- a) One two thousandth ( $1/2000^{\text{th}}$ ) of the initial contract amount all taxes inclusive per calendar day of delay from the first to the 30<sup>th</sup> day beyond the contractual time-limit;
- b) One thousandth ( $1/1000^{\text{th}}$ ) of the initial amount of the contract inclusive of all taxes per calendar day beyond the 30<sup>th</sup> day.

23.2 The cumulated amounts of penalties for delay shall be limited to ten percent (10 %) of the initial contract inclusive of all taxes.

**B. Specific penalties [amount to be indicated]**

23.3 Independently of penalties for overrun of contractual time-limit, the contractor shall be liable for the following special penalties for the non-observation of the provisions of the contract, especially:

- Late submission of final bond;
- Late submission of insurances;
- Late submission of the draft execution schedule if the lateness is caused by the contractor.

**Article 24: Payment in case of a group of enterprises (article 33 of the GAC)**

1. In the case of a group of enterprises, indicate the method of payment of co- and sub-contractors, where need be.
2. Indicate the method of payment of sub-contractors, where need be.

**Article 25: Final detailed account (article 34 of the GAC)**

25.1 *[Indicate the time-limit available to the contractor to forward the draft to the Project Manager, after the date of provisional acceptance of the works (maximum 1 month)].*

After completion of the works and within a maximum time-limit of fourteen (14) days after the date of provisional acceptance, the contractor shall establish, based on joint reports, the draft final detailed account of works executed and which detailed account summarises the total sums to which the contractor may be entitled as a result of the execution of the whole contract.

25.2 *The Contract Manager has up to thirty (30) days to notify the corrected and approved draft to the Project Manager.*

25.3 *The contractor has up to thirty (30) days to return the signed final detailed account.*

**Article 26: General and final detailed account (article 35 of the GAC)**

26.1 The Contract Manager or the Project Manager has up to thirty (30) days to *establish the general detailed account and forward to the contractor after final acceptance.*

At the end of the guarantee period which results in the final acceptance of the works, the Contract Manager draws up the general and final detailed accounts of the contract which he has had signed jointly by the contractor and the Contracting Authority. This detailed account includes:

- the final detailed account,
- the balance
- the summary of monthly payments on account.

The signing of the general and final detailed account without reservation by the contractor definitely binds the two parties, puts an end to the contract, except with regard to interest on overdue payments.

26.2 The contractor has up to thirty (30) days to return the signed final detailed account.

**Article 27: Tax and customs regulations (article 36 of the GAC)**

Decree No. 2003/651/PM of 16 April 2003 lays down the terms and conditions for implementing the tax regulations and customs procedures applicable to public contracts. The taxes applicable to this contract include notably:

- Taxes and dues relating to industrial and commercial profits, including the IAR which is a deduction on company taxes;
- Registration dues in accordance with the Tax Code;
- Dues and taxes attached to the execution of services provided for in the contract;
  - o Duties and taxes of entry into Cameroonian territory (customs duties, VAT, computer tax);
  - o Council dues and taxes;
  - o Dues and taxes relating to the extraction of building materials and water.

These elements must be included in the costs which the undertaking imputes on its running costs and constitute one of the elements of the sub-details of prices exclusive of taxes.

All taxes inclusive prices means VAT included.

**Article 28: Stamp duty and registration of contracts (article 37 of GAC)**

Seven (7) original copies of the contract shall be stamped by and at the cost of the contractor, in accordance with the applicable regulations.

**Chapter III: Execution of works**

**Article 29: Nature of the works (article 46 of GAC)**

The works shall include especially: (position or volume of works)  
(*To be specified cf. Special Technical Conditions*)

**Article 30: Role and responsibilities of the Project Owner (GAC supplemented)**

30.1 The Project Owner shall be bound to furnish the contractor with information necessary for the execution of his mission and to guarantee, at the cost of the contractor, access to sites of projects.

30.2 The Project Owner shall ensure the contractor of protection against threats, insults, violence, assault and battery, slander or defamation of which he could be victim by reason of or during the exercise of his mission.

**Article 31: Execution time-limit of the contract (article 38 of the GAC)**

31.1 The time-limit for the execution of the works forming the subject of this contract shall be **ninety (90) days**.

31.2 This time-limit shall run from the date of notification of the Administrative Order to commence execution of the works [*or that fixed in this Administrative Order- to be specified*].

**Article 32: Role and responsibilities of the contractor (article 40 of the GAC)**

The detailed and general plan of progress of the works shall be communicated to the Project Manager in **five (05) copies** at the beginning of each.

**Article 33: Provision of documents and site (article 42 of the GAC)**

A reproducible copy of the plans featuring in the Tender File shall be submitted by *the Contract Manager*.

The Project Owner shall make available the site and access ways to the contractor at the appropriate time as the works progress.

**Article 34: Insurance of structures and civil liabilities (article 45 of GAC)**

The following insurance policies are required within the scope of this contract in the minimum amounts indicated hereafter within fifteen (15) days of the notification of the contract (*to be adapted*):

- *Liability insurance, business manager;*
- *Comprehensive insurance of the site;*
- *Insurance covering its ten-year obligation, where applicable.*

**Article 35: Documents to be furnished by the contractor (Article 49 of the GAC supplemented)**

[*Specify the deadlines for the transmission of documents as well as those of approval by persons to be designated*]

**35.1 Programme of works, Quality Assurance Plan and others (to be specified).**

a) Within a minimum deadline of [*fifteen (15) days*] from the date of notification of the Administrative Order to commence execution, the contractor shall submit in [*six (6)*] copies for the approval of [*Contract Manager after the endorsement of the Project Engineer*] the execution programme of the works, his supply calendar, his draft Quality Assurance Plan and the Environment Management Plan, where applicable.

This programme shall be exclusively presented according to the furnished models.

Two (2) copies of these documents will be returned to him within a deadline of fifteen (15) days from the date of reception with:

- Either the indication "GOOD FOR EXECUTION";
- Or the indication of their reject including the reasons for the said rejection.

The contractor has eight (8) days to present a new draft. The Contract Manager or the Project Manager then has a deadline of five (5) days to give his approval or possibly make comments. Delay in approving the draft execution schedule shall stay the execution deadline.

The approval given by the Contract Manager or Project Manager does not in any way release the contractor of his responsibilities. Meanwhile, works executed before the approval of the programme shall neither be ascertained nor paid for. The updated and approved schedule will become the contractual schedule.

The contractor shall constantly update on site, a schedule that will take account of real progress of the site. Significant modifications may only be made on the contractual programme upon receiving the approval of the Project Manager. After approval of the execution schedule by the Contract Manager, the latter shall transmit it within five (5) days to the Contracting Authority without staying its execution. However, if important modifications alter the objective of the contract or the nature of the works, the Contracting Authority shall return the execution schedule accompanied by reservations to be lifted within fifteen (15) days of the date of reception.

- b) The Environment Management Plan should bring out notably the choice technical conditions of the site and basic life, conditions of the backfill of the extraction sites and conditions for reinstating the works and installation sites.
- c) The contractor shall indicate in this schedule the equipment and methods which he intends to use as well as the personnel he intends to employ.
- d) The approval granted by the Contract Manager or Project Manager shall in no way diminish the responsibility of the contractor with regard to the harmful consequences which their implementation may cause both towards third parties and the respect of clauses of the contract.

### 35.2 Execution draft

- a) The execution plan documents (*calculations and drawings*) necessary for the realisation of all the parts of the structure must be submitted for the endorsement of the [Contract Manager or Project Manager] at most fifteen (15) days prior to the date provided for the commencement of execution of the corresponding part of the structure.
- b) The [Contract Manager or Project Manager] has a deadline of [*five (05) days*] to examine and make known his observations. The contractor then has a deadline of [04] four days to present a new file including the said observations.

35.3 In case of the non-observance of the approval deadlines of the above documents by the Administration, these documents shall be deemed to have been approved.

### Article 36: Organisation and safety of sites (article 50 of the GAC)

36.1 Signboards at the beginning and end of each section must be placed within a maximum deadline of fifteen days after the notification of the Administrative Order to commence work.

36.2 The services to inform in case of interruption of traffic or along the deviated itinerary: [*To be specified in accordance with article 50(2) of the GAC*].

36.3 Indicate the special measures demanded of the contractor, other than those provided for in the GAC, for rules of hygiene and safety and for circulation around or in the site.

### Article 37: Implantation of structures

The Project Manager shall notify within [five] days following the date of notification of the Administrative Order to commence work, the basic points and levels of the project.

### Article 38: Sub-contracting (article 54 of the GAC)

The part of the works to be sub-contracted shall be [*specify*] % of the initial amount of the contract and its additional clauses (*the ceiling is 30 %*).

### Article 39: Site laboratory and trials (article 55 of GAC)

39.1 Indicate if necessary the modalities for carrying out the trials and geotechnical studies provided for in the Special Technical Conditions.

39.2 The Contract Manager has a deadline of three days to approve the contractor's personnel and laboratory as soon as the request is made.

**Article 40: Site logbook (article 56 of the GAC supplemented)**

40.1 The Site logbook must be systematically jointly signed by the Project Manager or Engineer, where need be and the contractor's representative each day.

40.2 It is a joint document in a single copy. Its pages must be numbered and initialled. No page should be removed. The erased or cancelled parts must be mentioned on the margin for validation.

**Article 41: Use of explosives (article 60 of the GAC)**

*[Specify the possible restrictions or bans]*

**Chapter IV: Acceptance**

**Article 42: PROVISIONAL ACCEPTANCE**

**42.1 PRE- ACCEPTANCE OPERATIONS**

Before the acceptance of the works the contractor shall ask in writing to the control Engineer, to organize a technical visit for pre-acceptance. This visit shall include the following operations.

- Qualitative and quantitative evaluations of the different works that have been executed.
- Findings and statement of the unexecuted task envisaged in the present jobbing order.
- Findings relative to the completion of the work
- Findings on the quantity of works that have been effectively realized

These operations shall be subject to a site report drawn up on the field, signed by the following.

- Control Engineer,
- Contractor.

During this pre-reception, the engineer shall eventually specify the reserves to be lifted and the corresponding works to be affected before the reception. The Engineer shall fix the reception date in collaboration with the chief of service for the contract.

**42.2 Acceptance**

The acceptance commission shall comprise:

- ❖ The project owner..... (chair person)
- ❖ The Representation or the contracting authority.....(member)
- ❖ The Contract Manager (DD MINTP).....(member)
- ❖ The Divisional Delegate of MINMAP or his representative; ..... (member)
- ❖ The Divisional Delegate of MINTP ..... (member)
- ❖ The Study Engineer at DDMINTP.....(member)
- ❖ The Chief of Technical ServiceDDMINTP NGOKETUNJIA.....(secretary)
- ❖ The contractor.....(member)
- ❖ The representation of the Civil Society.....(member)

The commission shall examine the report of the pre-acceptance and shall proceed to the acceptance. An acceptance report (process - verbal) of the works shall be prepared by the Engineer and signed by all the commission members.

However, the report (process - verbal) shall be valid if two third (2/3) of the members including the chairperson append their signatures.

The chairperson can only convene the acceptance of works when he must have received from the Contract Engineer the report (process - verbal) of the technical acceptance of works with no reserves pending clearance.

This report (process - verbal) of the technical acceptance of works shall be an integral part of the acceptance of works' report (attached to acceptance of works report) and shall accompany the bills for settlement. An indemnity shall be perceived by the members as per specified in the SRT.

**Article 43: GUARANTEE PERIOD.**

The guarantee period is one (01) year from the date of the provisional reception for the section of new civil Engineering works.

**Article 44: Article 45: Final acceptance (article 72 of the GAC)**

44.1 Final acceptance shall take place within a maximum deadline of [fifteen (15) days] from the date of expiry of the guarantee.

44.2 The Project Manager [shall [not] be member of the commission.

The procedure for final acceptance shall be the same as for provisional acceptance

**Chapter V: Sundry provisions****Article 45: Termination of the contract (article 74 of the GAC)**

The contract may be terminated as provided for in the Decree No. 2018/366 OF 20 June 2018 of the Public contract Code and equally under the conditions laid down in articles 74, 75 and 76 of the GAC especially in one of the following cases:

- dead of the contractor
- bankruptcy of the contractor
- judicial liquidation (contractor not authorised by court to exploit her enterprise
- sub contracting of works without the authorisation of the project owner Incompetence of the contractor duly notified by the Project owner
- Non respect of labour code rules and regulations
- fraud and corruption duly noticed

**Article 46: Case of force majeure (article 75 of the GAC)**

If the contractor were to raise the issue of force majeure, the thresholds below which claims shall not be admitted are:

- *Rainfall: 200 millimetres in 24 hours;*
- *Wind: 40 metres per second;*
- *Flood: decennial flood frequency.*

**Article 47: Disagreements and disputes (article 79 of the GAC)**

Disagreements and disputes resulting from the execution of this contract may be settled amicably.

Where no amicable solution can be found for a disagreement, it is brought before the competent Cameroonian jurisdiction, subject to the following provisions: *[to be filled, where need be]*.

**Article 48: Production and dissemination of this contract**

*[Twenty (20)]* copies of this contract shall be produced at the cost of the contractor and furnished to the Contract Manager.

**Article 49 and last: Entry into force of the contract**

This contract shall be final only upon its signature by the Contracting Authority. It shall enter into force as soon as it is notified to the contractor by the Contracting Authority.

**Document No. 6:**  
**Special Technical Conditions (STC)**

## TECHNICAL SPECIFICATIONS

The realization of the works was conceived according to the principles of the construction of bridges in Cameroon.

### **7.1.3. STUDIES OF WORK**

The complete project comprises the following lots:

**SERIES 100: PRELIMINARY WORKS**

**SERIES 200: EARTH WORKS**

**SERIES 300 - RC ( FOUNDATION , ABUTMENT WALL ,WING WALL , BEAMS AND DECKING SLABS)**

**SERIES 400: EQUIPMENT**

**SERIES 500: SOCIO - ENVIROMENTAL MITIGATION MEASURES**

These works shall be executed as outlined in the next few paragraphs

### **7.1.4. WORK IN HIMO**

The specificity of HIMO (high intensity of manual work) consists in fighting against poverty by the creation of temporary employment for local unqualified labour and the use of local materials in the building work. The recruitment of the unqualified personnel must be done through a convention of local labour between the contractor and the representative of the beneficiaries.

In the case of this project, one of its objectives is the use of HIMO which is the creation of temporary jobs in order to fight against poverty, the company should use only the unqualified local labour of the project area for the completion of the work quoted with the following subparagraph. The financial repercussions to the profit of the beneficiaries will have to be in theory from 5 to 15% of the value of the tender, of which a part is assigned to the female labour.

Within the framework of the completion of the work, objects of this Invitation to tender, the following tasks must be carried out manually:

- 1) Cleaning of the site of the infrastructure
- 2) felling/pronning of trees
- 3) Construction of the bridge
- 4) Participation as labourers in the realization of the body work
- 5) Participation as labourers in the realization of finishing works
- 6) Forestation

### **7.1.5. BASES FOR CALCULATION**

While carrying out the work, the legislative, administrative and technical texts in force in the Republic of Cameroon must be respected: Most particularly, the technical specifications (D.T.U.) and the recommendations of the C.S.T.B.

- Reinforced concrete:

Technical rules of Design and Calculation of the Reinforced Concrete Works, within the limit states Rule BAEL 91 MOD 99.

- Climatic requests

Rules defining the effects of winds known as, rules NV 65.

- Evaluation of permanent charges and of exploitation overloads

The evaluation of permanent charges and exploitation overloads will be given from:

- Standard NF P 06 - 004 for permanent charges and the exploitation costs due to the forces of gravity
- Standard NF P 06 - 001 for the running costs of the buildings

## **7.2. EXECUTION OF WORKS**

### **7.2.1. COMPLEMENTARY STUDIES**

Before the commencement of works, the contractor must carry out a complementary geotechnical study in the presence of the Contract Engineer and/or controller to determine the bearing capacity of the soil to receive the foundation of the bridge. The results of this geotechnical test shall be used to verify the actual calculations presented in this documents and if need be, modifications to the foundation of the bridge may be carried out.

### **7.2.2. EXECUTION DOCUMENTS.**

The execution documents mentioned here shall be submitted by the contractor at most 7 days after receiving the service order to start works and shall include:

1. The geotechnical studies of the soil;
2. The works execution program which shall comprise the detailed calculations and studies carried out by the contractor, the personnel and equipment which the contractor intends to use as well as the detailed plans of works to be executed.
3. The performance bond for the project.
4. An insurance policy for the project.

After the validation of our works execution plan by the control engineers of the project, we shall immediately deploy the different permanent and recruited Personnel for the Project to their different work posts. The following work description and control below will be strictly adhered to, to ensure that all civil Engineering norms are respected.

### **7.2.3. INSTALLATION OF THE WORKING SITE**

The installation of the working site will be at the expenses of the executing enterprise. It will include:

- The construction or renting of a base where the equipment of the contractor shall be kept.
- The construction of a provisional fence round the base;
- Provisional water connections, electricity and telephone
- The cleaning and the guarding of the project site
- Necessary measures for the respect of legal/lawful provisions relating to hygiene and safety on site. (Installation of a latrine, provision of drinkable water, provision of a first aid box equipped with products such as: aspirin, nivaquine, adhesive plaster, bétadine, bands, compress, alcohol...);
- Provisional access roads to the project site;
- A storeroom on site;
- A site office, where the site book, the building plans will be available permanently throughout all realization of works;
- An office or room of at least of 8 m<sup>2</sup> equipped with a table office and two chairs reserved with the Project superintendent;
- A meetings room for the building site which can receive at least 5 people equipped with a table, two benches of 1.5 m, a display board for plans and planning placed permanently.

### **Formwork (COFFERING):**

Material for formwork shall be wood. This shall be cut, shaped and assembled on site to the required forms and sizes. Simple conventional wooden formwork shall be used in the construction of the various concrete structural elements (columns, beams, etc.). These shall be fabricated *in-situ* and, lifted into position.

### **Reinforcement.**

On the whole, reinforcement steel shall be cut and shaped using the simple conventional methods and tools encountered on ordinary construction sites.

## **SUB STRUCTURE**

### **EARTHWORKS**

- We shall carry out the excavation works mechanically using excavation machines. However, small excavations can also be done manually with the use of local labour strictly supervised by the site Engineer, and the site foremen and skilled technicians. The sides and bottom of excavations shall be well trimmed by skilled labour.

### **FOUNDATION FOOTING**

- Lying of blinding or lean concrete of 5 cm batched at 250 kg/m<sup>3</sup>.
- Realization of the iron works, form work and concreting of footings for the abutments and wing walls batched at 400 kg/m<sup>3</sup>
- Realisation of reinforced concrete beams and bridge deck dosed at 400 kg/m<sup>3</sup>.

### **ABUTMENTS**

- Building of stone RC abutments dosed at 400kg/m<sup>3</sup>
- Casting of reinforced concrete pillars and beams for the abutments dosed at 400 kg/m<sup>3</sup>
- Provision of weep holes

### **DECKING OF THE BRIDGE**

The bridge shall be decked with the following

- The bridge rib beams with reinforced concrete of 0.3x0.5m and of length of 6m length. The concrete beams shall be dosed at 400kg/m<sup>3</sup>.
- Reinforced concrete deck dosed at 400 kg/m<sup>3</sup>
- Provision of drainage holes to drain off water
- Shaping of the bridge deck so the easy evacuation of water

### **EQUIPMENT**

- Mixed handrails of reinforced concrete and 50mm metallic poles built according to the laid down norms and painted.
- Reinforced concrete deck dosed at 400 kg/m<sup>3</sup>
- Provision of drainage holes to drain off water
- Shaping of the bridge deck so the easy evacuation of water

#### **7.2.6. SUPPLY OF MATERIALS**

Our construction materials will be bought from qualified suppliers approved by the state and the control engineer and will be mainly from Bamenda. The sand will be gotten from Wum, while the rest of the materials will be bought from Bamenda. All materials will be from jointly control and approved sites by the contracting parties before usage.

The quality of building materials shall be controlled and accepted by the two parties before stockpiled and eventual usage.

#### **7.2.7. HEALTH AND SAFETY AT WORK**

A first aid team will handle injuries sustain by workers during work while critical cases will be taken to any nearby hospital. To avoid accidents on the project site, we shall ensure that all our workers and visitors on site are in position of helmets, safety boots and jackets. During weekly site meetings, safety topics will be introduced to all the workers on site. The Population and our workers will be sensitized against the aids pandemic and other sexually transmitted diseases. Prevention shall be our watch word.

#### **7.2.8. SITE SECURITY**

A direction board displaying site installation element, circulation trend, display of position housing material deposit, offices and other facilities will future at the construction site. Access roads easing internal circulation within the base and working areas will be constructed in proximity of services, operating positions of warehouses, fabrication posts, offices, recreational areas and material stockage areas to assure internal security of personnel's. Temporal structures of wood will be put up to house offices, workstations, warehouses, dressing rooms conference room for site meetings and fabrication post. A temporal wooden fence will be put in place around the base boundary location. Concreting materials such as sand, gravel, cement, concrete mixer and rod bending production post will be position in function of task operation. Environmental conservation, security measures and life protection will constitute our watchword fixed at all offices, production post and open areas.

#### **FINISHES AND PROTECTION OF EMBANKMENT**

The walls of the borrow pit will be protected by planting carpet grass on it to hold the siol in position, also environmental friendly trees will be planted in the pit.

#### **THE MAINTENANCE OF THE PROJECT**

The Management Committee (MC)/follow up committee shall mainly be responsible for coordinating and managing activities to be undertaken within the Community for the maintainance and cleaning of the structure after completion and during usage. The term of office for each officer shall be three years renewable once. It also acts as the liaison between the community and development agencies. To do this, it has to:

- Ensure that they source up internal and external financial resources to be used for the maintainance and repairs of the project;
- Sensitize the local community on good habits that will ensure a long life span for the structure;
- Monitor the structure and report to the council authorities in case of any problems.
- Coordinate the various contributions for effective sustenance;
- Raise awareness on the contribution (financial, material and human) of the community;

**Document No. 7:**  
**Schedule of unit prices**

**MODEL UNIT PRICE SHEDULE FOR THE CONSTRUCTION OF TWO BRIDGES OF THE SAME DIMENSION (SPAN=6m, HEIGHT =5M, WIDTH=6M) IN RE-INFORCED CONCRETE AT PK 4+ 700 and PK 15+ 900 RESPECTIVELY IN NJINDEM QUARTER ON THE ROAD STRETCH WATER SIDE TO BACKYIT QUARTER THORUGH G.S BALIKUMBAT, IN BALIKUMBAT MUNICIPALITY IN NGOKETUNJIA DIVISION OF THE NORTH WEST REGION.**
