I. TECHNICAL SPECIFICATIONS

The works, which are object of the present Contract, include all the works included in the technical estimates here below.

A) BRIEF PRESENTATION OF THE PROJECT

➤ **Background/Context**

The Bamenda III Council was created by a presidential Decree in 2007 (No 2007/117 of 24th April 2007) to promote local development and improve the living conditions of the subdivision's inhabitants. This Council belongs to Bamenda III Sub-division in Mezam Division, North West Region. According to the demographic data of Bamenda III sub division pulled from the census of 2005, its estimated population stands at 112718 inhabitants. The population of Bamenda 3 municipality is largely cosmopolitan made up of indigenous Nkwen and Ndzah people, migrants from all over the North west and West region, others regions of Cameroun and Nigerians. In Bamenda III Sub division where the project is located, there are a considerable number of quarters, each with its quarter head. Its history, its culture, its language, its traditional dish and other aspects are same all over the Sub-Division. Around the project site there is no archaeological sites so no impact can be foreseen. The population is mostly made up of Nkwen people but amongst them we can find a few people from different tribes and others regions from the country.

The project covers all the mentioned areas. Since its creation, the Bamenda III council has been concentrating its efforts in collaboration with Bamenda City Council to collect household waste generated in Bamenda III council area. Under Cameroon Law, the councils provide and regulate administrative, economic and social development, define and enforce work practices to increase efficiency and improve the quality of services, promote training and retaining of municipal staff amongst others functions.

Within the framework of the 2025 results based Budget program of activities for MINEPDED, it was envisaged among others to provide garbage cans to facilitate solid waste management in the Bamenda III council area in Mezam Division. To follow up and concretize this project, the Divisional Delegation of MINEPDED for Mezam resolves to play its role as Contract Manager to ensure that the garbage cans acquired meet up with high quality and quantity values.

➤ **Justification**

The Divisional Delegation of MINEPDED for Mezam has always played its role of Contract Engineer in waste management in Bamenda III council as well as the councils in Mezam Division. The Divisional Delegation of Environment has observed that waste management in Bamenda city and Bamenda III in parties should be given serious attention. The 2004 law on decentralization which was updated on the 24th of December 2019 assigns the responsibility of ensuring the well being of the population to councils. The councils that are responsible for the collection and disposal of waste generated especially as household level is escalating mainly because dwellers have not been playing any vital role in waste management. For councils to succeed to maintain an environment that will improve the well being of inhabitants, it is necessary to ensure that proper attitudes are inculcated into inhabitants such that the so much needed positive change starts from the individual households. To succeed in this goal, serious public education and sensitization is needed through radio talks, training workshop on household waste management, hygiene and sanitization campaign and environmental education to school and sensitize the public on how to effectively use the trash cans.

➤ **Purpose of the TOR**

The purpose of this TOR is to source for a competent Contractor **to provide Garbage cans and other material to facilitate household solid waste management in order to facilitate household solid waste management** in Bamenda III Council area.

➤ **Specific Objective of the project:**

To ensure appropriate management of household solid waste in their neighborhoods in Bamenda III council area.

➤ **Expected result**

Garbage cans are provided to public places like markets, road junctions, health centers and schools, etc. for the collection of solid waste for eventual transportation to dumpsites.

B) DESCRIPTIVE NOTES: TECHNICAL DESCRIPTION FOR THE PURCHASE OF EQUIPMENT FOR THE FIGHT AGAINST UNSANITARY CONDITIONS, POLLUTION AND NUISANCES IN BAMENDA III SUB DIVISION, MEZAM DIVISION OF THE NORTH WEST REGION

These descriptions are established to precise and complete indications found on the bill of quantities and estimates as well as on the plan of this project.

➤ **MODE OF EXECUTION**

The supply of Garbage cans and other material to facilitate household solid waste management shall be duly supervised by the Control Engineer (**Divisional Chief of Service for State Property Mezam**) and Contract Manager (Divisional Delegate of Environment, Protection of Nature and Sustainable Development for MEZAM). In the same vein, all Garbage cans to be provided and others material shall be approved by the Control Engineer and Project Manager before final reception.

Hence, we hereby affirm that on behalf of the Contractor, we guarantee and are responsible to the
Project Owner for a maximum amount of _____
[in figures and letters] corresponding to [percentage below 10 % to be specified] of the contract price.

And we pledge to pay to the Project Owner within a maximum deadline of eight (8) weeks upon his
simple written request declaring that the contractor has not fulfilled his contractual obligations or is
indebted to the Project Owner within the meaning of the contract, amended where need be, by its
additional clauses, without being able to defer the payment nor raise any contest for whatever reason,
any sum(s) within the limits of the amount equal to [percentage below 10 % to be specified] of the total
amount of the supply featuring in the final detailed account, without the Project Owner having to prove
or give the reasons nor the motive for the amount of the sum indicated above.

We hereby agree that no change or addendum or any other amendment shall release us of any
obligation incumbent on us by virtue of this bond and we hereby incline by the present to the notification
of any amendment, addendum or change.

This bond shall enter into force upon signature. It shall be released within thirty (30) days from the date
of the final acceptance of the supply and upon release issued by the Project Owner.

Any request for payment made by the Project Owner by virtue of this bond should be done by
registered mail with acknowledgement of receipt to reach the bank during the period of validity of this
commitment.

This bond shall, for purposes of its interpretation and execution, be subject to Cameroon law. Cameroon
courts shall be the only jurisdictions competent to rule on this pledge and its consequences.
