Il est également possible d'obtenir la version électronique du Dossier d'Appel d'Offres en la téléchargeant gratuitement aux adresses indiquées ci-dessus. Toutefois, la soumission en version physique ou électronique, est conditionnée par le paiement préalable des frais d'acquisition du Dossier d'Appel d'Offres.

12. REMISE DES OFFRES

Les offres rédigées en Anglais ou en Français doivent être soumises sur la plate-forme COLEPS aux adresses www.publiccontracts.cm et www.marchespublics.cm au plus tard le 15 juillet 2026 à 14h.

Dans le cadre de cet Appel d'Offres, les offres doivent être remises uniquement en ligne. Bien vouloir consulter la procédure de soumission des offres en ligne jointe en Annexe de ce Dossier d'Appel d'Offres.

Les tailles maximales des documents qui vont transiter sur la plate-forme et constituant l'offre du soumissionnaire sont les suivantes :

- 5 MB pour l'offre administrative;
- 15 MB pour l'offre technique;
- 5 MB pour l'offre financière.

Les formats acceptés sont les suivants :

- PDF pour les documents textuels ;
- JPEG pour les images.

Le Candidat veillera à utiliser des logiciels de compression afin de réduire éventuellement la taille des fichiers à transmettre.

Une copie de sauvegarde de l'offre enregistrée sur clé USB ou CD/DVD devra être transmise sous pli scellé avec l'indication claire et lisible "copie de sauvegarde", en plus de la mention ci-dessus dans les délais impartis.

Les offres soumises après le délai de soumission ne seront pas acceptées.

13. RECEVABILITE DES PLIS

Les pièces administratives, l'offre technique et l'offre financière doivent être placées dans des enveloppes différentes séparées et remises sous pli scellé.

Seront irrecevables par le Maître d'Ouvrage :

- Les plis portant les indications sur l'identité du soumissionnaire ;
- Les plis parvenus postérieurement aux dates et heures limites de dépôt ;
- Les plis non-conformes au mode de soumission.
- les plis sans indication de l'identité de l'Appel d'Offres ;
- Le non-respect du nombre d'exemplaires indiqué dans le SRIT ou offre uniquement en copies.

Toute offre incomplète conformément aux prescriptions du Dossier d'Appel d'Offres sera déclarée irrecevable. Notamment l'absence de la caution de soumission délivrée par un organisme ou une institution financière agréée par le Ministre en charge des finances pour émettre les cautions dans le domaine des marchés publics ou le non-respect des modèles des pièces du Dossier d'Appel d'Offres, entraînera le rejet pur et simple de l'offre sans aucun recours. Une caution de soumission produite mais n'ayant aucun rapport avec la consultation concernée ou n'étant pas acquittée à la main par l'institution émettrice ou encore non-accompagnée du récépissé de consignation de la CDEC, est considérée comme absente. La caution de soumission présentée par un soumissionnaire au cours de la séance d'ouverture des plis est irrecevable.

14. OUVERTURE DES PLIS

L'ouverture des plis se fait en deux temps.

L'ouverture des pièces administratives et des offres techniques aura lieu le **15 juillet 2026 à 15 heures** par la Commission Spéciale de Passation des Marchés du PPRD (CSPM/PPRD), dans la salle de conférence du PPRD, sis à Yaoundé, au quartier Bastos, derrière l'Hôtel Diplomate - Tél : 679496768/699259787, email : procurementmanager@pprdnsw.org.

Seules les offres financières des soumissionnaires ayant obtenu la note technique qualificative minimale de 70/100 seront ouvertes à 14 heures par la même Commission et dans la même salle à une date ultérieure après publication des résultats de l'évaluation technique.

Seuls les soumissionnaires peuvent assister à ces séances d'ouverture ou s'y faire représenter par une seule personne de leur choix dûment mandatée même en cas de groupement d'entreprises.

Sous peine de rejet, les pièces du dossier administratif requises doivent être produites en originaux ou en copies certifiées conformes par le service émetteur ou l'autorité administrative compétente, conformément aux dispositions du Règlement Particulier de l'Appel d'Offres. Elles doivent dater de moins de trois (03) mois ou avoir été établies postérieurement à la date de signature de l'avis de d'Appel d'Offres

En cas d'absence ou de non-conformité d'une pièce du dossier administratif lors de l'ouverture des plis, après un délai de 48 heure accordé par la Commission, l'offre sera rejetée.

15. CRITERES D'EVALUATION

Les offres seront évaluées sur la base des critères ci-après :

15.1. Critères éliminatoires

- a. Absence ou non-conformité de la caution de soumission acquittée à la main, timbrée, datée et signée, délivrée par une banque de premier ordre ou une compagnie d'assurance agréée par le Ministère chargé des finances et accompagnée du récépissé de la Caisse de Dépôt et de Consignation (CDEC) à l'ouverture des plis ;
- b. Absence ou non-conformité d'une pièce du dossier administratif au terme du délai de 48 heures accordées au soumissionnaire ;
- c. Fausse déclaration, manœuvres frauduleuses ou pièce falsifiée ;
- d. Note technique inférieure à soixante-dix (70) points sur cent (100) ;
- e. Présence d'informations financières dans l'offre administrative ou technique ;
- f. Absence dans l'offre technique d'une déclaration sur l'honneur par laquelle le soumissionnaire atteste non seulement qu'il n'a pas abandonné de marché au cours des trois (03) dernières années, mais aussi qu'il ne figure pas sur la liste des entreprises défailtantes annuellement établie par le Ministère des Marchés Publics ;
- g. Non-conformité du format des offres pour la soumission en ligne ;
- h. Absence la copie de sauvegarde de l'offre ;
- i. Absence de l'attestation de catégorisation ;

- m. Absence de CCAP et TDR datés signés assortis de la mention « lu et approuvé ».
- n. Absence de preuve d'une capacité financière d'un montant de :
 - Lot 1 CFAF 21,000,000
 - Lot 2 CFAF 9,000,000

15.2. Critères essentiels

L'Offre Technique sera évaluée suivant la grille de notation suivante :

N°	Critères	Lot 1	Lot 2
1	Présentation générale des offres	05	05
2	Références du BET	15	20
3	Expérience et qualification du personnel affecté à la mission	60	50
4	Ressources technique, logistique et matérielles nécessaires à la mission	10	10
5	Organisation, méthodologie et du plan de travail proposés	10	15
	TOTAL	100	100

NB : Seules les soumissionnaires ayant obtenu une note supérieure ou égale à 70 points sur 100 seront qualifiés pour l'évaluation des offres financières.

16. ATTRIBUTION

Le Maître d'Ouvrage attribuera le marché au soumissionnaire ayant présenté une offre remplissant les critères de qualification technique et financière requises et dont l'offre est évaluée la mieux-disante.

17. NOMBRE MAXIMUM DE LOTS

Un candidat peut soumissionner pour un ou plusieurs lots, mais ne peut être attributaire de plus d'un lot.

Au cas où un soumissionnaire serait le mieux-disant pour plus d'un lot, le Maître d'Ouvrage lui attribuera le lot de sa liste de préférence précisée dans l'offre financière selon les conditions précisées dans le RPAO.

18. DUREE DE VALIDITE DES OFFRES

La durée de validité des offres est de quatre-vingt-dix (90) jours à compter de la date limite fixée pour leur remise.

19. RENSEIGNEMENTS COMPLEMENTAIRES

Les renseignements complémentaires d'ordre technique peuvent être obtenus aux heures ouvrables au Service des Marchés situé à l'Unité de Coordination du PPRD NO/SO à Bastos, Yaoundé (Tel : 679496768, procurementmanager@pprdnsw.org).

A. GENERAL

Article 1: SCOPE OF THE TENDER:

1.1. The Contracting Authority or Delegated Contracting Authority selects a Service Provider from the shortlisted candidates, in accordance with the selection method specified in the Special Regulations of the Invitation to Tender (SRIT).

The name, identification number, and number of lots subject to the tender are set out in the STR.

1.2. Shortlisted Candidates or those falling within the category (to be specified) are invited to submit an administrative file, a technical proposal, and a financial proposal for the provision of the services required to perform the assignment specified in the Terms of Reference. The proposal will serve as the basis for contract negotiations and, ultimately, the contract signed with the successful Candidate.

1.3. The assignment will be completed in accordance with the schedule indicated in the Terms of Reference and recalled in the STR. When the assignment involves multiple phases, the Contractor's performance during a given phase must satisfy the Project Owner or the Delegated Project Owner before the next phase begins.

1.4. Applicants must familiarize themselves with local conditions and take them into account when preparing their proposals. To obtain firsthand information on the assignment and local conditions, Applicants are recommended to attend a pre-proposal conference before submitting a proposal, if one is provided for in the SRIT. However, participation in such a meeting is not mandatory. Applicants or their representatives must contact the officials listed in the SRIT to arrange a visit or obtain additional information about the pre-proposal conference. Applicants or their representatives must ensure that these officials are notified of their visit in good time so that appropriate arrangements can be made.

1.5. The Project Owner or Delegated Project Owner shall provide the information specified in the Terms of Reference, assist the Service Provider in obtaining the licenses and permits necessary for the provision of services, and provide timely data and reports related to relevant projects.

1.6. Please note that:

- i. The costs of preparing the proposal and negotiating the contract, including the visit to the Client or the Delegated Client, are not considered direct costs of the assignment and are therefore not reimbursable; and that
- ii. The Client or the Delegated Client is under no obligation to accept any of the proposals submitted.

1.6.1. Service Providers provide objective and impartial professional advice. In all circumstances, they shall primarily defend the interests of the Client or the Delegated Client, without considering the possibility of a subsequent assignment, and shall scrupulously avoid any potential conflict with other activities or the interests of their company. Service Providers shall not be engaged for assignments that are incompatible with their current or past obligations to other Clients or Delegated Clients, or that may prevent them from performing their duties in the best interests of the Client or the Delegated Client.

- 1.6.2. Without prejudice to the generality of this rule, Service Providers shall not be engaged in the following circumstances:
- a. No company hired by the Project Owner or the Delegated Project Owner to supply goods or perform services for a project, nor any company affiliated with them, may provide consulting services for the same project. Similarly, no design firm hired to provide consulting services for the preparation or execution of a project, nor any company affiliated with them, may subsequently supply goods, perform services, or perform services related to its initial assignment for the same project (unless it is a continuation of that assignment);
 - b. Neither service providers nor any of their affiliated companies may be hired for an assignment that, by its nature, may prove incompatible with another of their assignments.
- 1.6.3. As indicated in subparagraph (a) of the clause above, Service Providers may be engaged to carry out downstream activities where it is essential to ensure continuity, in which case the SRIT must reflect this possibility and the criteria used in the selection of the service provider must take into account the likelihood of a renewal. It will be the sole responsibility of the Contracting Authority or the Delegated Contracting Authority to decide whether or not to carry out downstream activities and, if so, to determine which Service Provider will be engaged for this purpose.

Article 2: FINANCING:

The source of financing for the Services covered by this call for tenders is specified in the SRIT.

Article 3: ETHICAL PRINCIPLES, FRAUD AND CORRUPTION

- 3.1. Public service employees, bidders and contract holders, as well as any person involved in any capacity in the procurement, execution, monitoring, and regulation chain, are subject to the provisions of laws and regulations prohibiting acts of corruption, fraudulent practices, collusive, coercive, or obstructive practices, conflicts of interest, insider trading, and complicity. In this regard, bidders subscribe to the integrity charter, a sample of which is attached as an appendix to these Tender Documents (Exhibit 10).
- 3.2. The Contracting Authority or the Delegated Contracting Authority requires bidders and their co-contractors to adhere to the strictest rules of professional ethics during the award and execution of these contracts. Under this principle, the Contracting Authority or the Delegated Contracting Authority:
- a. Defines, for the purposes of this clause, the following expressions as follows:
 - Anyone who offers, gives, solicits, or accepts, directly or indirectly, any advantage with a view to improperly influencing the actions of a public official during the award or execution of a contract is guilty of "corruption";
 - Anyone who distorts or misrepresents facts in order to influence the award or execution of a contract is guilty of "corruption";
 - "Collusive practices" means any form of agreement between two or more bidders (whether or not the Contracting Authority or the Delegated Contracting Authority is aware of it) who

intend to artificially maintain bid prices at levels that do not correspond to those that would result from competitive forces;

- "Coercive practices" means any form of harm to, or threats against, persons or their property, directly or indirectly, in order to influence their actions during the award or performance of a contract.
 - "Conflict of Interest" A bidder may be deemed to have a conflict of interest if:
 - Is associated, or has been associated in the past, with a company (or a subsidiary of such company) that has provided consulting services for the design, preparation of specifications, and other documents used in the procurement process under this call for tenders; or
 - Submits more than one bid under this call for tenders, except for alternative bids permitted under Clause 17, if applicable; however, this does not preclude the participation of subcontractors in more than one bid.
 - The Contracting Authority or the Delegated Contracting Authority has financial interests in its geographical area that could compromise the transparency of public procurement procedures;
 - Complicity means:
 - Failure or negligence to carry out the required inspections or provide the required technical opinions;
 - Willful failure to inform the Project Owner or the competent authority of irregularities observed during the performance of their duties.
 - "Obstructive practices" means any person who commits acts (such as the destruction, falsification, alteration, or concealment of evidence on which an investigation is based, or any false statements made to investigators, or any threats, harassment, or intimidation) against a person for the purpose of preventing them from disclosing information relating to an investigation or from continuing it.
- b. Any proposal for award shall be rejected if it is proven that the proposed successful bidder, directly or through an agent, is guilty of corruption, a conflict of interest, or has engaged in fraudulent, collusive, coercive, or obstructive practices in connection with the award of this contract.
- 3.3. Candidates shall provide information on any commissions and bonuses paid or to be paid to agents in connection with this proposal, and the performance of the contract if awarded to the candidate, as requested in the financial proposal form (letter of submission).
- 3.4. Candidates must not have been declared ineligible for any contract award due to corruption or fraudulent practices.
- 3.5. The Public Contracts Authority may, as a precautionary measure, take a decision to prohibit tendering for a period not exceeding two (2) years, against any tenderer or co-contractor of the Administration found guilty of influence peddling, conflicts of interest, complicity, insider trading, fraud, corruption or production of inauthentic documents in the tender, without prejudice to any criminal proceedings that may be brought against him.

- 3.6. When the Candidate proposes a public official in its technical proposal, the official undertakes to provide written certification from their ministry or employer attesting to the fact that they are available and authorized to work full-time outside of their previous official position. The Candidate shall submit this commitment to the Contracting Authority or the Delegated Contracting Authority as part of their technical proposal.
- 3.7. The Public Contracts Authority may issue a decision prohibiting public officials found guilty of violating the provisions of the Public Contracts Code from intervening in the awarding and monitoring of public procurement contracts for a period not exceeding two (2) years.

Article 4: CANDIDATES ADMITTED TO COMPETE

4.1. Apart from the restricted call for tenders, which is open to all candidates selected following the prequalification procedure and/or those selected under the categorization previously indicated in the call for tenders and recalled in the SRIT, as a general rule, the call for tenders is open to all bidders, provided they meet the following eligibility requirements:

- a. A bidder (including all members of a joint venture and all the bidder's subcontractors) must be from an eligible country, in accordance with the financing agreement, if applicable;
- b. A bidder (including all members of a joint venture and all the bidder's subcontractors) must not be in a situation of conflict of interest, otherwise they will be disqualified. A bidder may be deemed to have a conflict of interest if:
 - i. Is associated, or has been associated in the past, with a firm (or a subsidiary of such firm) that has provided consulting services for the design, preparation of specifications, and other documents used in the procurement process under this tender;
 - ii. Submits more than one bid under this tender, except for alternative bids permitted under Clause 17, if applicable; however, this does not preclude the participation of subcontractors in more than one bid.
 - iii. The Contracting Authority or the Delegated Contracting Authority has a stake in the bidder that is likely to compromise the transparency of public procurement procedures;
 - iv. is affiliated with a group or entity that the Project Owner or Delegated Project Owner has recruited or plans to recruit to participate in the audit.
- c. A legal entity governed by public law (public enterprise or Cameroonian Public Establishment) if it demonstrates that it is (i) legally and financially autonomous, (ii) administered according to the rules of commercial law or private accounting, and (iii) is not under the supervision of the Project Owner or Delegated Project Owner unless expressly authorized by the Public Procurement Authority.
- d. Civil society organizations and public institutions, provided that the proposed prices are competitive, i.e., they have been determined (i) by taking into account all direct and indirect costs contributing to the price of the service covered by the contract and (ii) they have not benefited, in determining this price, from advantages arising from the resources allocated to them for their public service missions.

4.2. The call for tenders is open/or restricted, according to the specifications of the SRIT, to all candidates who meet the following conditions:

- a. Not be in a state of liquidation or bankruptcy;

- b. Not be subject to any of the prohibitions or disqualifications provided for by the laws and regulations in force, both nationally and internationally;
 - c. Submit to the declarations required by the laws and regulations in force.
- 4.3. To submit an electronic bid via COLEPS, the candidate or bidder must be registered on the platform and have a valid electronic certificate.
- 4.4. If the call for tenders is restricted, the consultation is open to all candidates selected following the prequalification procedure and/or those selected within the categorization previously indicated in the call for tenders and recalled in the SRIT.

Article 5: DOCUMENTS ESTABLISHING THE QUALIFICATION OF THE BIDDER

5.1. Bidders must, as an integral part of their bid:

- a. Provide a power of attorney authorizing the signatory of the bid to bind the bidder;
- b. Provide the documents necessary to establish the bidder's qualification according to the list provided for in the SRIT, including, in particular, all information (complete or update the information attached to their prequalification application that may have changed, in the event that candidates have been prequalified) requested in the SRIT.

Information relating to the following points is required, where applicable:

- i. Production of the certified balance sheet extract showing turnover and results;
- ii. Access to a line of credit or other financial resources;
- iii. Contracts executed;
- iv. List of key personnel;
- v. Availability of essential equipment;
- vi. The Categorization Certificate for construction service providers, if applicable.

5.2. Bids submitted by two or more joint contractors (co-contracting) must meet the following conditions:

- a. The bid must include, for each company, all the information listed in Article 5.1 above. The SRIT must specify the information to be provided by the group and that to be provided by each member of the group;
- b. The bid and the contract must be signed in a manner that binds all members of the group;
- c. The nature of the group (joint or several as required in the SRIT) must be specified and justified by providing a copy of the group agreement in good and due form;
- d. The member of the group designated as agent will represent all the companies vis-à-vis the Contracting Authority or the Delegated Contracting Authority for the performance of the contract;
- e. In the case of a joint and several consortium, the co-contractors shall distribute the payments made by the Project Owner or the Delegated Project Owner into a single account. In the case of a joint consortium, the tasks of each member must be specified, and each contractor shall be paid by the Project Owner or the Delegated Project Owner into its own account.

5.3. Tenderers must also submit proposals that are sufficiently detailed to demonstrate that they comply with the Terms of Reference and the completion deadlines specified in the SRIT.

B-TENDERS FILE

Article 6: CONTENT OF THE TENDER FILE

6.1. The Tender File describes the supplies forming the subject of the contract, sets the consultation procedure of contractors and specifies the terms of the contract. Besides the addendum (addenda) published in accordance with article 10 of the General Regulations of the invitation to tender, it includes the following documents:

- a) Document N°0 : Letter of Invitation to tender (in the event of Restricted Calls for Tenders)

- n) Document N°13: List of banking establishments and financial bodies authorised to issue bonds for public contracts

6.2. The bidder must examine all the regulations, forms, conditions and specifications contained in the Tender File. It is up to him to furnish all the information requested and prepare a bid in compliance with all aspects of the said file.

Article 7: CLARIFICATIONS ON THE TENDER FILE

- 7.1. Any bidder wishing to obtain clarifications on the Tender Documents may make a request to the Contracting Authority in writing or by electronic mail (fax or e-mail) to the address of the Contracting Authority or the Delegated Contracting Authority indicated in the SRIT or via COLEPS. However, the Contracting Authority will respond in writing or by electronic mail or via COLEPS or any other means of electronic communication indicated in the DAO to any request for clarification received at least fourteen (14) days before the deadline for submission of tenders.
- 7.2. A copy of the response from the Project Owner or Delegated Project Owner, indicating the question asked but not mentioning its author, is sent to all bidders who purchased the Call for Tenders Document.
- 7.3. Any bidder who considers themselves aggrieved may file a complaint with the Contracting Authority. In the case of a restricted call for tenders, the appeal must:
 - i) at the prequalification stage, relate to requests for review of the solicitation or prequalification conditions, or requests for review of decisions or actions taken by the Contracting Authority or the Delegated Contracting Authority during the prequalification procedure.
 - i) Candidates have five (5) working days before the application submission date and five (5) working days after the publication of the prequalification results to file their appeal with the Contracting Authority, with a copy to the Public Contracts Authority and the body responsible for public procurement regulation.
 - ii) This appeal is not suspensive.
- 7.4. When a call for tenders is the chosen procedure, the appeal must be addressed, between the publication of the call for tenders and the opening of bids:
 - i. to the Contracting Authority, with a copy to the Public Contracts Authority and the body responsible for public procurement regulation;
 - ii. it must reach the Contracting Authority no later than fourteen (14) working days before the bid opening date;
 - iii. the Contracting Authority has five (5) working days to respond. A copy of the response is sent to the Public Contracts Authority and the body responsible for public procurement regulation;
 - iv. in the event of disagreement between the applicant and the Contracting Authority, the appeal is submitted by the applicant to the Appeals Review Committee.
 - v. this appeal is not suspensive.

Article 8: AMENDMENT OF THE TENDERS FILE (*ADDENDUM TO THE TENDER FILE*)

- 8.1. The Contracting Authority may at any moment, prior to the deadline for the submission of bids and for any reason, be it at his initiative or in reply to a request for clarification formulated by a bidder, amend the Tender File by publishing an addendum.
- 8.2. Any published addendum shall be an integral part of the Tender File, in accordance with article 6 of the General Regulations of the invitation to tender and must be communicated in writing or made known by a traceable means to all bidders who bought the Tender File.

8.3. In order to give bidders sufficient time to take account of the addendum in the preparation of their bids, the Contracting Authority may postpone as is necessary, the deadline for the submission of bids, in accordance with provisions of article 19 of the General Regulations of the invitation to tender.

C-PREPARATION OF BIDS

Article 9: COST OF TENDER

The candidate shall bear all costs relating to the preparation and presentation of its tender. The Contracting Authority or the Delegated Contracting Authority shall not be liable for these costs under any circumstances, nor required to pay them, regardless of the progress or outcome of the tender procedure.

Article 10: LANGUAGE OF THE BIDS

The bid as well as any correspondence and any document exchanged between the bidder and the Contracting Authority shall be written in *English or French*. Complementary documents and the forms provided by the bidder may be written in another language on condition that a precise translation into either English or French of the passages concerning the bid is included; in which case for reasons of interpretation, the translation shall be considered to be authentic.

Article 11: CONTENT OF BIDS

11.1. The bid presented by the bidder shall include the documents detailed in the Special Regulations of the invitation to tender, duly filled and put together in three volumes:

Envelop A: Administrative file shall include:

- i) all documents attesting that the bidder:
 - A. has subscribed to all declarations provided for by the laws and regulations in force;
 - B. paid all taxes, duties, contributions, fees or deductions of whatever nature;
 - C. is not winding up or bankrupt;
 - D. is not the subject of an exclusion order or forfeiture provided for by the law in force;
- ii) the bid bond established in accordance with the provisions of article 15 of the General Regulations of the invitation to tender;
- iii) the written confirmation empowering the signatory of the bid to commit the bidder, in accordance with the provisions of the General Regulations of invitation to tender.

a. Envelop B: Technical bid shall include:-

It notably includes:

b.1. Information on Qualifications

The SRIT specifies the list of documents to be provided by bidders to justify the qualification criteria mentioned in Article 5 of the General Procurement Regulations (GPR), notably the company's references, equipment, and list of personnel.

b.2. Methodology

The SRIT outlines the components of the bidders' technical proposal, in particular: a methodological note providing an analysis of the services and specifying the organisation and programme the bidder

intends to implement to carry them out (data collection, deployment of experts, schedule, subcontracting if applicable, etc.).

b.3.Evidence of Acceptance of the Contract Conditions

The bidder shall submit duly initialled, completed, and signed copies of the administrative and technical documents governing the contract, namely:

- i. The Special Administrative Conditions (SAC);
- ii. The Terms of Reference (ToR).

b.4. Comments on the SAC and ToR (Optional)

11.2. Bidders may provide comments on the project's technical choices and make any relevant suggestions.

11.3. When preparing the Technical Proposal, candidates are expected to thoroughly review the documents that make up the present Tender Dossier. A clear lack of information provided may lead to the rejection of a proposal.

11.4. In preparing the Technical Proposal, candidates must pay particular attention to the following considerations:

- i. A candidate who believes they do not possess all the required expertise for the assignment may acquire them by associating with one or more individual Candidates and/or other Candidates in the form of a consortium or through subcontracting, as necessary. Candidates may only associate with other invited Candidates for this assignment with the approval of the Contracting Authority or Delegated Contracting Authority, as indicated in the SRIT. Candidates are encouraged to seek the participation of national candidates by entering into joint venture agreements (notarised deeds) with them or subcontracting part of the assignment to them;
- ii. For time-based assignments, the estimate of personnel work time is provided in the SRIT. However, the proposal must be based on the Candidate's own estimate of personnel work time;
- iii. It is desirable that the proposed specialised personnel be mostly permanent employees of the Candidate or have maintained a stable and long-term working relationship with the Candidate;
- iii. The proposed specialised personnel must possess at least the level of experience indicated in the SRIT, preferably acquired under working conditions similar to those of the country where the assignment will take place;
- iv. No alternative personnel may be proposed, and only one curriculum vitae (CV) per position is allowed.

11.5. The reports to be produced by the Candidates as part of this assignment must be written in the language(s) specified in the SRIT. It is desirable that the Candidate's personnel have a good working knowledge of both French and English;

11.6. The Technical Proposal shall provide the following information using the attached Tables (Document 4):

- i. A brief description of the Candidate and an overview of its recent experience in similar assignments (Table 4B). For each assignment, the summary must indicate the

characteristics of the proposed personnel, the assignment duration, contract amount, and the Candidate's specific role;

- ii. Any observations or suggestions regarding the Terms of Reference and the data, services, and facilities to be provided by the Contracting Authority or Delegated Contracting Authority (Table 4C);
- iii. A description of the proposed methodology and work plan to carry out the assignment (Table 4D);
- iv. The composition of the proposed team, by area of specialisation, as well as the tasks assigned to each member ...assigned to each team member and their schedule (Table 4E);
- v. Recently signed curricula vitae of the proposed specialised personnel and the authorised representative of the Candidate submitting the proposal (Table 4F). Key information must include, for each individual, the number of years of experience with the Candidate and the scope of responsibilities carried out during various assignments over the past ten (10) years;
- vi. Estimates of the personnel inputs (key and support staff, time) required to carry out the assignment, supported by bar charts showing the planned working time for each key team member (Tables 4E and 4G);
- vii. A detailed description of the approach, staffing, and supervision planned for training, if the RFPD specifies that training is a major component of the assignment;
- viii. Any other information requested in the SRIT.

11.7. The Technical Proposal must not contain any financial information.

b. Envelop C: Financial bid:

11.8. – It includes the elements required to justify the cost of the services, namely:

- c.1. The actual bid, in original, prepared according to the attached model or standard form, stamped at the applicable rate, signed, and dated;
- c.2. Tables of unit costs for personnel, reimbursable expenses, and miscellaneous costs;
- c.3. The duly completed estimated bill of quantities;
- c.4. The breakdown of costs and remuneration by activity;
- c.5. The provisional payment schedule, where applicable;

11.9. – Bidders shall use the documents and model forms provided in the Bidding Document, subject to the provisions of Article 15.2 of the General Procurement Regulations (GPR) concerning other possible forms of Bid Security.

11.10. – Bidders shall indicate any discounts offered in their bids. If, in accordance with the provisions of the RFPD, bidders are submitting bids for multiple lots under the same Invitation to Tender, they may indicate discounts offered in the event of being awarded more than one lot. They shall specify the conditions for applying such discounts.

11.11. – The Financial Proposal must be prepared using the standard tables (Document 5). It shall list all costs related to the assignment. If necessary, all charges may be broken down by activity.

- 11.12. – The Financial Proposal must present separately the taxes, duties (including social security contributions), levies, and other fiscal charges applicable under the legislation in force on the candidates, subcontractors, and their personnel (other than Cameroonian nationals or permanent residents), unless otherwise stated in the SRIT Contractors and their personnel (other than Cameroonian nationals or permanent residents), unless otherwise stated in the SRIT (Request for Proposals Document).
- 11.13. – It is assumed that the activities and inputs described in the Technical Proposal for which no cost is indicated are included in the cost of other activities and inputs.
- 11.14. – Candidates shall quote the prices of their services in the currency (or currencies) specified in the SRIT.
- 11.15. – Any commissions and gratuities paid or to be paid by the Candidates in connection with the assignment or service must be specified in the Financial Proposal submission letter (Section 5.A).
- 11.16. – The Special Technical Conditions specifies how long the proposals must remain valid from the submission date. During this period, candidates must keep the proposed key personnel available for the assignment. The Contracting Authority or Delegated Contracting Authority will make every effort to complete the negotiations within this timeframe. If it wishes to extend the validity period of the proposals, Candidates who do not agree to such an extension are entitled to refuse.

Article 12: AMOUNT OF THE BID

- 12.1. Except otherwise stated in the Tender File, the amount of the contract shall cover all the tasks described in article 1.1 of the General Regulations of the invitation to tender, on the basis of the price schedule and the detailed bill of quantities and estimates presented by the bidder.
- 12.2. The bidder shall fill the unit prices and totals of all items on the schedule and bill of quantities and estimates.
- 12.3. Subject to contrary provisions provided for in the Special Regulations and in the Special Administrative Conditions, all dues, taxes and fees payable by the bidder on grounds of the contract or on any other ground, thirty (30) days prior to the submission of the bids, shall be included in the prices and in the total amount of the bid presented by the bidder.
- 12.4. If a price revision/updating clause is provided for in the contract, the date of establishment of the initial price, as well as the price revision/updating conditions for the said price must be specified. This is with the understanding that any contract of duration less than one (1) year shall not be subject to price revision.
- 12.5. Bidders shall indicate the discounts granted in their bids. In addition, they shall specify the conditions for applying this discount.
- 12.6. All unit prices must be justified by sub-details established in accordance with the structure proposed in document 7 of the Tender File.

Article 13: CURRENCY OF BID AND PAYMENT

- 13.1. In case of international invitations to tender, the currencies of the bid shall follow the provisions of either Option A or Option B below, the applicable option being that retained in the Special Regulations of the invitation to tender.
- 13.2. **Option A:** The amount of the bid shall be entirely made in the national currency.
The amount of the bid, unit prices of the price schedule and the prices of the bill of quantities and estimates are completely made in CFA francs in the following manner:

- a. Prices shall be entirely drawn in the national currency. The bidder who intends to commit expenditures in other currencies for the execution of the supplies shall indicate in the annex to the bid the percentage(s) of the amount of the bid necessary to cover the needs in foreign currencies, without exceeding the maximum of the three currencies of member countries of the funding institution of the contract.
 - b. The exchange rates used by the bidder to convert his bid into the national currency shall be specified by the bidder in an annex to the bid in compliance with the specifications of the Special Regulations. These rates shall be applied for any payment within the framework of the contract so that the retained bidder does not bear any change in the exchange rate.
- 13.3. **Option B:** The amount of the bid shall be directly made in the national and foreign currency at the rates fixed in the Special Regulations.
- The bidder shall draw the unit prices of the price schedule and the prices of the bill of quantities and estimates in the following manner:
- a. The prices of inputs necessary for the supplies which the bidder intends to procure in the Contracting Authority's country shall be in CFA francs as specified in the Special Regulations and called "national currency".
 - b. The prices of inputs necessary for supplies which bidder intends to procure out of the Contracting Authority's country shall be in the currency of the country of origin of the bidder or of the currency of an eligible member country widely used in international trade.
- 13.4. The Contracting Authority may request the bidders to explain the needs in national and foreign currencies and to justify that the amounts included in the unit and total prices and indicated in annex to the bids are reasonable; to this end, a detailed statement of their needs in foreign currencies shall be furnished by the bidder.
- 13.5. During the execution of the supplies, most of the foreign currency to be paid as part of contract may be revised by mutual agreement between the Contracting Authority and the entrepreneur in a way as take account of any modification in the foreign currency needs within the context of the contract.

Article 14: VALIDITY OF BID

- 14.1. Bids must remain valid during the period stated in the Special Regulations from the date of submission of the bids fixed by the Contracting Authority, in application of article 19 of the Special Regulations. A bid valid for a shorter period, at the time of examination, will be considered by the Procurement Commission as non-compliant, unless the validity period of the bid bond is compliant. In this case, a period of forty-eight (48) hours is granted to the bidder to produce a new letter of submission in line with the bid bond.
- 14.2. In exceptional circumstances, the Contracting Authority or the Delegated Contracting Authority may request the bidder's consent to an extension of the validity period. The request and the responses will be made in writing (or by fax). The validity of the bid bond provided for in Article 15 of the RGAO will also be extended for a corresponding period. A Bidder may refuse to extend the validity of its bid without losing its bid bond. A bidder who consents to an extension will not be asked to modify its bid, nor will it be authorized to do so.
- 14.3. Where the contract does not include a price revision clause and that the period of validity of bids is extended by more than sixty (60) days, the amounts payable to the bidder retained shall be

updated by application of the related formula featuring in the request for extension that the Contracting Authority addressed to bidders. The updating period shall run from the date of overrun of sixty (60) days to the date of notification of the contract or the Administrative Order for start of execution of supplies by the retained bidder, as specified in the Special Administrative Conditions. The effect of updating shall not be considered for purposes of evaluation of bids.

Article 15: BID BOND

- 15.1. In application of article 11 of the General Regulations, the bidder shall furnish a bid bond of the amount specified in the Special Regulations and which bid bond shall be a full part of his bid.
- 15.2. The bid bond must conform to the model presented in the Tender File; other models may be authorized subject to the prior approval of the Contracting Authority. The bid bond will remain valid for thirty (30) days beyond the original date set for the validity of bids or any other validity time-limit requested by the Contracting Authority and accepted by the bidder, in accordance with the provisions of article 14 (2) of the General Regulations.
- 15.3. Any bid without an acceptable bid bond shall be rejected by the Tenders Board as not in conformity. The bid bond of associated enterprises must be established in the name of the group submitting the bid and mention each member of the associated grouping.
- 15.4. The bid bonds of bidders who are not retained shall be returned within fifteen (15) days after publication of the award result. Offers not withdrawn within this period may be destroyed, without any grounds for complaint.
- 15.5. The bid bonds of unsuccessful bidders are returned upon publication of the award results.
- 15.6. The bid bond of the successful bidder shall be released as soon as the latter would have signed the contract and furnished the required final bond.
- 15.7. The bid bond may be seized:
 - (a) if the bidder withdraws his bid during the period of validity.
 - (b) if the retained bidder:
 - i. Fails in his obligation to register the contract in application of article 32 of the General Regulations.
 - ii. Fails in his obligation to furnish the required final bond in application of article 33 of the General Regulations.
 - iii. Refuses to receive notification of the Administrative Order to commence execution.

Article 16: PREPARATORY MEETING TO THE ESTABLISHMENT

- a Except otherwise stipulated in the Special Regulations, a bidder may be invited to take part in a preparatory meeting which will hold at the date and place indicated in the Special Regulations.
- b The subject of the preparatory meeting shall be to furnish clarifications and answer any questions which may be raised at this stage.
- c As much as possible, the bidder is requested to submit any question in a way as to reach the Contracting Authority at least one week before the meeting. The Contracting Authority may not reply to questions received too late. In this case, the questions and answers shall be transmitted according to the methods set in the article 2.3 above.
- d The minutes of the meeting, including the text of the questions asked and the replies given, including questions prepared after the meeting, shall be forwarded immediately to everyone who

bought the Tender File. Any modification of documents of the Tender File listed in the article 6 of the General Regulations which may prove to be necessary at the end of the preparatory meeting shall be done by the Contracting Authority by publishing an addendum in accordance with the provisions of the article 8 of the General Regulations and not through the minutes of the preparatory meeting.

- e The fact that a bidder does not attend a preparatory meeting for the establishment of bids shall not be a reason for disqualification.

Article 17: FORM, FORMAT AND SIGNATURE OF BIDS

For offline submission

- 17.1. The bidder shall prepare an original of the constituent documents described in article 11 of the General Regulations in a volume clearly indicated "ORIGINAL". In addition, the bidder shall submit the number required in the Specific Regulations, bearing "COPY". In case of discrepancy, the original shall be considered as authentic.
- 17.2. The original and copies of the bid must be typed or written in indelible ink (photocopies shall be accepted in the case of copies) and shall be signed by the person(s) duly empowered to sign on behalf of the bidder, in accordance with article 6.1 (a) or 6.2 (c) of the General Regulations, as the case may be. All the pages of the bid containing alterations or changes must be initialled by the signatory (ies) of the bid.
- 17.3. The bid shall be bearing no modification, suppression or alteration unless such corrections are initialled by the signatory (i.e.) of the bid.

For online submission

- 17.4. The bid must be submitted by the bidder via the COLEPS platform or any other electronic means of communication indicated by the Project Owner in the tender documents. A backup copy of the bid, saved on a USB flash drive or CD/DVD, must be submitted to the relevant project owner/contractor or contracting authority in a sealed envelope, clearly and legibly marked "backup copy" and including the call for tender references, within the specified timeframe.
- 17.5. Bids, accompanied by the required exhibits and documents, are compiled into electronic files and grouped according to their administrative, technical, and financial nature. However, administrative documents are entered into COLEPS by the issuing entities.
- 17.6. The file formats chosen for submitting bids via COLEPS must be common formats widely used in the professional sector, including operators likely to be interested in the consultation, for better usability.
- 17.7. Documents and exhibits submitted via the COLEPS platform are electronically signed using a certificate.

D-SUBMISSION OF BIDS

Article 18: SEALING AND MARKING OF BIDS

- 18.1. Candidates must place the original and all copies of the administrative documents listed in the SRIT in an envelope marked "ADMINISTRATIVE FILE," the original and all copies of the technical proposal in an envelope clearly marked "TECHNICAL PROPOSAL," and the original and all copies of the financial proposal in a sealed envelope clearly marked "FINANCIAL PROPOSAL" and the warning "DO NOT OPEN WITH THE TECHNICAL PROPOSAL." Candidates must then place these three separate, sealed envelopes in a single sealed envelope, which bears the

address of the bid submission site and the information indicated in the SRIT, as well as the warning "OPEN ONLY DURING THE OPENING SESSION."

The various documents in each volume will be numbered in the order in the SRIT and separated by a colored divider.

- 18.2. The inner and outer envelopes:
 - a. Will be addressed to the Project Owner or the Delegated Project Owner at the address indicated in the Special Tender Regulations;
 - b. Will bear the name of the project as well as the subject and number of the Invitation to Tender indicated in the SRIT, and the note "ONLY TO BE OPENED DURING THE OPENING SESSION."
- 18.3. The inner envelopes will also bear the name and address of the Bidder to allow the Project Owner or the Delegated Project Owner to return the sealed bid if it has been declared late in accordance with the provisions of Articles 20 and 21 of the RGAO.
- 18.4. If the outer envelope is not sealed and marked as indicated in Articles 18.1 and 18.2 above, the Contracting Authority or the Delegated Contracting Authority shall not be liable if the bid is misplaced or opened prematurely.
- 18.5. For online submission, the bid to be provided by the bidder includes three electronic files corresponding to the three volumes: administrative, technical, and financial.
- 18.6. Each file must explicitly bear a name that refers to the nature of its content (Administrative Bid, Technical Bid, Financial Bid).
In parallel with the electronic submission, bidders must send the Contracting Authority or the Project Owner/Project Manager within the same timeframe a backup copy of their bid on an electronic physical medium (CD, DVD, USB flash drive, etc.). This copy must be sent by post or delivered to the Contracting Authority or the Project Owner/Project Manager. This sealed envelope must clearly and legibly bear the words "backup copy" and the consultation references.
- 18.7. The constituent elements of the bidder's online or offline offer must be the same for a given consultation.

Article 19: DATE AND TIME LIMIT FOR SUBMISSION OF BIDS

- 19.1. Date and Time Limits for Submission of Tenders
 - a. Tenders must be received by the Contracting Authority or the Delegated Contracting Authority through their internal public procurement administrative management structure at the address specified in Article 18.2 of the SRIT
 - b. no later than the date and time specified in the Special Regulations for the Call for Tenders.
 - c. The date and time of receipt of online bids are automatically recorded by the electronic platform using a timestamp mechanism. Only the date and time of COLEPS or any other electronic means of communication indicated by the Contracting Authority are valid.
 - d. For timestamps, the reference time zone is local time (GMT/UTC + 1). This time is visible on the submission page.
 - e. The Contracting Authority or the Delegated Contracting Authority may, at its discretion, extend the deadline for submitting bids by publishing an addendum in accordance with the provisions of Article 8 of the RGAO. In this case, all rights and obligations of the Contracting Authority or the

Delegated Contracting Authority and the Bidders previously governed by the initial deadline will be governed by the new deadline.

19.2. Bids submitted electronically will be acknowledged, stating the date and time of receipt and the consultation references.

19.3. Submission Method

Three submission methods are possible:

- Online: only online submissions are accepted for this consultation by the Contracting Authority and are binding.
- Offline: Only offline submissions are accepted for this consultation by the Contracting Authority and are legally binding.
- Online or offline. Both submission methods are possible. However, it is not possible to submit both online and offline submissions for the same consultation.

The selected submission method is specified in the SRIT.

Note: When submitting online, bidders' envelopes are automatically encrypted, meaning their content is rendered illegible.

Article 20: OUT OF TIME-LIMIT OF BIDS

Any bid received by the Contracting Authority beyond the deadline for the submission of bids in accordance with article 19 of the General Regulations shall be declared late and consequently rejected.

Article 21: MODIFICATION, SUBSTITUTION AND WITHDRAWAL OF BIDS

For offline submissions,

- 19.4. A Bidder may modify, replace, or withdraw its bid after submission, provided that written notification of the modification or withdrawal is received by the Employer or the Delegated Employer before the end of the deadline for submitting bids. Said notification must be signed by an authorized representative pursuant to Article 17.2 of the RGAO. The corresponding modification or replacement bid must be attached to the written notification. Envelopes must be clearly marked "WITHDRAWAL" and "REPLACEMENT TENDER" or "MODIFICATION," as appropriate.
- 19.5. The notification of modification, replacement, or withdrawal of the bid by the Bidder shall be prepared, sealed, marked, and sent in accordance with the provisions of Article 18 of the RGAO. Withdrawal may also be notified by fax or email, but in this case must be confirmed by a duly signed written notification, dated no later than the deadline for submission of bids, as evidenced by the postmark.
- 19.6. Bids requested by Bidders to be withdrawn pursuant to Article 21.1 will be returned to them unopened.
- 19.7. No bid may be withdrawn during the period between the deadline for submission of bids and the expiry of the bid validity period specified in the submission template. Any withdrawal by a Bidder of their bid during this period will result in the forfeiture of the bid security in accordance with the provisions of Article 14 of the RGAO.

For online submissions,

- 19.8. Multiple bids may be validly submitted by the same bidder before the deadline for receipt of bids. In this case, only the most recent arrival and its corresponding backup copy, if applicable, will be taken into account during the evaluation; any other backup copies must be returned unopened.
- 19.9. Modification, replacement, or removal of the backup copy shall be carried out in accordance with the provisions of Article 22, paragraphs 3 to 4.

E- OPENING AND EVALUATION OF BIDS

Article 22: OPENING OF BIDS AND PETITIONS

- 22.1. Prior to the opening of bids, electronic bids are decrypted by the contracting authority. Decryption consists of making the bids legible and accessible only to the Procurement Committee.
- 22.2. All bids are opened in two stages in the presence of the representatives of the bidders concerned or their duly authorized representatives, on the date, time, and address indicated in the SRIT. Bidders or their representatives who are present will sign a register or sheet attesting to their presence.
- 22.3. First, the administrative files and technical bids are opened one after the other, and the name of the bidder is announced aloud by the Procurement Committee. The Financial Proposal remains sealed and stamped and is entrusted to the Chair of the relevant Procurement Committee, who will retain it until the financial proposal opening session.
- 22.4. Envelopes marked "Withdrawal" will be opened and their contents announced aloud, while the envelope containing the bid or the corresponding backup copy will be returned to the Bidder unopened. The withdrawal of a bid or backup copy will only be permitted if the corresponding notification contains a valid authorization from the signatory to request withdrawal and if this notification is read aloud.
Then, the envelopes marked "Replacement Bid or Backup Copy" will be opened and announced aloud, and the corresponding new bid will be substituted for the previous one, which will be returned to the Bidder concerned unopened. The replacement of a bid or backup copy will only be permitted if the corresponding notification contains a valid authorization from the signatory to request replacement and is read aloud. Finally, the envelopes marked "Amendment" will be opened and their contents read aloud along with the corresponding bid. Bid modifications or backup copies will only be permitted if the corresponding notification contains valid authorization from the signatory to request the modification and is read aloud. Only bids or backup copies that were opened and announced aloud during the bid opening will be subsequently evaluated.
- 22.5. A signed tendering sheet shall be prepared at the meeting, along with the bid opening minutes, stating the admissibility of the bids, their administrative regularity, and the composition of the analysis subcommittee, if applicable. However, information relating to said composition remains internal to the committee.
- 22.6. Alongside the bid opening minutes, a tendering sheet signed by all committee members, along with an attendance sheet signed by all participants, shall be provided to each bidder who requests it.
- 22.7. Secondly, only the financial offers of bidders who have achieved the required minimum technical score will be opened in the presence of the bidders concerned.
- 22.8. At the end of each bid opening session, the chair of the procurement committee will certify a copy of each bidder's offer, which will be immediately made available to the focal point designated by the body responsible for regulating public procurement. Bids (and amendments received in

accordance with the provisions of Article 21 of the RGAO) that were not opened and read aloud during the bid opening session may not be subject to evaluation.

- 22.9. In the event of an appeal, it must be sent to the Appeals Review Committee, with copies to the Project Owner or Delegated Project Owner, the chair of the relevant procurement committee, the body responsible for regulating public procurement, and the Public Procurement Authority.
- 22.10. It must be received within a maximum of three (03) working days after the bid opening, in the form of a letter duly signed by the applicant.
- 22.11. This appeal, which is not suspensive, may only concern the conduct of this stage, in particular compliance with procedures and the regularity of the documents verified.
- 22.12. Where applicable, the Independent Observer shall attach to his report: the sheet submitted to him, along with any comments or observations thereon.
- 22.13. The opening of bids submitted electronically and those submitted on paper takes place during the same session. The opening and examination of bids submitted electronically are subject to the rules applicable to the processing of physical bids.

Article 23: CONFIDENTIAL NATURE OF THE PROCEDURE

- 22.14. No information relating to the examination, evaluation, and comparison of bids, verification of bidder qualifications, or the proposed award of the Contract shall be provided to bidders or any other person not concerned by the said procedure until the award of the Contract has been made public, under penalty of disqualification of the Bidder's bid and suspension of the bidders from all activities in the field of public procurement.
- 22.15. Any attempt by a bidder to influence the Analysis Subcommittee in the evaluation of bids, the Procurement Commission in the award proposal, or the Contracting Authority or the Delegated Contracting Authority in the award decision may result in the rejection of the bid.
- 22.16. Notwithstanding the provisions of paragraph 23.2, between the opening of bids and the award of the contract, if a tenderer wishes to contact the Contracting Authority or the Delegated Contracting Authority for reasons relating to its tender, it must do so in writing.

Article 24: CLARIFICATIONS ON THE BIDS AND CONTACT WITH THE CONTRACTING AUTHORITY

- 24.1. To facilitate the review, evaluation, and comparison of bids, the Chairman of the Procurement Committee may, upon a proposal from the analysis subcommittee, request clarifications from bidders, relevant administrations, or organizations. The request for clarification and the response shall be made in writing or via COLEPS or any other means of communication indicated by the Contracting Authority or the Delegated Contracting Authority, with a copy to the body responsible for regulating public procurement. However, no change in the amount or content of the bid to make it more competitive shall be sought, offered, or authorized.
- 24.2. The purpose of the request for clarification must be, in particular, to retrieve information contained in the bid; to verify the accuracy of the information provided by a candidate, where applicable, with the issuing administrations; to request a bidder to confirm the correction of a calculation error or omission discovered; to provide clarification on technical aspects not understood by the analysis subcommittee or on the content of the price breakdown, or to justify the prices of bids deemed abnormally low.
- 24.1. The response time for requests for clarification may not exceed seven (07) working days. 24.3 Subject to the provisions of paragraph 1 above, bidders shall not contact members of the Procurement Committee or the subcommittee for questions relating to their bids between the opening of bids and the award of the contract.

Article 25: DETERMINATION OF COMPLIANCE OF BIDS

- 25.1. The Preliminary Review Subcommittee will verify the eligibility of bidders and conduct a detailed review of the bids to determine whether they are complete, whether the required guarantees have been provided, whether the documents have been properly signed, and whether the bids are generally in good order.
- 25.2. The Review Subcommittee will then determine whether the bid substantially complies with the provisions of the Tender Documents based on their contents without resorting to extrinsic evidence. In this regard, the Review Subcommittee will:
- review the bid to confirm that all the conditions specified in the SRIT and the CCAP have been accepted by the Bidder without any substantial discrepancies or reservations;
 - will evaluate the technical aspects of the bid submitted in accordance with clause 11.1.b of the RGAO to ensure that all the provisions of the methodology note relating to an analysis of the services and specifying the organization and program that the bidder intends to establish or implement to deliver them are complied with without any substantial deviation or reservation.
- 25.3. A bid that is substantially compliant with the Tender Documents is one that complies with all the terms, conditions, and specifications of the Tender Documents, without any significant deviation or reservation. A significant deviation or reservation is one that:
- i. Significantly affects the scope, quality, or performance of the services;
 - ii. Significantly limits, in contradiction with the Tender Documents, the rights of the Contracting Authority or the Delegated Contracting Authority or its obligations under the Contract;
 - iii. Is such that its acceptance or correction would unfairly affect the competitiveness of other bidders who have submitted bids that are substantially compliant with the Tender Documents.
- 25.4. If a bid is not substantially compliant with the Tender Documents, it will be rejected by the relevant Tenders Committee and may not subsequently be made compliant.
- 25.5. The Contracting Authority or the Delegated Contracting Authority reserves the right to accept or reject any amendment, deviation, or reservation. Amendments, deviations, variations, and other factors that exceed the requirements of the Tender Documents must not be taken into account when evaluating bids.

Article 26: EVALUATION OF PROPOSALS AND APPEALS

26.1. Evaluation of Technical Proposals

- a. The Analysis Subcommittee established by the Procurement Commission evaluates the technical proposals based on their compliance with the terms of reference, using the evaluation criteria, sub-criteria (generally, no more than three per criterion), and the points system specified in the SRIT. Each compliant proposal is assigned a technical score (ST). A proposal is rejected at this stage if it fails to meet important aspects of the terms of reference or does not achieve the minimum technical score specified in the SRIT.
- b. Following the technical quality evaluation, the Contracting Authority or the Delegated Contracting Authority notifies candidates whose proposals did not obtain the minimum qualification score that their offers have not been accepted; their financial proposals will therefore be returned to them upon request, unopened at the end of the selection process. At the same time, the Contracting

Authority or the Delegated Contracting Authority notifies the Applicants who have obtained the required minimum qualification score, and informs them of the date, time, and place of the opening of the financial proposals. This notification may be sent by registered mail, fax, or email.

26.2. Evaluation of Financial Bids

- i. The Analysis Subcommittee determines whether the Financial Proposals are complete (i.e., whether all elements of the corresponding Technical Proposal have been costed); corrects any calculation errors; and converts the prices expressed in various currencies in which the bid amount is payable in CFA francs. The conversion will be made using the selling rate set by the Bank of Central African States (BEAC), under the conditions defined by the SRIT.
- ii. Only bids deemed compliant, in accordance with the provisions of Articles 25 and 26 of the RGAO, will be evaluated and compared by the Analysis Subcommittee.
- iii. In evaluating the bids, the subcommittee will determine the evaluated bid amount for each bid by adjusting its amount as follows:
 - i. By correcting any possible calculation or deferral errors;
 - ii. By excluding the provisional amounts and, where applicable, the contingency reserves included in the Summary Bill of Quantities and Estimates, but by adding the amount of the time-and-material work, when costed competitively as specified in the SRIT;
 - iii. By converting the amount resulting from adjustments (i) and (ii) above into a single currency, in accordance with the provisions of Article 13 of the RGAO;
 - iv. By appropriately adjusting, on technical or financial grounds, any other quantifiable changes, discrepancies, or reservations;
 - v. Taking into consideration the different completion deadlines proposed by the bidders, if authorized by the SRIT;
 - vi. Where applicable, in accordance with the provisions of Article 11.8 of the RGAO and the SRIT, applying the discounts offered by the Bidder for the award of more than one lot, if this call for tenders is launched simultaneously for several lots.
- iv. The estimated effect of the price revision formulas contained in the CCAG and CCAP, applied during the contract performance period, will not be taken into consideration during the evaluation of bids.
- v. Upon a proposal from the analysis subcommittee, the Chairman of the Procurement Committee may request clarifications regarding the bids from the bidders or the competent administrations and organizations.
- vi. In the event that a bid is deemed abnormally low, a Procurement Commission may propose to the Contracting Authority or the Delegated Contracting Authority not to award the contract to the bidder in question.
- vii. In the event that the supporting documents not provided by the candidate are deemed unacceptable, the public procurement regulatory body shall examine the supporting documents and submit its conclusions to the Contracting Authority or the Delegated Contracting Authority within seven (7) working days of being notified by the Contracting Authority or the Delegated Contracting Authority.

- viii. The evaluation shall be conducted without taking into account taxes, duties, fees, and other fiscal charges as defined in paragraph 3.7.

26.3. Selection of the successful bidder

Selection shall be based on the quality-cost ratio. For this purpose, the lowest compliant financial proposal (Fm) shall receive a financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals are calculated as indicated in the SRIT. The proposals are ranked according to their combined Technical (St) and Financial (Sf) Scores after introducing the weighting (T being the weight assigned to the Technical Proposal and P the weight assigned to the Financial Proposal; i.e. T + P being equal to 100, as indicated in the SRIT. The Candidate having obtained the highest combined technical and financial score is proposed for award or invited to negotiation by the project owner where appropriate.

26.4. Appeals during the Award Phase

Unqualified bidders following the analysis of technical bids may file an appeal with the Appeals Review Committee, with a copy to the Project Owner or Delegated Project Owner, the Chair of the relevant Procurement Commission, and the Public Procurement Authority.

The appeal must be filed within a maximum of three (03) working days after the financial bid opening session.

Article 27: CORRECTION OF ERRORS

27.1. The Analysis Subcommittee will review bids found to be substantially compliant with the Tender Documents to correct any calculation errors. The Analysis Subcommittee will correct errors as follows:

- a. If there is a discrepancy between the unit price and the total price obtained by multiplying the unit price by the quantities, the unit price will prevail and the total price will be corrected, unless, in the opinion of the Analysis Subcommittee, the decimal point in the unit price is clearly misplaced, in which case the total price indicated will prevail and the unit price will be corrected;
- b. If the total obtained by adding or subtracting the subtotals is not exact, the subtotals will prevail and the total will be corrected;
- c. If there is a discrepancy between the price indicated in words and in figures, the amount indicated in the Sub-Detail will be considered. In the absence of a Sub-Detail of prices, the amount indicated in words will prevail, subject to paragraphs (a) and (b) above.

27.2. The amount appearing in the Bid will be corrected by the Analysis Sub-Committee in accordance with the error correction procedure mentioned above, and, upon confirmation by the Bidder, said amount will be deemed binding on the Bidder.

27.3. If the Bidder who submitted the highest evaluated bid does not accept the corrections made, its bid will be rejected and its security may be seized.

ARTICLE 28: NEGOTIATIONS

28.1. Negotiations shall take place at the address indicated in the SRIT, between the Contracting Authority or the Delegated Contracting Authority and the bidder whose proposal has been selected, with the goal of reaching an agreement on all points and signing a contract.

Under no circumstances may negotiations be conducted with more than one bidder at a time, nor may they involve unit prices. These negotiations shall be documented in a report signed by both parties.

Negotiations with the bidders must not result in substantial changes to the scope, nature, consistency, or quality of the services. In any case, the financial impact of modifications to the offer must not exceed fifteen percent (15%) of the original bid.

- 28.2. The negotiations shall include discussions of the Technical Proposal, the proposed methodology (work plan), staffing provisions, and any suggestions made by the bidder to improve the Terms of Reference. The Contracting Authority or Delegated Contracting Authority and/or the Contracting Authority and the bidder shall then finalize the Terms of Reference, staffing provisions, and bar charts indicating activities, personnel, time spent on-site and at headquarters, work time in months, logistics, and reporting conditions. The agreed work plan and finalized Terms of Reference shall then be incorporated into the "description of services," which forms part of the contract. Special attention must be paid to obtaining the maximum the selected bidder can offer within the available budget and to clearly defining the information that the Contracting Authority or Delegated Contracting Authority must provide to ensure the successful execution of the mission.
- 28.3. The financial negotiations aim, among other things, to clarify (if applicable) the bidder's tax obligations in the Republic of Cameroon and how they are addressed in the contract. They also include the agreed technical modifications and their impact on the service cost.
In any case, the financial impact of modifications on the bid must not exceed fifteen percent (15%) of the original offer.
- 28.4. Having based the selection of the bidder, in part, on the evaluation of the proposed specialist staff, the Contracting Authority or Delegated Contracting Authority intends to negotiate the contract based on the experts whose names are listed in the proposal. Prior to negotiating the contract, the Contracting Authority or Delegated Contracting Authority shall require assurance that these experts are actually available. No substitution of personnel shall be considered during negotiations unless both parties agree that the substitution was necessitated by significant delays in the selection process or that the substitution is essential for the achievement of the mission's objectives. If this is not the case, and it is established that the bidder proposed a key person without ensuring their availability, the bidder may be disqualified.
- 28.5. Any negotiation, regardless of its outcome, must be documented in a report signed by both parties, with a copy sent to the public procurement regulatory authority. If negotiations fail, the Contracting Authority or Delegated Contracting Authority shall invite the bidder whose proposal was ranked second to negotiate.

Article 29: AWARD

- 29.1. Once the negotiations have been successfully concluded, or upon receipt of the final award proposal from the competent procurement committee (except in cases where the procedure is suspended), the Contracting Authority or the Delegated Contracting Authority will award the contract to the Bidder whose bid has been found to be substantially compliant with the Tender Documents and who has the technical and financial capacity required to perform the contract satisfactorily, and whose bid has been evaluated as the lowest bidder based on a combination of technical, financial, or aesthetic criteria, including, where applicable, any proposed discounts.

- 29.2. If, in accordance with the provisions of Article 11.10 of the RGAO, the call for tenders covers multiple lots, the highest bid will be determined by evaluating this contract in conjunction with the other lots to be awarded concurrently, taking into account the discounts offered by bidders in the event of the award of more than one lot.
- 29.3. If the call for tenders covers multiple lots, the award will be made in accordance with the SRIT (verify or integrate, resulting from the RGAO works).
- 29.4. In all cases, any award of a contract is materialized by a decision of the Contracting Authority or the Delegated Contracting Authority and notified to the successful bidder within a maximum period of seventy-two (72) hours from its signature.

Article 30 - UNSUCCESSFUL OR CANCELLATION OF A PROCEDURE

30.1. The Contracting Authority or the Delegated Contracting Authority reserves the right to cancel a Call for Tenders or declare a call for tenders unsuccessful after consulting the competent procurement committee, without any grounds for complaint.

However, when bids have already been opened, cancellation is subject to the approval of the Public Procurement Authority.

30.2. The Contracting Authority or Delegated Contracting Authority shall notify the President of the Procurement Commission of the decision to cancel or declare the call for tenders unsuccessful, with a copy to the body responsible for public procurement regulation.

30.3. In the event of a subdivision of lots, the provisions set out in the above paragraphs shall apply to each lot.

Article 31: NOTIFICATION OF AN AWARD OF CONTRACT

31.1. Any award of a contract is materialized by a decision of the Contracting Authority or the Delegated Contracting Authority and notified to the successful bidder within a maximum period of seventy-two (72) hours from its signature.

31.2. Before the expiry of the period of validity of the tenders set by the SRIT, the Contracting Authority or the Delegated Contracting Authority will notify the successful bidder by fax confirmed by registered letter or by any other means that his tender has been accepted. This letter will indicate the amount that the Contracting Authority or the Delegated Contracting Authority will pay to the administration's co-contractor for the performance of the services and the period of performance.

Article 32: PUBLICATION OF RESULTS OF AWARD AND PETITIONS

31.1. The Contracting Authority or Delegated Contracting Authority has five (5) working days to sign the award decision and publish the results from the date of receipt of the final award proposal from the relevant Procurement Commission, unless the procedure is suspended.

31.2. Any decision to award a public contract by the Contracting Authority or Delegated Contracting Authority shall be published, with an indication of the price and deadline, in the public procurement journal published by the body responsible for regulating public procurement or in COLEPS or any other authorized publication.

31.3. Upon publication of the award results, the Contracting Authority or Delegated Contracting Authority shall send each bidder who requests it an extract of the relevant analysis report.

31.4. After publication of the award results, bids not withdrawn within a maximum of fifteen (15) days will be destroyed, without any grounds for complaint, with the exception of the copy intended for the public procurement regulatory body if it has not been collected immediately.

- 31.5. In the event of an appeal, it must be sent to the Appeals Review Committee, with copies to the Contracting Authority or the Delegated Contracting Authority and the Chair of the relevant procurement committee, the public procurement regulatory body, and the Public Procurement Authority. It must be made within a maximum of five (5) working days after publication of the results.
- 31.6. This appeal may result in the suspension of the procedure at the discretion of the public procurement regulatory body.

Article 33: SIGNING OF THE CONTRACT

- 33.1. After publication of the results, the draft contract is signed by the successful bidder and submitted for signature to the contracting authority or delegated contracting authority.
For private contracts, the draft contract signed by the successful bidder is submitted to the relevant Procurement Commission for review and adoption and, where applicable, to the competent Central Procurement Control Commission for its opinion.
- 33.2. The successful bidder has a period of fifteen (15) working days from receipt to subscribe to the contract or the call-off letter. After this period, the Contracting Authority or the Delegated Contracting Authority reserves the right to cancel the award decision after formal notice to the successful bidder which has remained unanswered and prior agreement from the Public Procurement Authority. In this case, the bid bond is seized and the contract is awarded to the candidate ranked second.
- 33.3. The Contracting Authority or the Delegated Contracting Authority has a period of five (05) working days to sign the contract:

the signing of the contract:

- from the date of receipt of the draft contract resulting from the call for tenders or request for quotation, subscribed to by the successful bidder and opinion of the competent Central Procurement Control Commission, where applicable;
 - from the date of receipt of the draft over-the-counter contract subscribed to by the successful bidder after opinion of the internal procurement commission and the competent Central Procurement Control Commission, where applicable.
- 33.4. The contract must be notified to its holder within five (5) working days following the date of its signature.

Article 34: FINAL BOND

The retention guarantee or performance bond is not required for contracts involving unquantifiable services and intellectual services.

Score technique total = 100

NB: To be technically qualified, the bidder must obtain a score of at least 70 points out of 100.

Note: Any public official listed among the staff of a tenderer and who has not presented all the documents likely to justify his release from the Administration, will be considered invalid. The presence of the file of the same expert in two separate tenders must give rise to a request for clarification in order to establish the tenderer's offer to be considered. In this case, the expert in question will not be evaluated in the competing Tender or taken into account in the tender not validated by the expert.

Only financial offers from bidders who obtain a technical score of 80 points or higher out of 100 will be analysed.

The formula used to determine the financial scores is as follows:

$$SG = 0.70 \times ST + 0.30 \times SF$$

$$SF = 100 \times Fm/F$$

ST: technical score, SG: overall score
SF: financial score, Fm: amount of the highest bid,
F: amount of the bid under consideration.

Note: In the event of a conflict between the contents of the Bidding Documents (DAO), the rejection of a bid for non-compliance with the requirements shall only be based on criteria contained in the RPAO (Special Regulations of the Invitation to Tender), the provisions of which shall prevail over those of other documents.

26.3

The respective weights assigned to the technical and financial proposals are:

$$T = 0.70$$

$$F = 0.30$$

Only the financial bids of bidders whose technical proposals have been declared admissible following the administrative compliance check (1st stage) and the technical evaluation (2nd stage) shall be evaluated and scored based on the following criteria:

$$SF = FM \times 100/F$$

SF= Note on the amount of the tenderer's financial offer;

FM= Assessed amount of the lowest bid;

	<p>F= Bidder's Assessed Amount.</p> <p>A weighting will be made between the technical score and the financial score to obtain the final grade N (technical-financial score) according to the following formula:</p> $N = \{(70 \times \text{Technical Note}) + (30 \times \text{Financial Note})\}/100$ <p>The contract is awarded to the Candidate with the highest combined technical and financial score and invited to negotiations as a potential winner of the contract.</p>
28	<p>Submission Method</p> <p>The chosen submission method for this consultation is exclusively online.</p>
29	<p>Award of Contract</p> <p>The Contracting Authority shall award the contract to the bidder whose offer has been evaluated as the best value for money, based on a combination of technical and financial criteria, and taking into account any proposed discounts where applicable.</p>
30	<p>The final bond rate is: 2% of the contract amount inclusive of all taxes.</p> <p>Within twenty (20) days from the date of notification of the contract by the Contracting Authority, the contractor shall provide a final bond in accordance with the template attached to the Bidding Documents. Failure to produce the said bond within the deadlines and conditions of Article 28 of the GCTC (General Conditions of Technical Clauses) exposes the bidder to the sanctions provided for by Article 37 of the said GCTC.</p>
40	<p>Ethical Principles</p> <p>Tender's Board Chairpersons and Members, Bidders, and other stakeholders in the process must observe the strictest rules of professional ethics at all times. They must, in particular, refrain from any corruption or any other form of fraudulent practices. Under this principle, the above expressions are defined as follows:</p> <p>(i) anyone who offers, gives, solicits, or accepts, directly or indirectly, any advantage with a view to influencing the action of a public official during the award or execution of a contract or a jobbing order is guilty of "corruption"; and anyone who provides, solicits, or accepts multiple bids issued by the same bidder under different company names and/or different registration numbers is guilty of "corruption".</p> <p>(ii) anyone who misrepresents or distorts facts in order to influence the award or execution of a contract or a jobbing order to the detriment of the Contracting Authority is engaged in "fraudulent practices." "Fraudulent practices" notably include any collusion or collusive maneuver among bidders (before or after the submission of bids) aimed at artificially maintaining quotation prices at levels that do not correspond to those resulting from free and open competition, thereby depriving the Contracting Authority of the benefits of the latter.</p>

- control of technical provisions;
- verification of the situations and statements as well as a proposal to the Project Owner for liquidation;
- assistance to the Contracting Authority for arbitration and dispute resolution.

5.1.1. Validation of implementation projects

The consultants are responsible for having the implementation files carried out by the companies concerned in accordance with the requirements of the CCTP. These files must include all the execution plans as well as the specifications for site use. Consultants are required to ensure that they comply with the project and to ensure that any variants taken into account effectively correspond to those selected by the Client.

He must systematically affix his stamp to all documents or plans produced by the company before or during the work.

After notification of the execution plans and site specifications, the consultants are responsible for verifying and validating the detailed cost estimate of the work, as well as the provisional schedule for its execution. He will have to draw up the summary files necessary for the smooth running of the work.

Before the start of the work, the consultants will have to finalize the Environmental Management Plan (EMP).

5.1.2. Preparation and transmission of office orders

The written, signed and numbered service orders by the Project Owner are sent to the contractors within two (02) days under the conditions provided for by the CCAP.

Office orders may be notified within eight (08) days relating to:

- the notification of the date of commencement of the work,
- the time limit for the execution of the work,
- the notification of new prices to the contractor for unforeseen works or works, or to the modification of the prices appearing in the contract (quantities and unit prices)

The service orders, a copy of which is kept by the Head of the Market Service, are taken from a counterfoil register kept by the latter, who can ensure at any time that the service orders have been transcribed within the prescribed time limits

5.1.3. Directing Meetings and Producing Minutes and Reports

The consultant is required to organize weekly meetings that will allow the Engineer and the Head of the Market Department to see the progress of the work. The observations made on this occasion will be recorded in the site diary and will be the subject of a report submitted to the Head of the Procurement Department within the deadlines set by the CCAP.

A monthly meeting will be organized by the consultant in the presence of the Client's representatives. A report will be drawn up in 5 copies for the Project Owner by the consultant within the deadline indicated by the CCAP.

Meetings may also be organized at the request of the Head of the Market Service.

The consultant will keep a site diary where the findings will be recorded, both his own and those of all other parties involved in the monitoring of the work. This diary will also list all the service orders he has given and mentioned all the events relating to climatic conditions.

This newspaper will become the property of the Project Owner, to whom it will be handed over at the end of the project.

The consultant shall draw up and submit each month, within thirty days of the previous month in five copies for the Contracting Authority, a report of the supervision mission, including:

- as a reminder, a brief presentation of the project,
- the administrative situation of contracts awarded for works and control, the record of service orders, disputes,
- the actual and forecast timetables (compared with the work, the percentages of progress by task),
- the material and human resources mobilized by the company and by the consultant,
- a description of the work performed, the incidents encountered, the corrective actions taken, the changes made to the project,
- the studies carried out by the consultant,
- comments on laboratory test results and quality of work,

- commented photographs characteristic of the work carried out,
- finally, within two months of the provisional general acceptance of the works, the consultant shall draw up, in five copies for the Contracting Authority, a general final report on the execution of the works contracts and supervision services, resuming mutatis mutandis the headings provided for the monthly reports.

5.1.4. Checking the technical provisions

This inspection will cover the technical provisions provided for the execution of the work, such as:

- the technical acceptance of the contractors' site installations in accordance with the provisions of the contracts concluded with them. The consultant will proceed to the contradictory survey of the elements that should be returned to the Project Owner at the end of the site and those remaining the property of the contractor;
- Approval of any corrections made by contractors to the original project and program.
- the control of the organization of the sites and the verification of the technical resources of the companies, taking into account the execution programs and the provisional timetables;
- the verification of the implementation by the companies of the quality assurance plan procedures and the participation in the application of these procedures with regard to the aspects submitted to the decision of the Head of the Market Service;
- verification of the conformity of the works with the approved implementation projects, contractual plans, the requirements of the contractual documents and the office orders;
- the implementation of companies' Quality Assurance Plans;
- making arrangements for the Company's test equipment in order to comply with the directives relating to the control of the execution and implementation of the electrical or other equipment concerned;

- the use of the results of the various tests to identify the decisions to be taken,
- the preparation of the technical decisions to be taken by the Head of the Market Department taking into account the progress of the work, the difficulties encountered and unforeseeable events,

In order to carry out general inspections of the works, site visits will take place regularly as indicated above, and also unannounced as necessary. The consultant is required to be present at each visit as well as when the decisions to be taken require it,

5.1.5. Verification of the situations and statements as well as proposal to the Contracting Authority for liquidation

This service will include the preparation, establishment, verification and approval of regulatory expenditure documents such as:

- site attachments (advance, procurement, work completed or not, etc.),
- financial attachments (interest on arrears, penalties, price revisions, etc.), periodic statements in accordance with the CCAG or the CCAP, on the basis of the draft invoice statements submitted by the companies,
- certificates for payments or disbursement requests signed by the Client,
- the preparation of general and final statements according to the same process on the basis of the draft final statements drawn up by the companies.

In particular, the consultant will ensure that these final statements are presented in the same functional form as the estimated details. He will establish the balance statement from the final statements and the last corresponding monthly statements.

The general statement must include:

- the final statement considered,
- the statement of pay in question,
- the summary of the monthly instalments and the balance, the result of which constitutes the amount of the general statement,
- the study of the new prices asked, the verification of the sub-details of the company's prices,
- the preparation of documents concerning the guarantee and the pledge of the contract with regard to releases or other formalities and their presentation for signature by the Head of the Market Service.

5.1.6. Assistance to the Contracting Authority for arbitration and dispute resolution

The consultant is responsible for examining the complaints of the company, the stakeholders and local residents, during the work and presenting them to the Project Owner, formulating proposals and advice.

He contributes to the definition of expert missions and examines the company's briefs in the event of disputes.

5.2. SCHEDULING, MANAGEMENT AND COORDINATION OF CONSTRUCTION SITES (OPC)

This mission concerns site management. It includes all the actions necessary for the proper conduct of the work, in particular:

- analysis and validation of basic tasks;
- coordination among stakeholders,
- site planning,
- monitoring of companies;
- assistance in the implementation of amendments.

5.2.1. Analysis and validation of elementary tasks

On the basis of the execution project, the consultant is responsible for checking that the division of the sites into elementary tasks is carried out in a rational manner and that each of these tasks is in harmony with the techniques used, the provisional schedule and the cost forecasts from the contracts. In particular, it will check that the means are in line with the sub-details of the prices.

5.2.2. Coordination among stakeholders

The consultant is responsible for ensuring that the various parties involved in the works contract (BET, subcontractors, etc.) intervene in perfect coherence; it will validate, after approval by the Head of the Market Department, the proposals of the companies in this field.

He will also ensure the coordination of the intervention of the companies with the constraints of track operation.

5.2.3. Site Verification

The consultant is in charge of carrying out and updating the planning of the construction sites. He will provide the Market Engineer with the following items every Monday:

- a GANTT chart showing the forecasts, outstanding and actual amounts,
- possibly a PERT graph when justified by the organisation of the worksites,
- a detailed statement of the progress of the work (quantities, resources) in which the forecasts, the amount in progress and the actual will appear.

5.2.4. Monitoring of companies

The consultant is responsible for monitoring companies, and in particular for ensuring that they comply with the administrative and technical rules imposed on them by the CCAG, the CCAP, the CCTG, and the CCTP.

He must also ensure the control of the organization of the sites and the operating procedures of the companies.

He must provide them with assistance in understanding the technical and administrative files and the preparation of documents intended for the payment of the work.

5.2.5. Assistance in the development of amendments

The Design Office will assist the Project Owner in the preparation of amendments that may be put in place during the execution of the works contract, re-evaluation decisions, suspension of execution and penalty remissions.

5.3. ASSISTANCE WITH RECEPTION OPERATIONS (AOR)

This mission includes all the actions necessary for the acceptance of the works, in particular:

- regulation of the completion of works;
- organisation of reception operations;
- management of the exercise of guarantees by the company and the lifting of reservations;
- Preparation of records of work performed.

5.3.1. Regulation of the completion of the works

The consultant is responsible for accurately assessing the forecasts for the completion of the works. He must regularly inform the Project Owner of the progress of the site, particularly in its final phase.

He must exercise constant supervision of the companies in order to have a clear vision of the constraints of the latter with regard to the respect of schedules.

5.3.2. Organisation of reception operations

The consultant organises the acceptance of works, supplies and services, including provisional and partial acceptance. He informs the various persons concerned well in advance. He liaises with the inspection bodies.

He or she drafts the minutes and has the parties sign them.

The acceptance operations will only cover the provisional acceptance, but also the commissioning of the structures and a mission a year later to participate in the final acceptance.

5.3.3. Preparation of the files of the works carried out

The consultant draws up a detailed list of the documents constituting the files of the works carried out (DTE). It is his responsibility to collect and verify the above documents provided after execution by the contractors (and in particular the general and detailed plans in accordance with the execution). He must submit the as-built drawings (including in the form of electronic files) to the competent authorities for approval, after approval by the head of the Market Service.

After verification, the consultant will submit the above document (in triplicate, one of which is on a digital file) to the Project Owner, as well as the operating and maintenance instructions accompanied by the operating instructions for the structures.

ARTICLE 6. OBLIGATIONS OF THE CONSULTANT

6.1. DOCUMENTS

The Consultant will make an inventory of all the documents made available to him by the Project Owner and those produced during the mission for the purposes of supervising the work. These documents, which he will have custody of, must be returned at the end of the mission. They should be considered confidential and used as such.

6.2. PERIODIC REPORTING TO THE CLIENT AND ARCHIVING

6.2.1. Periodic reporting to the Contracting Authority

The Project Manager shall draw up and submit at the end of each month, within fifteen (15) days following the previous month, in five copies for the Contracting Authority, a report of the inspection mission including:

- The administrative situation of contracts awarded for works and control, the recording of service orders, litigation;

ARTICLE 7. MONITORING OF SERVICES BY THE ADMINISTRATION

The Project Owner will appoint two agents to monitor the work and activities of the project management. In addition, in order to preserve the technical memory of the project, the Consultant will involve the Client's agents as well as those of SOCADEL in the control mission on a regular basis.

7.1. PROFESSIONAL SECRECY

The Project Manager is bound by professional secrecy during and after his mission.

7.2. RESPONSIBILITIES

The Consultant is responsible for the proper execution of the project. The final approval of all documents by the Owner does not relieve the Owner of any liability for any errors.

7.3. APPROACH, METHODOLOGY AND WORK SEQUENCE

As part of the execution of the project, the Consultant may propose to the PPRD in its offer, methodological approaches for the realization of the services.

7.4. PARTICIPATION

The mission is open to Firms and Technical Design Offices (BET), specialized in these types of services with solid experience in the fields of monitoring and control of the construction works of High, Medium and Low Voltage power lines. The Firms and Technical Consultants concerned by this call for tenders are those pre-qualified after the Notice of Call for Expressions of Interest of February 26, 2026.

7.5. START OF THE MISSION

The Mission will begin as soon as the Government has chosen its BET, signed the contract corresponding to the Mission and issued the Service Order to start the services.

7.6. COLLABORATION AND PARTNERSHIP

The Consultant will have to work in perfect collaboration with all parties involved in the project.

7.7. METHODOLOGY

In general, the Consultant must specify the methodology he proposes to use for the conduct of this Mission. It will specify the progress of the stages to be submitted to the Contracting Authority.

In particular, it will have to make a precise proposal on how it plans to carry out the different stages of the Mission.

The incumbent should provide a complete list of key and support personnel expected to participate in the Mission. Resumes for key personnel, an explanation of their role and estimated time should also be provided.

He will specify the organization and the schedule that he intends to give to his team in terms of coordination.

The means of communication with the Consultant may be:

- The telephone;
- Email;
- Fax;
- The Express Courier;
- Meetings and work meetings.

These exchanges will take place according to a pre-established schedule or on an ad hoc basis depending on the emergency.

7.8. NATURE OF THE DOCUMENTS SUBMITTED

For the services provided, the Consultant will submit the reports written in English (or in French if applicable) in the form of a digital file (Microsoft, Acrobat Reader or equivalent) as well as in the form of reproducible paper.

The Consultant undertakes to collect any observations, provide any addition, remove any reservation that may be made by the Engineer and the Head of the Market Department or possibly the MINEE (State Engineer). The Consultant will submit to the Project Owner within 10 days a new document in paper and digital form incorporating these additions and corrections.

7.9. PARTICIPATION IN WORKING MEETINGS

The Consultant will be invited to participate in the working meetings. The Consultant will be informed of the purpose of the meeting, the participants and any document related to the meeting.

In any case, the Project Owner will ensure that the Consultant is informed at least 05 calendar days before the date of the meeting.

7.10. DURATION OF THE ASSIGNMENT

The maximum execution period provided by the Project Owner for the completion of the work is set at five (05) months.

The Consultant shall indicate in his technical proposal a detailed schedule for the execution of the services in the construction phase of the works and the warranty period.

The Consultant will adapt the provisional schedules of the work. The Consultant shall:

- Adapt the schedule for the execution of control services to the actual deadlines for the execution of the work;
- Regularly review and, if necessary, propose changes to the schedule for the execution of the services to be provided according to the progress of the work, so that the engineering services do not create delays in the progress of the work.

The intervention of the Consultant's staff will begin as soon as the Head of the Market Department notifies the Service Order to start the services. It is defined by the CCAP.

In all cases, the Consultant is asked to be available to respond at any time to the Client's requests, from the beginning to the end of the mission.

7.11. PROPERTY RIGHTS AND PUBLICITY OF THE PROJECT

The Contracting Authority retains full ownership of the services and documents produced by the Consultant, in accordance with the legislative and regulatory provisions on artistic and intellectual property.

7.12. EVALUATION OF THE CONSULTANT'S PERFORMANCE

7.E. Framework schedule of sub details of unit prices

Note relating to the presentation of sub details of prices and taxes

1. A sub detail presents all the stages for the establishment of sales price. Also, it is an important element of assessment of the quality of the proposed price by a bidder.

It is not necessary to impose a model of presentation on all bidders, taking into account the great diversity of software for determining sub-details of prices. On the other hand, it could have the following elements:

- a. Detail of sales coefficient according to the model presented after this note;
 - b. Cost in net price of materials for the service
 - c. Cost in net price of supplies necessary for the service;
 - d. Cost of local and expatriate human resources;
 - e. For each price on the schedule, a form conceived out of points a, b, c and above indicating the outputs leading to unit prices;
 - f. Precise sub details of prices of all-ins for improvements, maintenance of premises and supply of means made available, where necessary;
 - g. Sub-detail of taxes and dues.
2. Framework of presentation of sales coefficient, also known as coefficient of overheads.

DOCUMENT N°. 10: INTEGRITY CHARTER

The bidder must complete and submit the Integrity Charter as part of their offer, duly addressed to the Contracting Authority and signed by the authorised representatives responsible for its execution. In the case of a consortium, all members must subscribe to the charter.

INTEGRITY CHARTER

TITLE OF TENDER:

THE "BIDDER"

To Mr..... the "CONTRACTING AUTHORITY"

1. We acknowledge and certify that neither we nor any member of our consortium or subcontractors are in any of the following situations:

- 1.1) Being subject to or having undergone bankruptcy, judicial liquidation, cessation of business, or any other analogous procedure of the same nature.
- 1.2) Having been convicted within the past five years by a final court ruling for offences related to the awarding or execution of a contract or framework agreement.
- 1.3) Having committed a serious professional misconduct in the last five years in connection with the awarding or execution of a contract or framework agreement.
- 1.4) Failing to meet our social security contributions or tax obligations as prescribed by law.
- 1.5) Being listed under financial sanctions imposed by the United Nations or any other Technical and Financial Partner in connection with the awarding or execution of a contract or framework agreement.
- 1.6) Having provided false declarations in submitting the required information during the tender process.

2. We attest that neither we nor any members of our consortium or subcontractors are in any of the following conflicts of interest:

- 2.1) Having controlling shares in the Contracting Authority or being a subsidiary under its control, unless the conflict has been disclosed and resolved to the satisfaction of the Public Procurement Authority.
- 2.2) Having business or family ties with a member of the Contracting Authority's staff involved in the selection process or the subsequent monitoring of the contract, unless the conflict has been disclosed and duly resolved.
- 2.3) Controlling or being controlled by another tenderer, being under the same corporate control as another tenderer, receiving or awarding direct or indirect subsidies to another tenderer, having the same legal representative as another tenderer, or maintaining direct or indirect communication with another tenderer that would allow access to their respective offers, influence decision-making, or distort competition.
- 2.4) Being engaged in a consultancy role that could prove incompatible with our responsibilities under the Contracting Authority.
- 2.5) Regarding tenders for works, supplies, or framework agreements:
 - i. Preparing or being associated with a consultant involved in drafting specifications, plans, calculations, or other competitive bidding documents.
 - ii. Being or affiliated with a firm hired by the Contracting Authority to supervise or monitor contract execution.

3. If we are a public entity or enterprise, we certify that we possess both legal and financial autonomy and operate under commercial law.

4. We undertake to promptly notify the Contracting Authority, who will inform the Public Procurement Authority, of any changes in our situation regarding points 1 to 3 above.

5. In the process of tendering and executing the contract or framework agreement:

- 5.1) We have not and will not engage in any deceptive practices (acts or omissions) aimed at deliberately misleading others, concealing information, coercing or influencing their consent, circumventing legal or regulatory obligations, or violating internal rules for personal gain.
- 5.2) We have not and will not engage in fraudulent behaviour contrary to our legal or regulatory obligations or violate internal policies for illicit benefit.

5.3) We have not and will not offer, promise, or grant—directly or indirectly—any undue advantage of any kind to (i) any person holding a legislative, executive, administrative, or judicial position within the State, whether appointed or elected, permanent or temporary, remunerated or not, at any hierarchical level; (ii) any person exercising public functions, including those in public organisations or enterprises providing public services; or (iii) any person defined as a public officer, to induce them to perform or refrain from performing an act in their official capacity.

5.4) We have not and will not offer, promise, or grant—directly or indirectly—any undue advantage to anyone managing or working within a private-sector entity to induce them to act contrary to their legal, contractual, or professional obligations.

5.5) We have not and will not engage in any practice that may influence the tender process to the detriment of the Contracting Authority, including any anti-competitive conduct aimed at restricting access to the contract or limiting free market competition.

6. We, along with our consortium members and subcontractors, authorise the Contracting Authority to examine the accounting records relating to the awarding and execution of the contract or framework agreement and submit them for audit by designated officials.
