# General Regulations of the invitation to tender

## A. General

### Article 1: Scope of offer

The Governor of the North West Region, Delegated Contracting Authority, launches on behalf of the Republic of Cameroon, an open national invitation to tender for **THE REHABILITATION OF LARINJI KANIBOM BARAKA ATONG ROAD (23KM) IN WIDIKUM SUB DIVISION, MOMO DIVISION NORTH WEST REGION-PHASE 1 BY EMERGENCY PROCEDURE**

1.1. The bidders retained, must complete the works within the required period as indicated in the specific rules of the tender document (SRTD), except there is a contrary stipulation in the special administrative document that starts from the date of notification of the service order to start works or of that indicated in the service order.

1.2. The word « Day » in this tender document signifies a calendar day.

### Article 2: Financing; PPRD NW/SW 2026 BUDGET

The sources of funding of works in this tender document have been indicated in the (SRTD).

### Article 3: Fraud and corruption

3.1 The Delegated contracting authority requires of bidders and their contractors the strict respect of rules of professional ethics during the award and execution of public contracts. By virtue of this principle, the Delegated contracting authority:

a) Defines, within the context of this clause, the following expressions in the Following manner:

- i. Shall be guilty of "corruption" whoever offers, gives, requests or accepts any advantage in view of influencing the action of a public official during the award or execution of a contract;
- ii. Is involved in "fraudulent manoeuvres" whoever deforms or distorts facts in order to influence the award or execution of a contract;
- iii. "collusive practices" mean any form of agreement between two or among several bidders (whether the Delegated contracting authority is aware or not) aimed at artificially maintaining the prices of offers at levels not corresponding with those which will result from the forces of competition;
- iv. "coercive practices" mean any form of harm against persons or their property or threats against them in order to influence their action during the award or execution of a contract;
- v. Conflict of interest shall mean any situation in which the financial or personal interest of an agent or public entity is likely to compromise transparency in the award of public contracts.

b. The Delegated contracting authority shall reject any award proposal if it determines that the proposed successful bidder is directly or through the intermediary of an agent, guilty of corruption or is involved in fraudulent manoeuvres, collusive or coercive practices in the award of this contract.

3.2 The Minister Delegate at the Presidency of the Republic in charge of Public Contracts may, as a temporary measure, take a decision to ban bidding for a period not exceeding two (2) years against any bidder guilty of influence peddling, conflict of interest, insider information, fraud, corruption, or production of non-authentic documents in his offer, without prejudice to legal action that may be taken against him.

#### **Article 4: Candidates allowed competing**

5.1 If the invitation to tender is restricted, consultation is addressed to all candidates retained after a pre-qualification procedure.

5.2 Generally, the invitation to tender is addressed to all contractors, subject to the following provisions:

- (a) a bidder (including all members of a group of enterprises and all subcontractors to the bidder) must be from an eligible country, in accordance with the funding agreement.
- (b) a bidder (including all members of a group of enterprises and all sub-contractors to the bidder) must not be in a situation of conflict of interest.

A bidder shall be judged to be in a situation of conflict of interest if he:

- i) is or was associated in the past in an enterprise (or a subsidiary of this enterprise) which provided consultancy services for the conception, preparation of specifications and other documents used within the scope of contracts awarded for this invitation to tender; or
- ii) Presents more than one bid within the context of this invitation to tender, except authorised variants according to article 17, where need be; meanwhile, this does not prevent the participation of sub-contractors in more than one bid.
- iii) The project owner is not a shareholder of any bidder so as to compromise the process of award of the contract.

(c) The bidder must not have been excluded from bidding for public contracts.

(d) A Cameroonian public enterprise may participate in the consultation if it can demonstrate that it is (i) legally and financially autonomous, (ii) managed according to commercial laws and (iii) not under the direct or indirect supervisory authority of the Delegated contracting authority.

#### **Article 5: WORKS and ancillary services meeting the criteria of origin**

5.1 All WORKS and ancillary services forming the subject of this contract must come from countries meeting the criteria of origin defined in the Special Regulations of the invitation to tender.

5.2 Within the meaning of the clause 5.1, the term "works" shall refer to products, raw materials, machines, equipment and industrial installations; and the term "ancillary services" shall notably refer to services such as insurance, installation, training and initial maintenance.

5.3 The term "originate" shall qualify the country where the works are extracted, cultivated, produced, manufactured or transformed; or the country where a manufacturing,

transformation or assembly of components process results in the abstention of a commercial article whose basic characteristics are substantially different from those of its components.

#### **Article 6: Qualification of bidder**

6.1 As an integral part of their offer, bidders must:

- (a) Submit a power of attorney making the signatory of the bid bound by the offer; and
- (b) furnish all the information (to complete or update the information included in the request for pre-qualification which may have changed in the case where the candidates had to pre-qualify) requested from bidders in the Special

Regulations, in order to establish their ability to execute the contract; furnish all the information (or update the information included in their request for prequalification which may have changed) requested from the bidders in order to establish their ability to execute the contract.

Information relating to the following points shall be requested, if need be:

- (ii) access to a credit line or availability of other financial resources;
- (iii) orders acquired and contracts awarded;
- (iv) pending litigations; and
- (v) Availability of indispensable equipment.

6.2 Bids presented by two or more associated undertakings (joint-contracting) must satisfy the following conditions:

- a. The bids must include all the information listed in article 6(1) above. The Special Regulations must specify the information to be furnished by the group and the information to be furnished by each member of the group;
- b. The offer and the contract must be signed in a way that is binding on all members of the group;
- c. The nature of the group (*joint or several*) must be specified and justified with the production of a joint venture agreement in due form;
- d. The member of the group designated as the representative shall represent all the undertakings vis à vis the Delegated contracting authority in the execution of the contract.
- e. In case of joint co-contracting, the co-contractors shall share the sums which are paid by the Administration into a single account; on the other hand, each undertaking is paid in its own account by the Administration where it is several co-contracting.

6.3 Bidders should equally present sufficiently detailed proposals to demonstrate that they conform to the technical specifications and execution time limits set in the Special Regulations of the invitation to tender.

6.5 Bidders seeking to benefit from a margin of preference must furnish all the information required to prove that they meet the eligibility criteria described in article 35 of the General Regulations.

**Article 7: Visit of the work site**

7.1. The bidder is advised to visit and inspect the site of works and its surroundings and to obtain by himself, and under his own responsibility, all the information that may be necessary for the preparation of the tender and the work execution. The costs related to the visit of the site are the responsibility of the Bidder.

7.2. the Delegated contracting authority is obliged to authorize the Bidder who so requests and his employees or agents to enter his premises and grounds for the purpose of the said visit, but only on the express condition that the Bidder, its employees and agents release the Owner, his employees and agents from any liability that may result and compensate them if necessary, and that he remains responsible for fatal or personal accidents, loss or damage to property, costs and expenses incurred as a result of this visit.

7.3. The Delegated contracting authority may organize a visit to the site of works at the time of the preparatory meeting for the preparation of the bids mentioned in article 19 of the GRIT.

**B. Tender File**

**Article 8: Content of Tender File**

8.1 The Tender File describes the works forming the subject of the contract, sets the consultation procedure by contractors and specifies the terms of the contract. Besides the addenda published in accordance with article 9 of the General Regulations of the invitation to tender, it includes the following documents:

Document No. 1	The tender notice in English and French signed by the Delegated contracting authority

8.2 The bidder must examine all the rules, forms, conditions and specifications contained in the Tender file. It is up to him to furnish all the information requested and prepare a bid in conformity with all aspects of the said file. Any deficiency may lead to a rejection of his bid.

#### **Article 9: Clarifications on the Tender File**

9.1 Any bidder who wants to obtain clarifications on the Tender File may request them from the Delegated contracting authority in writing or by electronic mail (telecopy or e-mail) at the Delegated contracting authority's address indicated in the Special Regulations of the invitation to tender. The Delegated contracting authority shall reply in writing to any request for clarification received at least fourteen (15) days for national invitations to tender and twenty-one (21) days for international invitations prior to the deadline for the submission of the offers.

A copy of the Delegated contracting authority's response, indicating the question posed but not mentioning the author, is addressed to all bidders who bought the Tender File.

9.2 Between the publication of the tender notice including the pre-qualification phase of candidates and the opening of bids, any bidder who feels aggrieved in the public contracts award procedure may lodge a complaint to the Delegated contracting authority.

9.3 The complaint must be addressed to the Delegated contracting authority with copies to the body in charge of the regulation of public contracts and the chairperson of the Tenders Board.

It must reach the Delegated contracting authority not later than fourteen (15) days before the opening of bids.

9.5 The Delegated contracting authority has five (5) days to react. A copy of the reaction shall be forwarded to the body in charge of the regulation of public contracts.

#### **Article 10: Amendment of the Tender File**

10.1 The Delegated contracting authority may at any moment prior to the deadline for the submission of offers and for any reason, be it at his initiative or in reply to a request for clarification formulated by a bidder, amend the Tender File by publishing an addendum.

10.2 Any published addendum shall be an integral part of the Tender File, in accordance with article 8.1 of the General Regulations of the invitation to tender and must be communicated in writing or made known to all bidders who bought the Tender File. The latter must acknowledge receipt of each of the addenda in writing to the Delegated contracting authority.

10.3 In order to give bidders sufficient time to take account of the addendum in the preparation of their bids, the Delegated contracting authority may postpone as is necessary, the deadline for the submission of bids, in accordance with provisions of article 23.3 of the General Regulations of the invitation to tender.

## **C. Preparation of bids**

### **Article 11: Tender fees**

The candidate shall bear the costs related to the preparation and presentation of his bid and the Delegated contracting authority shall in no case be responsible for these costs nor pay them whatever the evolution or outcome of the invitation to tender procedure.

### **Article 12: Language of bid**

The bid as well as any correspondence and all documents concerning the bid exchanged between the bidder and the Delegated contracting authority shall be drafted in English or French. Complementary documents and the forms provided by the bidder may be drafted in either language on condition that a precise translation into either English or French of the passages concerning the bid is included; in which case and for reasons of interpretation of the bid, the translation shall be considered to be authentic.

### **Article 13: Constituent documents of the bid**

13.1 The bid presented by the bidder shall include the documents detailed in the Special Regulations of the invitation to tender, duly filled and put together in three volumes:

#### **a. Volume 1: Administrative file** It includes:

- i) all documents attesting that the bidder:
  - has subscribed to all declarations provided for by the laws and regulations in force;
  - paid all taxes, duties, contributions, fees or deductions of whatever nature; - is not winding up or bankrupt;
  - is not the subject of an exclusion order or forfeiture provided for by the law in force;
  
- ii) The bid bond established in accordance with the provisions of article 19 of the General Regulations of the invitation to tender;

- iii) the written confirmation empowering the signatory of the bid committing the bidder, in accordance with the provisions of article 6.1 the General Regulations of invitation to tender.

**b. Volume 2: Technical bid**

**b.1 Information on qualifications**

The Special Regulations of the invitation to tender specify the documents to be furnished by the bidders attesting to the qualification to bid in accordance with articles 6(1), 6(2) and 18 of the General Regulations.

**b.2 Technical proposals**

The Special Regulations specify the constituent elements of the technical proposals of bidders notably:

- A detailed description of the technical characteristics, performance, makes, models and references of the materials proposed including technical prospectuses in accordance with article 17 of the General Regulations;
- The calendar, schedule and execution deadline.

**b.3 Proof of acceptance of conditions of the contract**

The bidder shall submit duly initialled copies of administrative and technical documents relating to the contract, namely:

1. The Special Administrative Conditions (SAC);
2. Technical specifications.

**c. Volume 3: Financial bid**

The Special Regulations specify the elements that will help in justifying the cost of the services, namely:

1. The signed and dated original bid prepared according to the attached model, stamped at the prevailing rate;
2. The duly filled Schedule of Unit Prices;
3. The duly filled detailed estimate;
4. The sub-details of prices and/or breakdown of all-in prices;
5. The previewed payment schedule in case:

To this effect, bidders should use the model documents and forms provided for in the Tender File, subject to the provisions of article 17(2) of the General Regulations of invitation to tender concerning the other possible forms of bid bond.

13.2 If in accordance with the provisions of the Special Regulations of invitation to tender, the bidders present bids for several lots of the same invitation to tender, they could indicate rebates offered in case of award of more than one lot.

**Article 15: Amount of the bids**

15.1 The general model conditions of prices shall be governed by rules prescribed in the latest edition of Incoterms published by the International Chamber of Commerce at the date of specified in the Special Regulations.

15.2 The bidder shall fill Prices as required in the model of price schedules furnished in annex.

15.3. Except as otherwise provided in the General Regulations and Special Regulations, all rights and taxes payable by the Bidder under the future Contract, or otherwise, thirty (30) days prior to the deadline for submission of bids will be included in the price and in the total amount of its offer.

15.5. If the price revision and / or discounting clauses are provided for in the contract, the date of establishment of the initial prices, as well as the procedures for revising and / or updating said prices must be specified. It being understood that any Contract whose execution period is not more than one (1) year cannot be subject to a price revision.

15.5. All unit prices with quantities must be justified by sub-details established in accordance with the framework proposed in Exhibit THE TENDER FILE.

#### **Article 15: Currency of bid**

15.1. In the case of International Competitive Bids, the currencies of the bid must follow the provisions of either Option A or Option B below; the applicable option being that used in the Special Regulations.

15.2. Option A: The bid amount is denominated entirely in national currency. The bid price, the unit price of the price schedule and the estimated and quantitative retail prices are denominated entirely in CFA francs as follows:

a). Prices will be fully denominated in the national currency. The tenderer who intends to incur expenses in other currencies for carrying out the Works, shall indicate in the Annex to the tender the percentage or percentages of the amount of the tender necessary to cover the needs in foreign currencies, not exceeding a maximum of three currencies. member countries of the market financing institution.

b). The exchange rates used by the Bidder to convert its bid into the national currency will be specified by the bidder as an appendix to the bid in accordance with the details of the RPAO. They will be applied for any payment under the Contract, so that no exchange risk is borne by the successful Bidder.

15.3. Option B: The bid amount is directly denominated in national and foreign currencies at the rates set out in the Special Regulations.

The bidder will quote the unit prices of the price schedule and the prices of the Quantitative and Estimated Detail as follows:

a). The prices of the inputs required for the Works that the Bidder intends to obtain in the country of the delegated contracting authority shall be expressed in the currency of the country of the delegated contracting authority specified in the Special Regulations and called "national currency".

b). The prices of the inputs required for the Works that the bidder intends to procure outside the country of the Delegated contracting authority shall be in the currency of the

country of the bidders or that of an eligible Member State widely used in international trade.

15.5. The delegated contracting authority may require bidders to express their needs in national and foreign currencies and to justify that the amounts included in the unit and total prices, and indicated in the annex to the tender, are reasonable; for this purpose, a detailed statement of its requirements in foreign currencies will be provided by the bidders.

15.5. During the execution of the works, most foreign currencies remaining to be paid on the contract price may be reviewed by agreement between the delegated contracting authority and the contractor to take account of any changes in requirements. in foreign currency under the contract.

#### **Article 16: Validity of bids**

16.1 Bids must remain valid during the period stated in the Special Regulations from the date of submission of the offers set by the Delegated contracting authority in application of article 23 of the General Regulations. A bid valid for a shorter period shall be rejected by the Delegated contracting authority or contracting authority as not being in conformity.

16.2 Under exceptional circumstances, the Delegated contracting authority may request the consent of the bidder for the prolongation of the validity time-limit. The request and the responses that will be given shall be in writing (or by telecopy). The validity of the bid bond provided for in article 19 of the General Regulations shall equally be extended for a corresponding duration. A bidder may refuse to extend the validity of his bid without losing his bid bond.

A bidder who consents to an extension shall not be asked to modify his bid nor be authorised to do so.

16.3 Where the contract does not include a price revision clause and that the period of validity of offers is extended for more than sixty (60) days, the amounts payable to the bidder retained shall be updated by application of the related formula featuring in the request for extension that the Delegated contracting authority shall address to bidders.

The Delegated contracting authority's request must include a form of price revision. The updating period shall run from the date of overrun of the sixty (60) days to the date of notification of the contract or the Administrative Order for start of execution of services by the retained bidder, as specified in the Special Administrative Conditions. The effect of updating shall not be taken into account for purposes of evaluation.

#### **Article 17: Bid bond**

17.1 In application of article 13 of the General Regulations, the bidder shall furnish a bid bond of the amount specified in the Special Regulations and which shall become a full part of his offer.

17.2 The bid bond must conform to the model presented in the Tender File; other models may be authorised subject to the prior approval of the Delegated contracting authority. The bid bond will remain valid for thirty (30) days beyond the original date set for the validity of bids or any other validity time-limit requested by the Delegated contracting authority and accepted by the bidder, in accordance with article 20(2) of the General Regulations.

17.3 Any bid without an acceptable bid bond shall be rejected by the Delegated Contracting Authority as not being in conformity. The bid bond of associated enterprises must be established in the name of the representative submitting the bid and should mention each member of the associated grouping.

17.5 The bid bonds of bidders who are not retained shall be returned within fifteen (15) days after publication of the award result.

17.5 The bid bond of the successful bidder shall be released as soon as the latter would have signed the contract and furnished the required final bond.

17.6 The bid bond may be seized:

a) if the bidder:

- i) withdraws his bid during the time-limit which he specified in his bid;
- ii) does not accept the correction of errors in application of article 30(5) of the General Regulations; or

b) if the bidder retained:

- i) defaults in his obligation to sign the contract in application of article 52 of the General Regulations; or
- ii) defaults in his obligation to furnish the final bond in application of article 53 of the General Regulations.

### **Article 18: Variant proposals from bidders**

18.1. Where the work can be performed in variable turnaround times, the special Regulations will specify these times, and indicate the method used to assess the Bidder's proposed completion time within the specified time frame. Bids offering deadlines beyond those specified will be considered non-compliant.

18.2. Except in the case mentioned in Article 18.3 below, bidders wishing to offer technical variants must first encrypt the basic solution of the delegated contracting authority as described in the Tender Documents, and provide in addition, all the information that the developer needs to complete the evaluation of the proposed variant, including plans, calculation notes, technical specifications, price subdetails and proposed construction methods, and all other useful details. The developer will only examine the technical variants, if any, of the bidders whose bid in accordance with the basic solution has been evaluated as the lowest bidder.

18.3. When bidders are permitted, subject to the special Regulations, to submit technical variants directly for certain parts of the work, these parts of the work must be described in the Technical Specifications. Such variants will be evaluated according to their merit in accordance with the provisions of Article 32.2 (g) of the general Regulations.

## **Article 19: Preparatory meeting for the preparation of bids**

19.1. Unless the special Regulations provides otherwise, the Bidder may be invited to attend a preparatory meeting to be held at the place and date indicated in the special Regulations.

19.2. The purpose of the preparatory meeting will be to provide clarification and answers to any questions that may be raised at this stage.

19.3. The Bidder is requested, as far as possible, to submit any questions in writing so that it reaches the project owner at least one week before the preparatory meeting. The project owner may not be able to answer questions received too late during the meeting. In this case, questions and answers will be sent according to the terms of Article 19.5 below.

19.5. The minutes of the meeting, including the text of the questions asked and answers given, including responses prepared after the meeting, will be sent without delay to all those who have purchased the Tender Documents. Any modification of the tender documents listed in Article 8 of the General Agreement that may be necessary at the end of the preparatory meeting will be made by the Delegated contracting authority by issuing an addendum in accordance with the provisions of Article 10 of the general Regulations, the minutes of the preparatory meeting cannot take place.

19.5. The fact that a bidder does not attend the pre-bid meeting will not be grounds for disqualification.

## **Article 20: Form and signature of the bid**

20.1 The bidder shall prepare an original of the constituent documents described in article 12 of the General Regulations in a volume clearly indicated "**ORIGINAL**". In addition, the bidder shall submit the number required in the General Regulations, bearing "**COPY**". In case of discrepancy, the original shall be considered as authentic.

20.2 The original and copies of the bid must be typed or written in indelible ink (photocopies shall be accepted in the case of copies) and must be signed by the person(s) duly empowered to sign on behalf of the bidder, in accordance with article 6(1a) or 6(2c) of the General Regulations, as the case may be.

All the pages of the offer containing alterations or changes must be initialed by the signatory(ies) of the bid.

20.3 The bid shall bear no modification, suppression or alteration, unless such corrections are initialed by the signatory(ies) of the offer.

## **D. Submission of bids**

### **Article 21: Sealing and marking of bids**

21.1 The bidder shall place the original and each of the copies of the bid in separate and sealed envelopes bearing the inscription "**ORIGINAL**" and "**COPY**", as the case may be. These envelopes should then be placed in another envelope which should equally be sealed and which provides no indication on the identity of the bidder.

21.2 The external and internal envelopes:

- a) should be addressed to the Delegated Contracting Authority at the address indicated in the Special Regulations;
- b) should bear the name of the project as well as the subject and number of the invitation to tender indicated in the Special Regulations and the inscription

***“TO BE OPENED ONLY DURING THE BID-OPENING SESSION”.***

21.3 The internal envelopes should equally carry the name and address of the bidder in a way as to enable the Delegated Contracting Authority return the sealed offer if it is not opened.

21.5 If the external envelopes are not sealed and marked as indicated in article 21(1) and 21(2) above, the Delegated contracting authority shall not be responsible if the bid is misplaced or opened prematurely.

#### **Article 22: Date and time limit for submission of bids**

22.1 The bids must be received by the Delegated contracting authority at the address specified in article 21(2) of the Special Regulations not later than the date and time stated in the Special Regulations of the invitation to tender.

22.2 The Delegated Contracting Authority may, at his discretion, postpone the deadline set for the submission of the bids by publishing an addendum in accordance with the provisions of article 9 of the General Regulations. In this case, all the rights and obligations of the Delegated contracting authority and bidders previously governed by the initial date will henceforth be governed by the new date.

#### **Article 23: Late bids**

Any bid received by the Delegated contracting authority beyond the deadline for the submission of bids set by the Delegated contracting authority in application of article 22 of the General Regulations shall be declared late and consequently rejected.

#### **Article 25: Modification, substitution and withdrawal of bids**

25.1 A bidder may modify, replace or withdraw his bid after submitting it, on condition that the written notification of the modification or withdrawal is received by the Delegated contracting authority prior to the end of the time-limit prescribed for the submission of bids. The said notification must be signed by an authorised representative in application of article 21(2) of the General Regulations.

The modification or the corresponding replacement offer must be attached to the written notification. As the case may be, the envelopes must bear the inscription **“WITHDRAWAL”**, and **“REPLACEMENTBID”** or **“MODIFICATION”**.

25.2 The notification of modification, replacement or withdrawal should be prepared, sealed, marked and forwarded in accordance with the provisions of article 22 of the

General Regulations. The withdrawal may equally be notified by telephone but should, in this case, be confirmed by a duly signed written notification whose date, post mark being authentic, must not be posterior to the time-limit set for the submission of offers.

25.3 Bids being requested to be withdrawn in application of article 25(1) shall be returned unopened.

25.5 No bid may be withdrawn in the interval between the deadline set for the submission of bids and the expiry of the validity period of the bids set in the model bid. The withdrawal of a bid by a bidder during this interval may lead to the confiscation of the bid bond in accordance with the provisions of article 19(6) of the General Regulations.

## **E. Opening of envelopes and evaluation of bids**

### **Article 25: Opening of envelopes and petitions**

25.1 The competent Tenders Board shall open the envelopes in single or two phases in the presence of the representatives of bidders who wish to attend and who have a perfect mastery of the file, at the date, time and address specified in the Special Regulations. Representatives of bidders present shall sign a register attesting to their presence. A single phase opening shall be appropriate where the qualification criteria are easily applicable.

25.2 Firstly, envelopes marked "withdrawal" shall be opened and the contents announced to the hearing of everyone, while the envelope containing the corresponding bid shall be returned to the bidder unopened. Withdrawal of a bid shall be allowed only if the corresponding notification contains a valid empowerment of the signatory to request this withdrawal and if this notification is read to the hearing of everyone. Then the envelopes marked "Replacement offer" are opened and announced to the hearing of everyone and the new corresponding bid substituted for the preceding one which will be sent to the bidder concerned unopened.

The replacement of a bid shall only be allowed if the corresponding notification contains a valid empowerment of the signatory requesting the replacement and read to the hearing of everyone. Lastly, the envelopes marked "modification" shall be opened and their contents read to the hearing of everyone with the corresponding bid. The modification of the bid shall only be allowed only if the corresponding notification contains a valid empowerment of the signatory requesting the modification and read to the hearing of everyone. Only bids which were opened and announced to the hearing of everyone during the opening of bids shall then be evaluated

25.3 All envelopes shall be opened successively and the name of the bidder announced aloud as well as the possible modification mentioned, the price offered, including any rebates [*in case of opening of financial bids*] and any variant, where necessary, the existence of a guarantee of the bid if it is required and any other details which the Delegated contracting authority deems useful to be mentioned. Only rebates and variants of bids announced to the hearing of everyone during the opening of bids shall be submitted for evaluation.

25.5 Bids (and modifications received in accordance with the provisions of article 25 of the General Regulations) which were not opened and read to the hearing of everyone during the bid-opening session for whatever reason, shall not be submitted for evaluation.

25.5 Bid-opening minutes are recorded on the spot mentioning the admissibility of bids, their administrative regularity, prices, rebates and time-limits as well as the composition of the Evaluation sub-committee. A copy of the said minutes to which is attached the attendance sheet is handed over to all the participants at the end of the session.

25.6 At the end of each bid-opening session, the chairperson of the Tenders Board immediately hands over to the focal point designated by ARMP an initialled copy of the bids presented by bidders and a copy to MINMAP for files requiring his prior endorsement.

25.7 In case of petition as provided for by the Public Contracts Code, it should be addressed to the Minister Delegate at the Presidency of the Republic in charge of Public Contracts with copies to the body in charge of the regulation of public contracts, the head of structure to which is attached the Tenders Board concerned.

It must reach within a maximum deadline of three (3) working days after the opening of bids in the form of a letter to which is obligatorily attached a sheet of the petition form duly signed by the petitioner and possibly by the chairperson of the Tenders Board.

The Independent Observer must attach to his report the sheet that was handed to him, including any related commentaries or observations.

#### **Article 26: Confidential nature of the procedure**

26.1 No information relating to the examination, evaluation, comparison of bids and verification of the qualification of bidders and the contract award recommendation shall be given to bidders or to any other person concerned with the said procedure as long as the contract award has not been made public.

26.2 Any attempt by a bidder to influence the Tenders Board or the Evaluation subcommittee of the bids or the Delegated contracting authority in his award decision may cause the rejection of his bid.

26.3 Notwithstanding the provisions of article 26(2), between the opening of envelopes and the award of the contract, if a bidder wishes to enter into contact with the Delegated contracting authority for reasons having to do with his bid, he should do so in writing.

#### **Article 27: Clarifications on the bids and contact with the Delegated contracting authority**

27.1 To ease the examination, evaluation and comparison of bids, the Tenders Board may, if it desires, request any bidder to give clarifications on his bid. This request for clarification and the response given are formulated in writing but no change on the amount or content of the bid is sought, offered or authorised, except it is necessary to confirm the correction of calculation errors discovered by the Evaluation sub-committee during the evaluation in accordance with the provisions of article 32 of the General Regulations.

27.2 Subject to the provisions of paragraph 1 above, bidders shall not contact members of the Tenders Board and the Evaluation sub-committee for questions related to their bids, between the opening of envelopes and the award of the contract.

#### **Article 28: Conformity of bids**

28.1 The Evaluation sub-committee shall carry out a detailed examination of bids to determine if they are complete, if the required guarantees are furnished, if the documents were correctly signed and if generally the bids are in proper order.

28.2 The Evaluation sub-committee shall determine if the bid is essentially in conformity with the conditions fixed in the Tender File based on the content without recourse to external elements of proof.

28.3 A bid that conforms to the Tender File shall essentially be a bid that respects all the terms, conditions and specifications of the Tender File, without substantial divergence or reservation. A substantial divergence or omission is that:

- a. which substantially limits the scope, quality or performance of the Works and ancillary services specified in the contract;
- b. which substantially limits and is not in conformity with the Tender File, the rights of the Delegated contracting authority or the obligations of the bidder in relation to the contract;
- c. whose acceptance would be prejudicial to other bidders who presented bids that essentially conformed with the Tender File.

28.5 If a bid is essentially not in compliance, it shall be rejected by the competent Tenders Board and shall not eventually be rendered in compliance.

28.5 The Delegated contracting authority reserves the right to accept or reject any modification, divergence or reservation. Modifications, divergences, variants and other factors which are beyond the requirements of the Tender File shall not be considered during the evaluation of bids.

#### **Article 29: Qualification of the bidder**

The Evaluation sub-committee shall ensure that the bidder retained for having submitted the bid that substantially conformed to the provisions of the Tender File, meets the qualification criteria stipulated in article 6 of the Special Regulations. It is essential to avoid arbitrariness in determining qualification.

#### **Article 30: Correction of errors**

30.1 The Evaluation sub-committee shall verify the bids considered essentially in conformity with the Tender File to rectify the possible calculation errors. The subcommittee shall rectify the errors in the following manner:

a) If there is a contradiction between the unit price and the total obtained by multiplying the unit price by the quantities, the unit price shall be authentic and the total price shall be corrected, unless, according to the Evaluation subcommittee, the decimal point of the unit price is manifestly badly placed. In which case the total price indicated shall prevail and the unit price corrected.

b) If the total obtained by the addition or subtraction of sub totals is not exact, the sub totals shall be authentic and the total corrected;

30.2. The amount in the Submission will be corrected by the Subcommittee of Analysis in accordance with the aforementioned error correction procedure and, with the Bidder's confirmation, said amount will be deemed to be binding.

30.3. If the Bidder submitting the lowest evaluated bid fails to accept the corrections made, the bid will be rejected and the bid secured.

### **Article 31: Conversion into a single currency**

31.1 To facilitate the evaluation and comparison of bids, the Evaluation subcommittee shall convert the prices expressed in various currencies into an amount in which the bid is payable in CFA francs.

31.2 The conversion shall be done using the current exchange rate set by BEAC in force at the deadline for submission of bids under the conditions set in the Special Regulations.

### **Article 32: Financial evaluation of bids**

32.1 The Evaluation sub-committee shall proceed to the evaluation and comparison of bids which it had determined essentially met the provisions of the Tender File within the meaning of articles 30, 31 and 32 of the General Regulations.

32.2 For this evaluation the Evaluation sub-committee shall consider the following elements:

- a) the bid price, indicated according to the provisions of article 30.2 of the General Regulations;
- b) adjustments made on the price to correct the arithmetical errors in application of article 32(3) of the General Regulations;
- c) adjustments made on the price as a result of rebates offered in application of paragraph 31.2 of the General Conditions;
- d) By appropriately adjusting, on a technical or financial basis, any other modification, divergence or quantifiable reserve;
- e) Taking into consideration the different lead times proposed by the bidders, if they are authorized by the special Regulations;
- f) If applicable, in accordance with the provisions of Article 13.2 of the General Regulations and special Regulations, applying the discounts offered by the Bidder for the award of more than one lot, if this call for tenders is issued simultaneously for several lots.
- g) Where applicable, in accordance with the provisions of section 18.3 of the special Regulations and the Technical Specifications, the proposed technical variants, if permitted, will be evaluated according to their merit and regardless of whether or not the Bidder will have bid for the award. Technical solution specified by the Owner in the RPAO.

32.3. The estimated effect of the price revision formulas in the "CCAGs" and "CCAPs", applied during the period of performance of the Contract, will not be taken into account in the evaluation of the tenders.

32.5. If the lowest evaluated bid is found to be abnormally low or is significantly out of balance with the Owner's estimate of the work to be performed under the Contract, the commission may from the price sub-detail provided by the bidder for any element, or for all elements of the Quantitative and Estimated Detail, check whether these prices are compatible with the construction methods and the proposed schedule. In the event that the evidence submitted by the bidder does not seem satisfactory to him, the Employer may reject the tender after the technical opinion of the Public Contracts Regulation board.

### **Article 33: Margin of preference**

If this provision is mentioned in the Special Regulations, national businesspersons may benefit from a national preference margin as provided for in the Public Contracts Code for reasons of evaluation of the bids.

## **F. Award of the contract**

### **Article 35: Award of the contract**

35.1 The Delegated contracting authority shall award the contract to the bidder whose offer was judged essentially in conformity with the Tender File and who has the required technical and financial capacities to execute the contract satisfactorily and whose bid was evaluated as the lowest by including, where necessary, proposed rebates.

35.2 If the invitation to tender has several lots, the lowest bid shall be determined by evaluating this contract in relation with the other lots to be awarded concurrently, by taking into consideration the rebates offered by the bidders in case of award of more than one lot, as well as their financial situation at the time of award.

35.3 Any award of Works contracts shall be made to the Bidder fulfilling the technical and financial capacities required as a result of the evaluation criteria and presenting the bid evaluated as the lowest bidder.

### **Article 35: The right by the Delegated Contracting Authority to declare an invitation to tender unsuccessful or cancel a procedure**

The Delegated contracting authority reserves the right to cancel a procedure of invitation to tender after the authorisation of the authority in charge of public contracts where the offers have been opened) or to declare an invitation to tender unsuccessful after the advice of the competent Tenders Board, without any claims being entertained.

### **Article 36: Notification of the award of the contract**

Before the expiry of the validity of the bids set in the Special Regulations, the Delegated contracting authority shall notify the successful bidder by telecopy confirmed by registered mail that his bid was retained. This letter shall indicate the amount the Delegated contracting authority will pay the contractor to execute the contract and the execution time-limit.

### **Article 37: Publication of results of award and petitions**

37.1 The Delegated contracting authority shall communicate to any bidder or administration concerned, upon request addressed to it within a maximum deadline of five (5) days after publication of the award results, the Independent Observer's report as well as the minutes of the award session of the related contract to which shall be attached the evaluation report of the bids.

37.2 The Delegated contracting authority is bound to communicate the reasons for the rejection of bids of the bidders concerned who so request.

37.3 After publication of the award results, bids that are not withdrawn within fifteen (15) days shall be destroyed, without any claims for compensation being entertained. Only the copy destined for the body in charge of regulation shall be kept.

37.4 In case of petition, it should be addressed to the Minister Delegate in charge of Public Contracts with copies to the Public Contracts Regulatory Agency, to the head of structure to which is attached the Tenders Board concerned and the chairperson of the said Tenders Board.

- In case of contradictory test results, the project engineer may ask the contractor to run further tests at his own Cost.
- The Project engineer may withdraw the authorization at any time once the quarry no longer provides good quality material. In that case, the contractor cannot claim any compensation.
- Bush clearing, top soil removal and tree felling required for the exploitation of borrow pits shall be at the expense of the contractor and shall not be paid for as of right.

#### **Article 4: Quality of materials:**

##### **4.1 Fill Adjacent to Structures**

Fill adjacent to structures shall meet the following basic specifications:

- No particle shall have a dimension above 50 mm;
- The Plasticity Index (PI) shall be below 30.

Moreover, fill shall be free of organic elements and be of well graded laterite identified and approved by the project engineer.

#### 4.2 Materials for mortar and concrete

- Fine aggregate (Sand):

The nature and origin of sand shall be subjected to the Project engineer's approval. It shall be obtained from rivers or through crushing. The sand component shall be more than 80% and the very fine constituents eliminated by settling shall be less than 4%.

- Coarse aggregate (Gravel):

Aggregate shall be obtained from deposits or quarries chosen by the contractor, and approved by the project engineer. It shall be clean (constituents eliminated through settling shall be less than 2%). Aggregate shall be well graded. The gravels (5/15 or 15/25) shall be clean and well graded with very fine elements settlement of less than 2%.

- Cement:

Cement shall be of CPA 325 class and be obtained from an approved factory.

- Reinforcement rods:

The reinforcement steel for reinforced concrete shall be of type HA FeE400 for the main reinforcement steel rods and round-smooth RL E235 for the stirrup rings. Any fill material for the foundation and the surroundings structures shall have no particle dimension above 50mm and with plasticity index of less than 35. Fill materials shall also be free from organic elements and shall have a good granularity grading. No black vegetable soil shall be accepted for backfilling.

#### 1) CONCRETE:

-*Ordinary concrete* specifically lean concrete shall be 5cm thick and laid all-round the excavated foundation trenches before the stonework is carried out and dosed at 150kg/m<sup>3</sup>.

- *Mass concrete* shall be 12cm thick laid over the entire road platform and gutters at 300kg/m<sup>3</sup>.

-*Reinforced concrete* shall be specifically for pillars, beams for the embankments and their mixture shall be a proportion of 350kg/m<sup>3</sup>.

NB: All concrete works should be properly cured (i.e. water three times a day for seven days)

#### 4.3 Stones for masonry

Stones for masonry shall be non-porous basalt of hard river granite obtained from a quarry or deposit approved by the project engineer and none shall be smaller than 20cm.

#### 5.4 Laterite

All materials used for backfilling and filling shall be free from deleterious material subject to termite attack, rot decay or corrosion, or objects which would prevent soiled compaction.

Materials for backfill and fill in various locations shall be as follows; -

- a. For interior, under paving, Use sand or an approved, properly graded mixture of sand and gravel. Foundry sand shall not be used.
- b. For exteriors, under paving, use excavated material free from top oil, or other materials approved by architect.

### CHAPTER III: EXECUTION OF WORKS

#### ➤ Generalities.

##### - Security

The contractor shall be required to place at the entrance of the project site and in its vicinity; signboards' indicating that work is ongoing and shall be responsible for any accident that occur on the project site and/or suffered by a third party, the staff and employees as a result of their presence on the project site. Organization of work and security on the project site shall be the responsibility of the contractor. The contractor shall also be expected to recruit guards to maintain security during the day and night at the project site.

##### - Traffic

The contractor shall be responsible for ensuring that a deviation is created such that traffic is not obstructed on the entire stretch of the project site throughout the period of work up till provisional reception if the road was originally passable by traffic.

Where interference with traffic is inevitable, the opinion of local administrative authorities shall be required or any obstruction for a given period.

##### - Laboratory

Materials shall be selected and set up according to the prescriptions of these Technical Specifications and price schedule. If the Project engineer feels that the specifications for laying have not been well respected or if he doubts the quality of any lab results, he may carry out the necessary control tests or ask any other reputable laboratory to carry out tests. If the results are not up to the required standard, the contractor shall make the necessary corrections before further tests are conducted and bear the cost of laboratory expenses for this work.

##### - Work schedule - execution programme

The Contractor shall provide an execution programme and a work schedule which shall be followed up daily and especially updated after precise definition of works and the execution documents.

#### ➤ PRELIMINARY WORKS

Preliminary works shall include:

- Reports drawn up by both parties of trees to be felled and the surface area to be cleared and deforestation required, then execution of such tasks.
- Positioning of the actual location of the bridge.

➤ **DEFINITION WORKS**

After the general clearance of the site from the report drawn up during the preliminary visit, the contractor and the project engineer shall carry out a penetrometer test (bearing capacity test) to determine the actual depth at which the footing of the bridge would commence and there after a report shall be signed on the basis of the final working document.

➤ **EXECUTION DOCUMENTS**

After definition of the works described by the Project engineer, the contractor shall prepare for five copies of the following performance documents, in accordance with the contract documents and submit them to the project engineer within a period of at least 15 days before any start and performance of corresponding works

, the contractor shall

- Site log book
- Site minutes book
- Quantities corresponding to works.
- Registered JO
- Work program

➤ **SITE INSTALLATIONS:**

This should be done at least at 500m from an existing river and consist of:

The installation of personnel and site huts necessary for the accomplishment of the works closer to the site;

The fabrication of 02 project information boards to be placed at the two ends of road project

The fabrication of small site signalization boards. The project information boards have to be in conformity with project model. Site installation also consists of the putting in place, areas for the repair or maintenance and parking of equipment. Installations for personnel and even equipment should be situated where the equipment/materials will be secured and also where it will cease execution of work. The production of documents site log books, project technical working documents (to be produced in four copies and submitted to the project controllers for approval at the end of the project), are also part of this present price.

➤ **MOBILISATION AND DEMOBILISATION OF EQUIPMENT:**

This shall consist of transporting all the equipment to the site at the start of works and the removal of this equipment at the end of the works.

➤ **CLEARING OF ROADS SIDES /DEFORESTATION**

- the clearing, the pulling up of grasses, undergrowth, plantations and hedges on the influence of the verges, the side ditches and the slopes,
- demolition, clearing, the removal of the roots, the cutting up of the trees whose diameter is less than 20 cm.
- the pruning of the trees except influence,
- the collecting, removal, transport, evacuation of the trees, shrubs, stocks and their placing on tip out of the influence in a place approved by the Project supervisor,
- the removal of the products of clearing out of the ditches, its loading, its transport whatever the distance, its unloading and its provisional or final placing on tip in a place approved by the Project supervisor,
- all possible compensations for the residents,

➤ **OPENING/ELARGING OF ROAD:**

This shall consist of the widening of the road to 7m by the use of bulldozer or front-end loader.

➤ **CUTS AND FILL**

This remunerates the realization of fill coming from cuts for the execution of all fill in great or small mass, in accordance with the specifications of this CCTP.

This Price includes/understands:

- The adjustment, watering, the compaction, sloping and all subjections of implementation and obtaining the qualities developed with chapter II of this CCTP.
- Completion of the form
- **SHAPING OF THE ROAD PLATFORM/ROAD CAMBER:**

This activity consists of the opening up of the enclaved section of the road to the requested largeness of 5m, the cut and fill of some portions, shaping of the platform through cut or fill to the required slope manually.

➤ **CREATION OF ROAD SIDE DITCHES AND OUTLETS:**

This task shall consist of creating road side ordinary or earth ditches into existing ditches or into existing road side structures and creating outlets from ditches to about 20m long into the verges of the road. This task shall be realized mechanically or manually depending on the area of work and outlets should be created at least at every 100m with a slope of at least 5% provided.

➤ **METALLIC CULVERTS:**

- The installation of the tube will be carried out in the following way:
- Establishment of metallic culvert rings;
- Excavate with a loader or manually with shovels, spades and pick axes;
- Adjustment and compaction of the trench bottom;
- Pose tube assembled beforehand and having received a coat of bituminous paint cold on the two faces interior and external;

- Fill of the technical block by successive layers of 15 cm carefully compacted with the hand roller;
- Fill of cover above the generator higher by successive layers of 20 cm carefully compacted than the hand roller;
- Opening of the discharge system and general cleaning.

➤ **HEAD/CHAMBERS OF CULVERTS IN MASONRY:**

This price remunerates the execution of head in masonry for culvert in accordance with the standard plan of the consultation documents, with the file of execution and the specifications of this CCTP.

It includes in particular:

- supply of materials including the extraction, the manufacture and the selection of the hardcore, their transport on-site,
- execution of the excavations, whatever the nature of the ground, the loading, the transport of surplus spoil whatever the distance, the unloading instead of re-employment or of final deposit approved by the Project supervisor,
- the manufacture of the mortar proportioned to 400 kg of cement per cubic meter and implementation of the neat of masonry including the chock, adjustment, humidification of the hardcore, the shaping of the joints by rejointing,
- all subjections in particular related to the environmental regulations.

These prices apply to the UNIT (U) really carried out and noted satisfactory.

➤ **CLEANING OUT OF THE EXISTING STRUCTURES:**

- It will consist with the release of any vegetable remains, sand, ground deposit and any other object encumbering these works on a distance of the 10 m;
- Work will be carried out with the hand and the materials coming from the clearings out will be evacuated out of the influence of the work in sites agreed by the work supervisor;

➤ **PROTECTION OF THE ENVIRONMENT AND MANAGEMENT OF CIRCULATION:**

The environmental protection will be assured and strictly in conformity with the regulation in force and CCPT.

➤ **MAINTENANCE OF CIRCULATION**

In the working areas where any deviation is not possible, work will be carried out in half-roadway in order to maintain circulation.

Thus, at least two traffic signs would be set up on both sides working area.

The principle of the flags would be used to have a circulation alternated on the free half-roadway.

The council shall be responsible for ensuring that traffic is not obstructed on the entire stretch of his works site throughout the period of work up till acceptance of works. No obstruction of

traffic shall be allowed for more than two hours, Maintenance of traffic flow shall be the responsibility and at the expense of the council.

Where interference with traffic is inevitable, the opinion of local administrative authorities shall be required for any obstruction for a given period

#### ➤ MAINTENANCE FOR THE PROJECT

After the provisional acceptance of works the contractor is still responsible for the maintenance of the structure for a minimum of 12 months from the date of provisional acceptance. This maintenance includes repairing cracks on the structure, functioning of the weep holes, replacement of damage signs and hand rails, repainting of repaired portions. After the final acceptance of works of the contractor, the maintenance of the structure is now the responsibility of the project management committee by making sure the structure is at all times ready for use.

#### HEALTH AND SAFETY AT WORK

A first aid team will handle injuries sustain by workers during work while critical cases will be taken to any nearby hospital. To avoid accidents on the project site, we shall ensure that all our workers and visitors on site are in position of helmets, safety boots and jackets. During weekly site meetings, safety topics will be introduced to all the workers on site. The Population and our workers will be sensitized against the aids pandemic and other sexually transmitted diseases. Prevention shall be our watch word.

#### SITE SECURITY

A direction board displaying site installation element, circulation trend, display of position housing material deposit, offices and other facilities will future at the construction site. Access roads easing internal circulation within the base and working areas will be constructed in proximity of services, operating positions of warehouses, fabrication posts, offices, recreational areas and material stockage areas to assure internal security of personnel. Temporal structures of wood will be put up to house offices, workstations, warehouses, dressing rooms conference room for site meetings and fabrication post. A temporal wooden fence will be put in place around the base boundary location. Concreting materials such as sand, gravel, cement, concrete mixer and rod bending production post will be position in function of task operation. Environmental conservation, security measures and life protection will constitute our watchword fixed at all offices. Production post and open areas.

#### CHAPTER FOUR: MECHANISMS FOR THE PROTECTION OF THE ENVIRONMENT

The contractor will propose to the control engineer, before the beginning of works, the place of his yard facilities and will request his authorization of installation. The site must be chosen outside of the sensitive zones, in order to limit the site clearing, the extraction of bushes, the setting out of the structure and general circulation. The site must foresee an adequate drainage of waters on the whole surface. At the end the works, the entrepreneur will do all necessary works to the restoration of the various places of the site. The entrepreneur should fold all his material, and equipment. He should demolish all stationary installation, as foundation, slab, support made of wood or metallic, etc. in order to put back the site in its nearest initial state. No equipment nor materials should be abandoned on the site, nor in the

vicinity after the execution of all the works. Left-the site has to receive an adequate drainage in order to avoid all erosion as the case may be.
